A College of Distinction

More than 100 years old— and still going strong! George Fox College was founded in 1891 with the mission statement: “The purpose of the college is to offer to young men and young women the benefits of a liberal Christian education. The courses of study are arranged to give that broad culture which should be the possession of every intelligent man and woman. The founders recognized the great importance of religious training, and the work of the classroom is not merely consistent with Christianity, but decidedly Christian in its tendencies.”

After a 1994 visit by a 10-member accreditation review team for the Northwest Association of Schools and Colleges, members wrote in the final report:

*“The team found a rare degree of consistency throughout the institution in understanding and enthusiastic acceptance of the college’s stated mission and objectives. The college’s steadfast adherence to . . . evangelical Christian traditions throughout its varied liberal arts and professional programs clearly lends **DISTINCTION** [my emphasis] to a George Fox education.”*

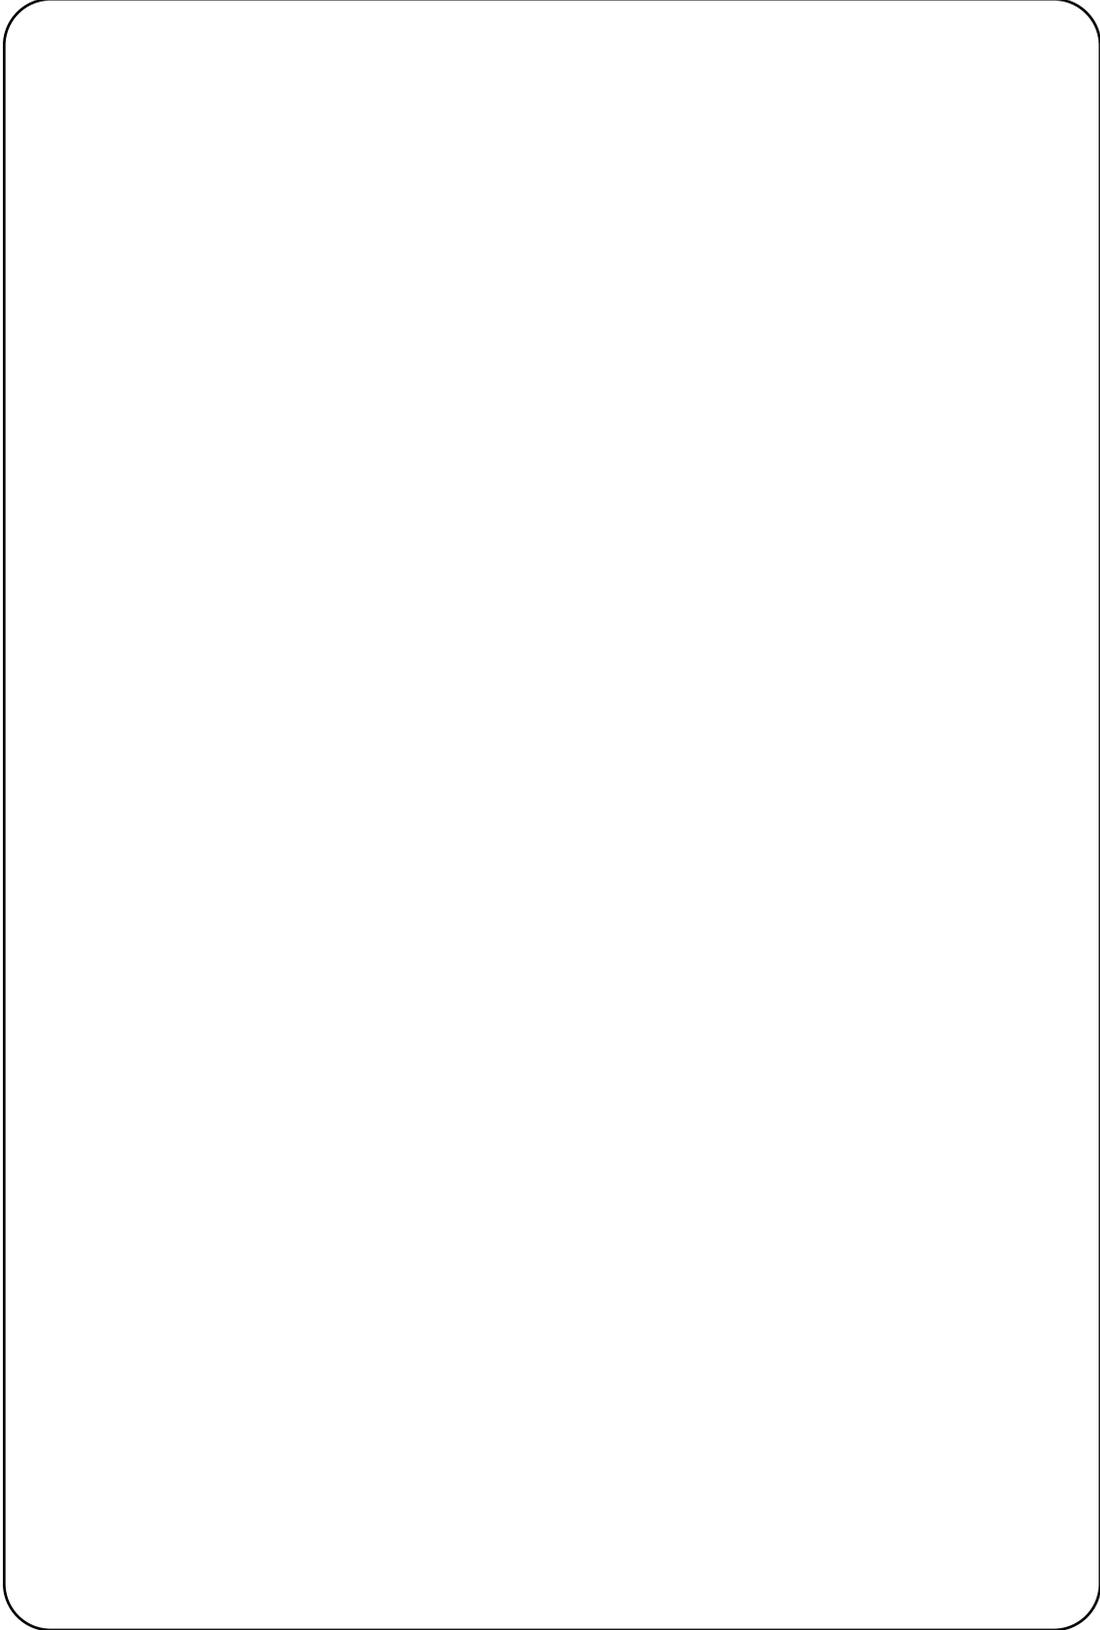

George Fox College has not changed its mission; we are distinctive! We have excellence in faith, in learning, in living, and in developing Christian leadership for the next century.

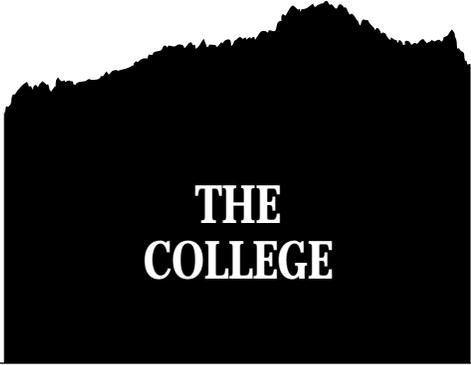

Yes, we have changed in many ways:

*We have grown in enrollment 202 percent in eight years!
We have built new buildings, with the \$5.3 million Edwards-Holman Science Center completed in 1994!
We have added graduate programs and unique new majors!
We are known for distinctive programs such as:
 *Computers Across the Curriculum,
 Writing Across the Curriculum,
 Ethics Across the Curriculum,
 Internationalizing the Curriculum, and
 Juniors Abroad.*
We have a national reputation for excellence— in academics, music, athletics, and character building!
. . . and more!*

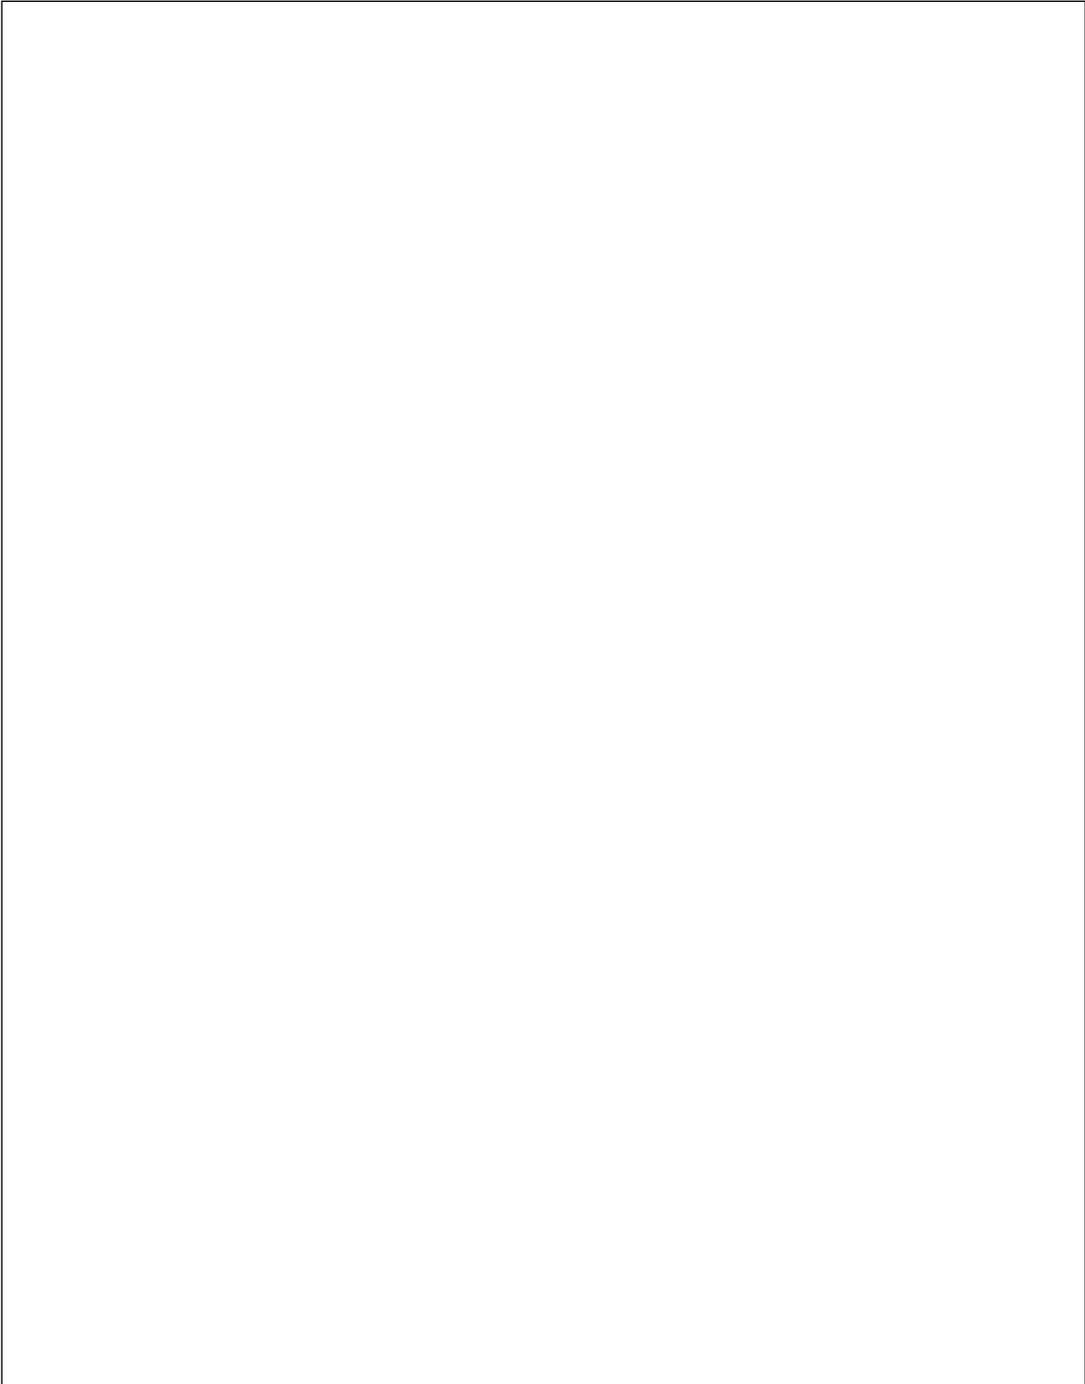

But most importantly, we have faculty who are competent in their fields and committed to the purpose and person of Jesus Christ. They will be your friends, teachers, role models and mentors. If we are right for you, I hope God will direct you to George Fox College.

*Dr. Edward F. Stevens

**THE
COLLEGE**

PURPOSE

MISSION AND OBJECTIVES

The mission of the College from its beginning has been to demonstrate the meaning of Jesus Christ by offering a caring educational community in which each individual may achieve the highest intellectual and personal growth, and by participating responsibly in our world's concerns. The foregoing "mission statement" of George Fox College is detailed in the following institutional objectives:

1. Teach all truth as God's truth, integrating all fields of learning around the person and work of Jesus Christ, bringing the divine revelations through sense, reason and intuition to the confirming test of Scripture.
2. Support academic programs that liberate the student for a life of purpose and fulfillment through an awareness of the resources of knowledge and culture available; maximize career-oriented education through counseling, curriculum, field experience and placement.
3. Maintain a program of varied activities that directs the student to a commitment to Christ as Lord and Savior, encourages attitudes of reverence and devotion toward God, leads to recognition that the revealed commandments of God are the supreme criteria of the good life, enables the student to mirror the example of Christ in human relationships, and develops a greater desire to serve humanity in a spirit of Christian love.
4. Provide a center for Quaker leadership where faculty and students learn the history and Christian doctrines of the Friends movement and make contemporary applications of these insights.
5. Give leadership to evangelical Christianity generally, through scholarly publication, lecturing, and by evangelistic and prophetic proclamation and service.
6. Promote cocurricular activities that will emphasize the development of leadership, initiative and teamwork by giving opportunity to make practical use of the skills and ideas acquired through academic courses.
7. Make itself a community in which studies and activities are made relevant to life, develop insight into social and political issues confronting humanity, and learn to participate democratically in decision making and policy implementing as responsible citizens.
8. Serve as a cultural center for all publics of the College and sponsor programs that are informative and culturally stimulating to the larger college community.
9. Provide distinctive learning opportunities through continuing education programs and through curriculum enhancements such as off-campus centers, study abroad, honors programs, and other special programs and events.
10. Cultivate awareness, respect, understanding and appreciation of cultural diversity throughout the college community to provide members of diverse races and cultures an affirming environment that encourages cross-cultural sharing in the context of Christian lifestyle expectations.

STATEMENT OF FAITH

1. We believe there is one God, eternally existent in three persons – Father, Son, and Holy Spirit.
2. We believe in the deity of our Lord Jesus Christ, in His virgin birth, in His sinless life, in His miracles, in His vicarious and atoning death through His shed blood, in His bodily resurrection, in His ascension to the right hand of the Father as the only mediator between God and man, and in His personal return in power and glory.
3. We believe that for the salvation of lost and sinful man, regeneration by the Holy Spirit is absolutely essential.
4. We believe the Bible to be the only inspired, infallible, authoritative written word of God.
5. We reverently believe that as there is one Lord and one faith, so there is one baptism, whereby all believers are baptized in the one Spirit into the one body.
6. We believe the true supper of the Lord is observed when the believer partakes spiritually and inwardly.
7. We believe in the ministry of the Holy Spirit, who fills and indwells the consecrated believer and enables him or her to live a godly life.
8. We believe all war is utterly incompatible with the plain precepts of our divine Lord and Lawgiver.
9. We believe in the resurrection of both the saved and the lost; they that are saved unto the resurrection of life, and they that are lost unto the resurrection of damnation.

VALUES STATEMENT

The George Fox College community values...

- Following Christ, the Center of Truth
- Honoring the Worth, Dignity and Potential of the Individual
- Developing the Whole Person —Spirit, Mind and Body
- Living and Learning in a Christ-Centered Community
- Pursuing Integrity Over Image
- Achieving Academic Excellence in the Liberal Arts
- Preparing Every Person to Serve Christ in the World
- Preserving Our Friends (Quaker) Heritage

STUDENT OUTCOMES

In any enterprise involving students of varied preparedness, motivation and discipline, there will be differences in outcomes. Education is realistic and idealistic. It reaches beyond the average, the assured, and the guaranteed. College objectives, indeed the entire catalog, may be seen as sincere intention to provide an educational program of high quality. Accountability to students is fulfilled by providing qualified teachers, a community with Christian values, and the historical continuity of a Quaker college. The opportunity for personal growth and development is here, yet student initiative and responsibility are vital. The catalog is not an unconditional contract.

ACCREDITATION AND MEMBERSHIPS

George Fox College is accredited by the Northwest Association of Schools and Colleges and by the Oregon Teacher Standards and Practices Commission for the preparation of teachers in specific fields. It is approved by the United States government and the state of Oregon for the education of veterans, by the United States Attorney General for the admission of alien students, and by the American Association of University Women.

The College is a member of the national Christian College Consortium, the Coalition for Christian Colleges and Universities, the American Council on Education, the Association of American Colleges, the College Scholarship Service, the Council of Independent Colleges, the American Association for Higher Education, the Friends Association for Higher Education, the National Association of Evangelicals, the National Association of Independent Colleges and Universities, the National Association of Intercollegiate Athletics, the National Association of Schools of Music, the Evangelical Teacher Training Association, the Northwest Association of Private College and University Libraries, the Oregon Independent Colleges Association, and the Oregon Independent College Foundation.

The other 12 members of the Christian College Consortium are Asbury College, Wilmore, Kentucky; Bethel College, St. Paul, Minnesota; Gordon College, Wenham, Massachusetts; Greenville College, Greenville, Illinois; Houghton College, Houghton, New York; Malone College, Canton, Ohio; Messiah College, Grantham, Pennsylvania; Seattle Pacific University, Seattle, Washington; Taylor University, Upland, Indiana; Trinity College, Deerfield, Illinois; Westmont College, Santa Barbara, California; and Wheaton College, Wheaton, Illinois.

The Coalition for Christian Colleges and Universities, an organization based in Washington, D.C., was founded in 1976. Each of the 85 member institutions is committed to academic excellence and to the integration of faith, learning and living. The coalition, comprised of four-year liberal arts colleges with full regional accreditation, provides a medium for strengthening and unifying this important sector of private higher education.

PLACE

George Fox College's "place" is Oregon, the lower Willamette Valley, Newberg, and a 74-acre tree-shaded campus on a wooded ravine in a residential neighborhood. This place offers a variety to meet most interests: a friendly community close (23 miles) to a major metropolitan environment of 1.5 million people, located in the beauty of the Pacific Northwest, with nearby mountain ranges for skiing and easy access to rugged coastal beaches just an hour away.

Oregon – 96,981 square miles of variety – stretches from the Pacific Coast, over the Coast Range, through the fertile Willamette Valley, past the snowcapped Cascades, and into the high desert country of central and eastern Oregon. More than half of the student body call Oregon home. Others come to school in Oregon and decide to make it their new home – despite the fabled rain. Yes, there is rain, and sometimes it falls hard in the valley between the mountain ranges where George Fox College is located. But it is the rain that makes Oregon green and gives it natural beauty. Umbrellas and raincoats do come in handy during the winter months, but when the sun comes out, Oregon is spectacular and it's worth the wait. Just ask the visitors who make tourism the state's third largest industry, following agriculture and high-tech business.

Just a half-hour drive from the campus, metropolitan Portland is George Fox's big-city neighbor. Oregon's largest

city, Portland offers students (and faculty) its Old Town district, a downtown transit mall, the Tom McCall Waterfront Park, the Portlandia statue, art museum, galleries, a symphony, chamber music ensemble, theater groups, historical society, zoological garden, and a museum of science and industry. And George Fox students can join in the enthusiasm of cheering for the Portland Trail Blazers basketball team and the Winter Hawks ice hockey squad.

Despite the numerous Portland advantages, many students prefer the small-town flavor of Newberg. Located on the Willamette River, Newberg has a population of 14,700, with many residents living in Newberg by choice and commuting to Portland for their jobs. "Downtown" Newberg is a single wide street with a variety of stores, shops and services. Friendly merchants who appreciate the college students are just a few blocks south of the campus, with most businesses within walking distance. It's a personable town, rich in tradition

– former President Herbert Hoover once lived here.

This community has a mean daily high temperature in July of 83°F and a mean daily low in January of 32°F. Typically, there are 19 days a year with temperatures above 90 degrees and 66 days a year with temperatures below freezing. Precipitation averages 42 inches a year, with nine inches of snow.

OUR HERITAGE

More than a century ago, early Oregon Quaker pioneers helped settle the rich and fruitful Chehalem Valley of Oregon. One of their first priorities, along with the founding of their church, was the education of their children. In 1885 the Christian instruction of their offspring was assured with the establishment of Pacific Friends Academy. At the same time, founding pioneers were looking ahead with a dream of a college to provide further and more advanced education. That time came September 9, 1891, with the opening of the doors of Pacific College. Fifteen students were counted on opening day.

In the century since its founding, there have been major changes, of course, including the name of the College itself, changed in 1949 because of the many "Pacific" colleges, and now retitled in honor of the founder of the Friends Church.

From only a handful of courses in the 1890s, the College now offers 33 undergraduate majors and more than 600 courses in 15 departments. In all, approximately 6,500 students over the years have called this College their alma mater.

George Fox College has grown rapidly in the last two decades—both in reputation and facilities. Six times in the last six years, U.S. News & World Report magazine has ranked George Fox College in the top three (second in 1994) in academic reputation among Western regional liberal arts colleges in the 15 states from Texas to Hawaii. National recognition also has come from the John Templeton Foundation, which has named George Fox five times to its Honor Roll for Character Building Colleges, the only Oregon college selected. The foundation also has selected the College to its Honor Roll for Free Enterprise Teaching.

Following a campus master plan, George Fox has expanded to 74 acres in recent years, with 12 new buildings constructed at a total investment of more than \$20 million. A \$16 million Centennial Campaign has funded a new science building and restoration of Wood-Mar Auditorium, opened in 1995. Students come to George Fox from across the nation to participate in the experience of sharing faith and learning with dedicated faculty and administrators. They live, study, work and play in buildings that range from those with historic significance to some of the most modern anywhere. The College is committed to a residential campus atmosphere where learning continues outside the classroom, as well as inside, through a variety of experiences, including music, athletics, clubs and organizations, special events, and spiritual emphasis.

The Christian atmosphere is a campus priority. With other Christians, the College holds to the historic truths and teachings of Christianity, as outlined in the "Statement of Faith" printed on page 4. From its founding, the College has been guided by Northwest Yearly Meeting of Friends Church, which also is committed to the official Statement of Faith and which historically has emphasized the necessity of a genuinely experiential

Christian faith, personal integrity and purity, the spiritual nature of the ordinances, the importance of peacemaking and responsible social action, the involvement of women in ministry and leadership, the valuing of simplicity, and the right and duty of each person to hear and follow God's call.

George Fox College has more Friends students on campus than any other college in the United States: They represent approximately 10 percent of the student body. Altogether, more than 40 denominations are represented on campus. Denominations with a significant enrollment include the Evangelical Church of North America, Free Methodist, Nazarene, Presbyterian, Disciples of Christ, Mennonite, United Methodist, Assemblies of God, Christian & Missionary Alliance, Catholic, Lutheran, American Baptist, Conservative Baptist, Church of God, and Foursquare.

CAMPUS FACILITIES

Bounded on three sides by a residential area, the George Fox campus borders Hess Creek, with a natural setting that is being preserved with its tall trees, ferns, and wildflowers. The spacious campus has been developed in recent years according to a master plan that features a campus academic quadrangle; a recreational section with sports center, track complex, and athletic fields; and a living area with major residence halls. The facilities include:

Barclay House, at 1313 East North Street on the east side of campus, was purchased in 1994. It houses 16 men.

The **William and Mary Bauman Chapel/Auditorium**, opened in the fall of 1982 as the final phase of the Milo C. Ross Center, seats 1,150 persons in a facility that is among the finest in the Northwest. Rotating art exhibits appear in the large corridor-gallery.

Beals House, located at 1109 Hancock Street, was purchased in 1992. It houses seven men.

Richard H. Beebe Residence Hall, opened in 1991, is the third unit of a three-building midorm complex in the Hess Creek greenway. It houses 40 students in two-room suites, with women on the first two floors and men on the third. It also contains the east campus student post office.

Brougher Hall, erected in 1947 and remodeled and enlarged in 1959 and 1961, contains art classrooms and the John Brougher Museum.

Business and Economics Division Offices are located in a former residence converted to offices in 1991.

Calder Center, built in 1964, is the combination of three hexagon modules providing classrooms, offices for the Family and Consumer Sciences Department and a lecture hall that seats 165 persons.

The **Campbell House**, purchased in 1995, is located at 612 N. Meridian Street. It houses six students.

Carey Residence Hall, built in 1980, provides alternate-floor housing for 32 men and women in eight suites. It is the first unit of a three-building minidorm complex situated in the Hess Creek greenway.

The **Centennial Tower**, constructed in 1990 to launch George Fox College's Centennial year celebration, was designed by noted architect Pietro Belluschi to be the campus focus and centerpiece. This 65-foot-tall structure at the campus center features carillon, four clocks, and the College's original bell.

Colcord Memorial Field contains a field and polyurethane track resurfaced in the fall of 1993.

The **Cole House**, located at the corner of Sheridan and Meridian streets, is the former residence of Frank and Genevieve Cole – alumni, past employees and longtime volunteers of GFC. The College purchased their home in 1991 and remodeled it into a residence for 10 women.

The **Computer Store**, opened in 1991, is the campus center for computer hardware and software purchases, accessories, equipment repair and upgrade, the help desk for direct assistance, and the hot line for telephone assistance.

Edwards Residence Hall was constructed in 1964 and renovated in 1995. Overlooking Hess Canyon, it is a residence for men and women with alternate-floor housing for 109 students.

Edwards-Holman Science Center, opened in 1994, houses the Department of Biology and Chemistry and the Department of Mathematics, Computer and Engineering. The building has a lecture hall, five classrooms, 16 laboratories and 13 offices. An atrium connects it with Wood-Mar Hall.

Fell House, purchased in 1994, is at 215 North River Street. It has capacity for 16 men.

Fry House, at the corner of Sheridan Street and Carlton Way, was purchased in 1992. It is the home for a residence director.

Gulley House, near the intersection of Sheridan Street and Carlton Way, was purchased in 1992. It houses 10 women.

Heacock Commons, built in 1964-65, enlarged in 1979, and renovated and expanded in 1994, contains the Esther Klages Dining Room, the Bruin Den, the Cap and Gown Rooms, and the Executive Dining Room.

The **Herbert Hoover Academic Building** built in 1976-77, houses the Kershner Center for business and economics as well as a large lecture facility, classrooms, social science faculty offices, and the administrative offices of financial aid and registration.

Hester House, at 212 River Street, was purchased in 1992. It houses six men.

The **Hobson-Macy-Sutton Residence Hall** complex, completed in 1977, is the largest residence facility on campus, housing a total of 250 students. A central lobby is shared by the three buildings. The buildings are connected by outside walkways and an underground tunnel.

Hoskins House, purchased in 1993, houses 10 women. It is located at 214 River Street.

The **Humanities House** is located in a former residence converted to offices in 1992. In addition to the offices of faculty members in history, political science, communication arts and languages, the facility houses the Center for Peace Studies, with office and library/conference room.

The **International Student Center**, opened in 1990, is located in a remodeled former residence on Meridian and Sherman streets. This building houses the English Language Institute, with classrooms, faculty offices and a lounge/reception area.

Kelsey House, purchased in 1992, houses nine men. It is located at 1110 Sheridan Street.

The **Kershner House**, purchased in 1970 and remodeled in 1979, is a residence unit for nine men.

Lewis Apartments provide housing for 56 upper-division students in a total of 16 units.

McGrew House, located at Hancock Street and Carlton Way, houses nine women. It was purchased in 1992.

Meridian Street House, at 206 N. Meridian Street, houses 12 students. It was purchased in 1995.

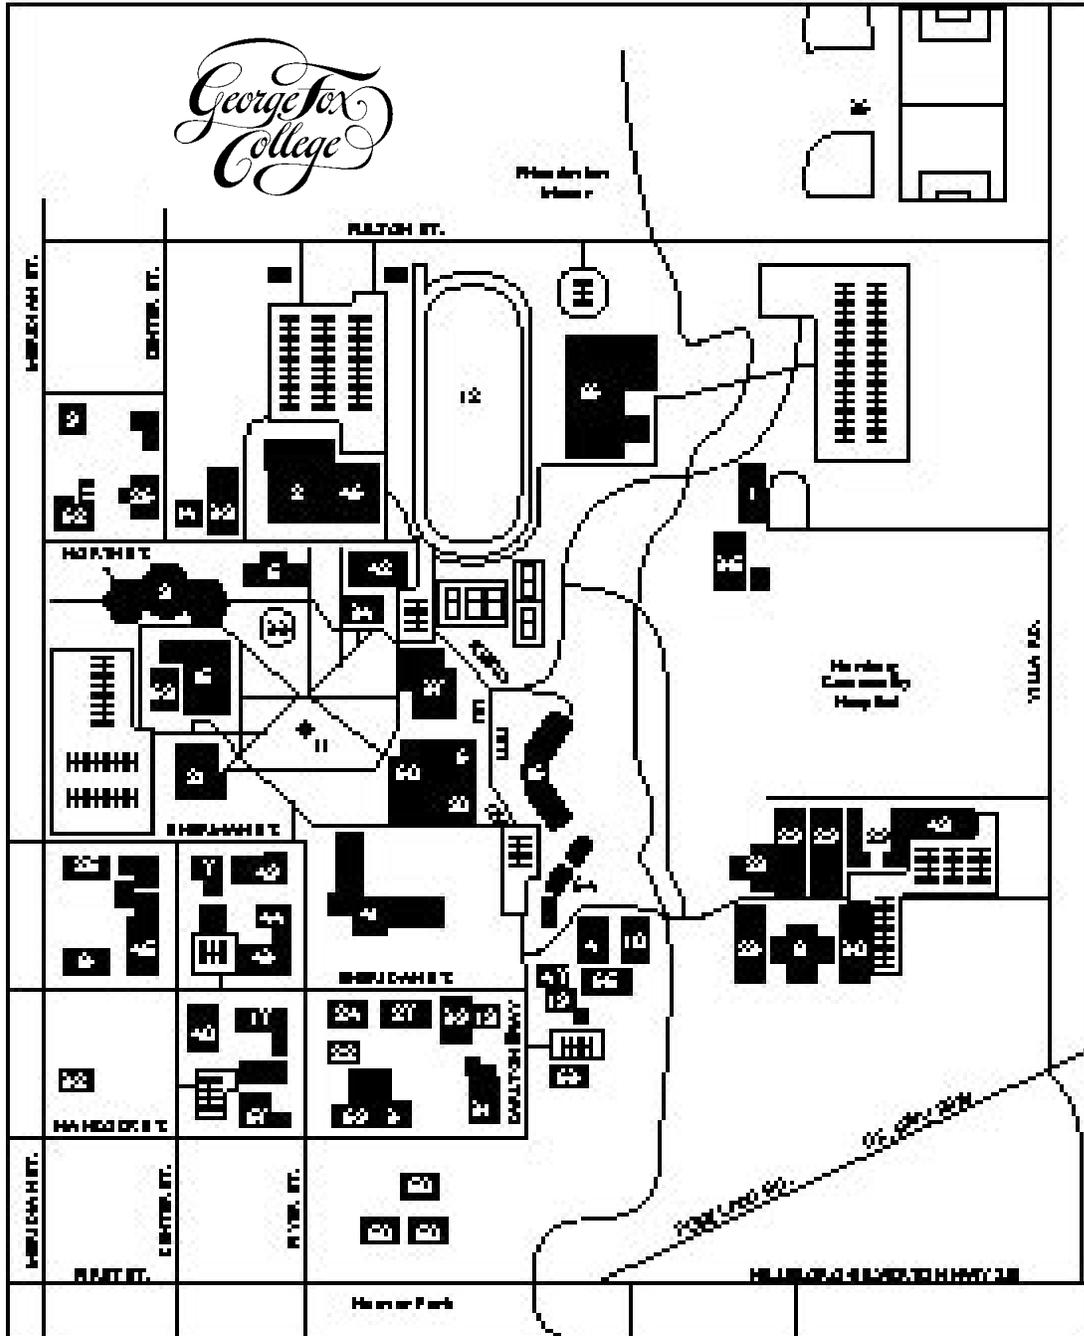

The **Virginia Millage Memorial Rose Garden** has 224 plants of 43 varieties in 24 beds. The 72-foot-diameter circular garden was created in 1992, honoring a GFC alumna and volunteer leader.

Minthorn Hall, constructed in 1886, is the only first-generation building still in use. Remodeled and refurbished in 1962, 1989 and 1992, it houses faculty offices for teacher education and literature; two classrooms; the Campus Ministries Office; and the Department of Graduate and Continuing Studies.

The **Curtis and Margaret Morse Athletic Fields**, dedicated in 1989, contain a baseball diamond, softball field, soccer field, and practice areas.

The **Munn House**, acquired in 1994, houses six men. It is on the east side of Hess Creek Canyon on East North Street.

The **M. J. Murdock Learning Resource Center**, completed in the fall of 1988, houses 110,000 volumes on three floors. Its

The Instructional Media Center on the lower level includes computer and audiovisual laboratories, a recording studio, darkroom, and study skills center.

Newlin Apartments, located on North Street, are four units available for use by 16 upper-division students.

Parker House, a one-story duplex, was purchased in 1992. Located across from Pennington Hall parking area, it houses eight students.

Pennington House contains the Admissions Office, both graduate and undergraduate. Purchased in 1993, the longtime home of former college president Levi Pennington was built in 1899 at the southeast corner of Sheridan and Center streets.

Pennington Residence Hall, built in 1962 and renovated in 1994, is a residence hall for 102 students and a head resident's apartment, with alternate-wing housing for men and women.

The **Plant Services Building** opened in 1967 and expanded in 1979, contains work areas and offices for custodial, maintenance and grounds personnel.

The **President's/Development Offices**, opened in 1991, are a remodeled residence at Sheridan and River streets, redesigned as the administrative center for the Office of the President, Development, Alumni Relations and College Relations. It also contains the Alumni Lounge.

The **River Street House**, a two-story residence across the street from Pennington Residence Hall, is the home of GFC's Director of Residence Life and Housing. It was purchased in 1991.

The **Milo C. Ross Center**, opened in 1978, houses the Religious Studies and Music departments, including classrooms, studios, practice rooms, music listening labs and faculty offices. The William and Mary Bauman Chapel/Auditorium, seating 1,150, was added in 1982.

The **Schaad House**, a two-story residence at the corner of Sherman and Center streets, was acquired in 1983. It houses seven students.

The **Security Office**, located at the east end of Sheridan Street at Carlton Way, is the headquarters for GFC's security personnel.

Sherman Arms Apartments, located on east Sherman Street, consist of five units for GFC students with families.

Sherman Street House, purchased in 1991, is a duplex that provides accommodations for 10 students.

The **Student Union Building** built in 1958 and enlarged in 1968 and 1979, includes student government offices, the Bookstore (renovated in 1994), student post office and a recreation room.

Tennis Courts are located on the edge of Hess Creek canyon near Colcord Field. The five courts were constructed in 1994.

Tilikum Retreat Center, located on 92 acres in the Chehalem Valley just eight miles from campus, is a retreat, camping and educational center. Students, church groups, families and community organizations enjoy 77 acres of woods and meadows, a 15-acre lake, an overnight retreat center, a lakeside recreation building, and a restored one-room schoolhouse. Through these facilities, the College has developed a curriculum in Christian camping and recreation.

The **Video Communication Center**, completed in 1979, houses a television production studio, as well as offices and supporting facilities.

The **Weesner House**, on Carlton Way, accommodates 12 women in a two-story residence constructed in 1924 and completely renovated in 1980.

Weesner Village consists of 12 apartments designed for use by 48 upper-division students.

The **Coleman Wheeler Sports Center**, completed in 1977, is the College's largest building. It contains the James and Lila Miller Gymnasium, featuring three basketball courts and seating for 2,500 people. The center also contains activity and weight rooms, handball/racquetball courts, physical education classrooms, and faculty offices.

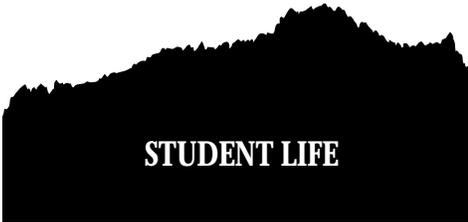

Jack L. Willcuts Residence Hall, opened in 1990, is the second unit of a three-building minidorm complex in the Hess Creek greenway. It houses 40 students in two-room suites, men on the top floor, women on the two lower floors.

Winters Apartments, located on River Street, consist of 10 units for use by 40 GFC students.

Wood-Mar Hall, opened in 1911, contains the duplicating shop, the main campus post office, computer facilities, and the administrative offices of academic affairs, financial affairs and student life. Wood-Mar Auditorium, seating 257, was created in 1995 on the third floor.

Woodward House, at the northeast corner of River and Hancock streets, was purchased in 1993, giving the campus the home of one of the founders of George Fox College. The original house, to be renovated, will have offices for the campus Wellness Resource Center and the Center for Personal Counseling and Development.

Woolman Apartments consist of 14 units with capacity for 48 students. Located at 1114 East Hancock Street, they were acquired and renovated in 1994.

STUDENT LIFE

STUDENT ACTIVITIES AND ORGANIZATIONS

Student organizations provide opportunity for the development of leadership qualities and interpersonal relationships. These are designed to supplement classroom work with practical experience and to provide wholesome and profitable recreation. Many activities are available, including campus government, athletics, music, drama, publications, social and religious organizations, and various special interest groups. Students are encouraged to participate in areas of their interest.

ALPHA CHI

Alpha Chi is a national honor society whose purpose is to promote academic excellence and exemplary character among college and university students and to honor those who achieve such distinction. Only those juniors and seniors in the top 10 percent of their class, based on grade point averages, receive membership invitations. Members of the GFC chapter sponsor academic forums on campus and send representatives to Alpha Chi's national convention, which features scholarly presentations by student members.

ATHLETICS

George Fox College has excelled in athletics during recent years. Intercollegiate sports for men include soccer, cross country, basketball, baseball, tennis, and track and field. Women's intercollegiate sports include soccer, cross country, volleyball, basketball, softball, tennis, and track and field. The College also has an intramural program.

Both men's and women's intercollegiate athletics function under the guidelines of the National Association of Intercollegiate Athletics (NAIA) and the National Collegiate Athletic Association (NCAA) - Division III.

The basic aims of the intercollegiate athletic program are as follows:

1. To provide a well-rounded schedule of intercollegiate athletic competition for men and women in sports designed to encourage participation by a segment of the student body and that complements and is consistent with the educational goals of the institution.
2. To encourage physical fitness and the development of physical skills and emotional control; to foster good sportsmanship, school spirit, and loyalty for both participant and spectator; and to present opportunities to participate at a high level of competition.

3. To provide an opportunity for the student body to witness and enjoy good intercollegiate athletic competition.
4. To offer the student body a rallying point and to develop student esprit de corps.
5. To provide a vehicle by which George Fox College may be projected to various communities and the media.

GOVERNMENT

The Associated Student Community of George Fox College (ASCGFC) is an organization of all undergraduate students with the purpose of serving as a unifying force for the College community and providing opportunities for the enrichment of members' lives.

MEDIA

Publications include a newspaper, *The Crescent*, the yearbook, *L'Ami*, and *Wineskin*, the literary publication. Editors direct their staffs in the selection and preparation of materials for these publications. The student radio station, KFOX, broadcasts campus news and music in a contemporary Christian format.

MUSIC

Music activities are available to students with varied musical talents. Public performances are presented by the Festival Chorus, the Concert Choir, the Chehalem Chorale, Dayspring, the Chapel Choir, the Concert Band, the Chehalem Symphony Orchestra, the Jazz Ensemble, the Handbell Ringers, Ye Olde Royal Feaste, and music theatre.

GFC's student chapter of the Music Educators National Conference provides a bond between students in music education and members of the professional organization. Students receive the *Oregon Music Educator*. Members may attend meetings of this professional educators organization. The club also sponsors speakers on new developments in the music education field.

SCHEDULING OF ACTIVITIES

All social and college activities arranged by departments, campus clubs, or groups of students are scheduled through the Office of College Relations.

SIGMA ZETA (SCIENCE)

Sigma Zeta is a national honorary society for declared natural science and math majors who have completed 15 credits in math or science, earning at least a 3.0 grade point average. Its purpose is to expose students to aspects of professional life prior

to graduation through involvement in local chapter activities, research, conventions, and research dissertation presentations.

SOCIAL EVENTS

The academic year at GFC is highlighted by a variety of social functions. Homecoming is one of the major campus events of the year, when the entire college community hosts returning alumni. Various other activities occur throughout the year. The ASCGFC Activities Committee provides one activity every week.

THEATRE

Theatre, part of the Fine Arts Department, presents two major dramas and a music theatre production each year, as well as student-directed short plays and informal course-related performances. Augmenting the on-campus theatre program is the GFC Players, the College's touring drama group, which presents improvisational theatre throughout the Northwest at churches, prisons, camps, retreats, schools and marketplaces.

CHAPEL AND CAMPUS MINISTRIES

Chapel provides a source of spiritual direction and instruction. Musical programs, outstanding speakers, and faculty and student participation continue to produce meaningful, informative, challenging chapel services and convocations. Chapel is held two times a week, and a standard of attendance is required of all full-time undergraduate students. Attendance is registered and an attendance roll is maintained. Chapel is not designed to duplicate or replace the ministry of the local church. Rather, it is a unique part of George Fox as a faith-affirming college, a place where equipping and encouraging occurs.

Students with inadequate chapel attendance records run the same risks as students who have educational deficiencies in their classroom performance. So, just as a sufficiently low grade point average will lead to the suspension of the student from the College, so, too, a sufficiently low chapel attendance record may result in the suspension of the student from a major extracurricular activity or from the College itself.

The churches of the community maintain a variety of worship and ministry programs for college youth. Students are welcome to their services and fellowships, and opportunity for participation and student membership is provided. Regular church involvement is desired and strongly encouraged of all students.

The Campus Pastor, the Director of Outreach and Discipleship, the Christian Services Director, and the Student Chaplain direct worship and ministry activities on the campus and provide varied opportunities for every student who desires to move beyond being a "hearer" of the Word of God to becoming a "doer." The office sponsors Green Room, two weeks of Christian emphasis each year, an annual missions conference, and many prayer meetings, serve trips, and small group Bible studies.

Both on-campus and off-campus Christian ministry and service are encouraged as a means of exercising the spiritual gifts and abilities of students. Anyone representing the College in a specific ministry must be authorized to do so by the college administration.

STANDARDS OF CONDUCT

By accepting admission to the College, students agree to respect the expectations and appointed leadership of the institution. All expectations are designed to allow the fullest liberty consistent

with efficient work, while at the same time promoting the welfare of the entire campus community.

The College admits students with the understanding that they will comply with these expectations in every respect and conduct themselves as responsible citizens. All students are expected to maintain normal standards of behavior, which include conforming to state and local laws.

Any student whose behavior is dishonest, destructive, unethical or immoral, or whose conduct is detrimental to the total welfare of the community, shall be subject to disciplinary action that may result in suspension or dismissal.

In accordance with Christian convictions honoring the body as the temple of the Holy Spirit, the college community accepts a lifestyle that forbids immoral sexual behavior and the use, possession or distribution of alcohol, tobacco or illegal drugs. Obscene or pornographic articles or literature and gambling also are unacceptable. These lifestyle expectations are for both on and off campus.

Social dances are not permitted on the campus nor sponsored elsewhere by the College, campus organizations or students. Square dancing mixers are included in the student activities program. Acceptable forms of expression in the academic programs may include choreography in drama, musical productions, ethnic activities or athletic events.

LIVING ARRANGEMENTS

HOUSING POLICIES

George Fox is a residential college. Approximately 70 percent of the student body live in campus housing. It is the belief of the College that the students' academic and social goals are more easily attained when pursued in attractive surroundings.

Interpersonal relationships experienced in residence halls, residence apartments, and residence houses are strong factors in producing positive personal development. The policies and procedures governing residence housing are an outgrowth of the basic values of George Fox College.

All unmarried full-time undergraduate students under the age of 23 after September 1 of the academic year are required to live in College-owned housing. Exceptions are given to students who live with a parent or legal guardian and to students who have completed three years of college work.

Specified hours have been established for co-ed visitation. Additional residential housing details are included in the Student Handbook provided for each student.

Eight modern residence halls house 550 students. Pennington Residence Hall, with a capacity of 102, has one wing for men and one for women students. Edwards Residence Hall, a residence for 106, also has one wing for men and one for women. The Hobson-Macy-Sutton Residence Hall complex houses 222 students in three-floor buildings. Macy Residence Hall and

Hobson Residence Hall are for women, while Sutton Residence Hall houses men only. Carey Residence Hall houses 32 men and women in eight suites on two floors, the top floor for women, the bottom floor for men. Willcuts Residence Hall houses 40 men and women in 10 suites on three floors. The top floor is for men, the bottom two floors for women. Beebe Residence Hall is the newest residence hall and is set up the same as Willcuts Residence Hall. Campus housing also includes five apartment complexes and 15 houses for upperclassmen. There are approximately 880 students living on campus. Housing administration is handled by the Associate Dean/Director of Residence Life and the Housing Coordinator, who are located in the Student Life Office.

Residence housing is furnished with beds, mattresses and other essential furnishings. Students are expected to provide their own bedding, towels, etc. All belongings should be marked clearly for identification. Coin-operated laundry facilities are provided for each residence.

New students will be mailed a housing preference form after they pay their tuition deposit to the Admissions Office.

Occupants of residence housing are held responsible for damage to their unit and furnishings. Cost of damage or cleaning beyond normal wear, unless such damage has been identified with an individual, will be charged on a prorated basis among the occupants of the unit. A final inspection by the Resident Assistant of each residence housing unit must be made before a student may leave at the end of the academic year or withdraw from the College. Final checkout from a residence housing unit is complete only with this inspection and after the key is turned in. Failure to follow the checkout procedure will result in a \$35 fine.

FOOD SERVICES

With the exception of seniors living in College-owned apartments, resident students are required to eat on the College board plan in Heacock Commons. The College offers an "open dining" plan for all students eating in Heacock. The hours for the "open dining" are 7:15 a.m. to 7:15 p.m. on Mondays through Fridays; 10 a.m. to 2 p.m. and 4 to 7 p.m. on Saturdays and Sundays. A charge is made for guests. Commuting students may obtain meal tickets through the food services office. Commuting students also may purchase the full meal plan and must indicate their intent to do so at the time of registration.

Food service begins during Freshman Orientation in the fall semester and ends on the last Saturday of the semester. Service begins again the Sunday evening prior to spring semester and concludes on the last Saturday of the semester, with the exception of spring vacation. The food service will not operate during this time.

Students may petition the Associate Dean/Director of Residence Life for the possibility of having the food service requirement

waived. Only in exceptional circumstances will such petitions be granted. All petitions are due no later than 5 p.m. on the Friday of the third week of the semester.

MOTOR VEHICLES

The ownership or possession of automobiles or other motorized vehicles by students is permitted. Students are advised to maintain appropriate insurance coverage on such vehicles. Any student who is registered and attending classes, whether full or part time, must have his or her motor vehicle registered with the Security Office and pay a non-refundable parking fee. Failure to do so will result in fines.

STUDENT SERVICES

STUDENT LIFE OFFICE

This office, located in Wood-Mar Hall, is responsible for the organization and programming of residence housing, new student orientation, counseling, student government, health services, career services, student activities, and campus ministries. This office also offers individual attention to problems arising among students. Students are encouraged to contact this office whenever they are concerned about aspects of college life not specifically related to curricular programs. The Vice President for Student Life coordinates these services and programs.

CAREER SERVICES OFFICE

This office, located in Wood-Mar Hall, is the center for career and postgraduate planning. This covers selecting a major to finding employment or attending graduate school. Resources include career courses, testing, counseling, special events, job search skill training, and a library with occupational, graduate school and company information. Permanent, summer, and internship jobs are posted daily, with a weekly job bulletin published as well. Comprehensive computer guidance, the Alumni Career Resource Network, the Oregon Liberal Arts Placement Consortium Jobs Fair, and the JobTrak on-line job listing service are special features. Staff includes the director, assistant, secretary and intern.

FINANCIAL AID OFFICE

This office in Hoover Academic Building coordinates student employment; awards of scholarships, grants and loans; and other forms of financial assistance.

HEALTH SERVICES

General medical and counseling health services are located in the Pennington Residence Hall. Diagnosis and treatment for minor illnesses and injuries, immunizations, allergy injections, referrals to local physicians, and health education are available. A registered nurse is available throughout the school day for out-patient care.

The counseling staff consists of the director and several master's-level counseling or psychology practicum students. Individual counseling with a focus on using short-term techniques is provided for students who wish to discuss a wide variety of personal concerns. Sessions are normally planned weekly and usually last about one hour. Group therapy, marriage and premarital counseling, outreach seminars, crisis intervention, testing and referral also are available. Counseling sessions are by appointment only.

Counseling and health care are provided at no cost for professional services. Nominal fees are charged for psychological assessment and medical supplies. Health accident insurance is required of all students. Students must verify adequate insurance coverage elsewhere or be enrolled in the Student Medical Insurance Group Plan at the time of registration. Each student must have a completed Health History and Immunization Record on file in the health services. The state of Oregon requires every student born after December 1956 to have proof of a second measles immunization. All records in the health services are confidential (for students 18 and over).

INTERNATIONAL STUDENT ADVISOR

The International Student Advisor helps facilitate the meeting of diverse cultures in the George Fox College community, serving as the advisor for international students. The College recognizes that international students bring with them unique needs as well as welcomed contributions. The advisor seeks to help students adjust to their new home and to help the campus community develop an empathy for their needs. The advisor also encourages their participation in the academic and social life of the College and in the exploration of the surrounding American culture. The advisor is the international student's friend and advocate on and off campus before, during and after the College's academic sessions.

STUDENT LEADERSHIP DIRECTOR

The Director of Student Leadership advises student government, student activities, class officers, clubs and all GFC student publications. The director functions as a resource person for the students and coordinates training for the various leadership positions. Students are encouraged to participate in one of the many leadership opportunities on campus.

ACADEMIC PROGRAMS AND SERVICES

COURSE CHALLENGE PROGRAMS

Students may reduce the number of required courses and add flexibility to their undergraduate years by one or more of the following programs.

ADVANCED PLACEMENT

College credit may be granted in several subject areas to the student who completes a college-level course in high school and receives a score of three or better through the Advanced Placement Program sponsored by the College Entrance Examination Board. Students expecting advanced placement credit should request, at the time the test is taken, that scores be sent to George Fox College.

INTERNATIONAL BACCALAUREATE (IB)

College credit may be granted in several subject areas to students who complete college-level work through the International Baccalaureate program. A minimum score of 5 is required on High Level examinations for credit consideration. Students must provide the Registrar's Office with a copy of the International Baccalaureate transcript to receive consideration. Credits awarded as a result of International Baccalaureate documentation will be accepted as transfer credit.

COLLEGE LEVEL EXAMINATION PROGRAM

The Educational Testing Service of the College Board provides nationally recognized standardized testing through which college credit may be earned or course proficiency verified. This is the College Level Examination Program (CLEP).

Testing through the CLEP General Examinations is designed to verify competency in general education. Tests may be taken in five areas for a maximum of 32 semester hours of credit.

(General examinations are to be taken prior to the completion of the first semester of enrollment at George Fox College.) It is recommended that the English Composition examination with essay be taken in June prior to college enrollment.

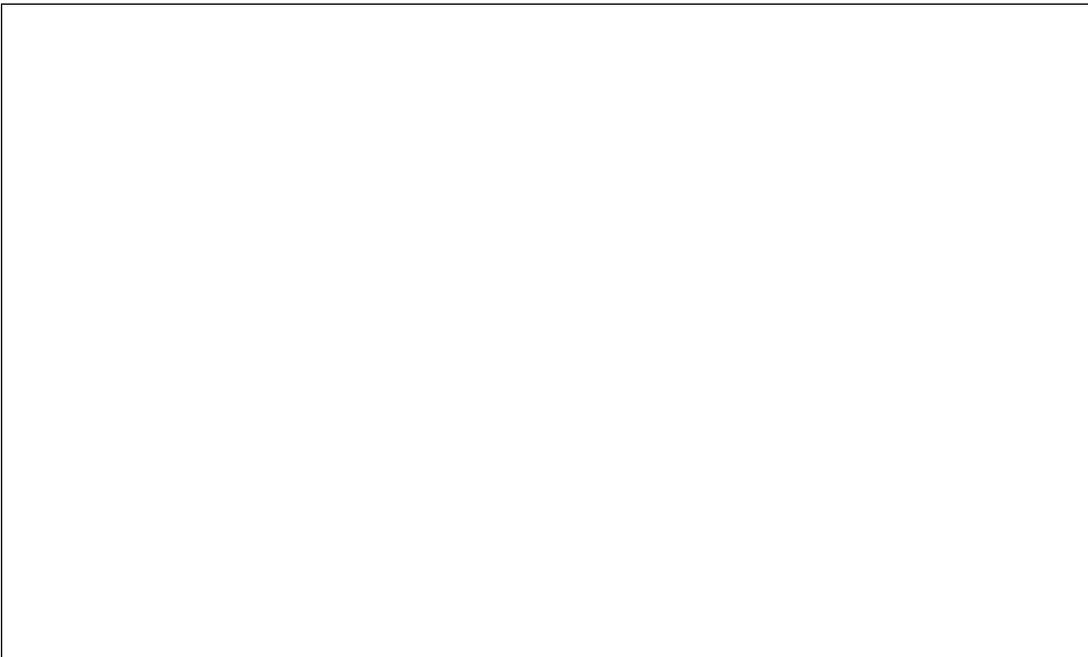

Testing through the CLEP Subject Examinations provides verification of competency in selected academic fields such as foreign language, mathematics, etc. These may be taken at any time and assume that competency has been gained in nonclassroom settings. See the Registrar for details and test applications. The tests are administered by the Registrar, as authorized by the College Entrance Examination Board, which sponsors the examinations.

CREDIT BY EXAMINATION

Courses offered at George Fox College for which CLEP testing is not available may be challenged by examination. There is a test fee of \$40 per examination. See the Registrar for details.

PROFICIENCY TEST

A student may fulfill general education and some program requirements or become eligible for registration in advanced courses by passing a proficiency test for the area involved. No fee is charged for proficiency testing and credit is not granted. Typical academic areas for which proficiency tests are available are languages, music, Bible, and physical education activity courses.

A student from a non-English-speaking nation may fulfill the language requirement by demonstrating proficiency in the English language.

FACILITIES

MURDOCK LEARNING RESOURCE CENTER (LIBRARY)

The M. J. Murdock Learning Resource Center is a three-story building serving the George Fox College community from a central campus location. A major expansion project, completed in the fall of 1988, doubled the size of the former library to more than 35,000 square feet. The library collection has more than 110,000 volumes and receives more than 800 periodicals and newspapers.

The library's public catalog was automated in January of 1995. The catalog also provides "gateway" access to numerous other academic libraries. As a member of the Online Computer Library Center (OCLC), the library has direct access to a database of more than 30 million bibliographic records that represent the holdings of thousands of member libraries in the region and the nation. The library is also connected to the Internet, a massive "information highway" linking thousands of computer networks around the world. Public terminals are available for Internet access. Computers in the reference department enable students to use numerous indices and abstracts on CD-ROM. The library is a member of the Portland Area Library System (PORTALS), through which access is provided to member libraries and numerous databases. George Fox College students may use the Portland State University library as well as several other private college libraries in Oregon through special arrangement.

The library has several special collections, including the Quaker Collection of basic Quaker authors, pamphlets and periodicals. The archives of Northwest Yearly Meeting of Friends Church and of George Fox College, dating from the 1880s, are preserved in a special room. The Hoover Collection contains materials written about President Herbert Hoover and his administration. The Peace Collection contains books and periodicals pertaining to conflict resolution and international peacekeeping.

A special business and economics collection is housed in the Kershner Center of the Hoover Academic Building. The John C. Brougher Memorial Museum, located in Brougher Hall, houses artifacts of George Fox College history, Quaker history and missions, and early Pacific Northwest Americana.

Instructional media services are housed in the north end of the MLRC's lower level. Projectors, audio and videotape recorders, and playback equipment are available for classroom, student and faculty use. In the Computer Assisted Instruction Lab, students

may fulfill certain course requirements and may have access to word processing and other computer functions. The instructional materials center provides a darkroom; recording studio and preview room; and equipment for dry mounting, laminating, thermal and photocopy overhead transparency production, and slide and tape duplication. A satellite dish on the building's roof enables the center to receive programming from 19 satellites.

TILIKUM RETREAT CENTER

Christian camping is emphasized through the facilities of College-owned Tilikum, a center for retreats and outdoor ministries for the greater Portland area. The combined strengths of the faculty in physical education, home economics, Christian educational ministries, and more come together in a program for preparing camp leaders.

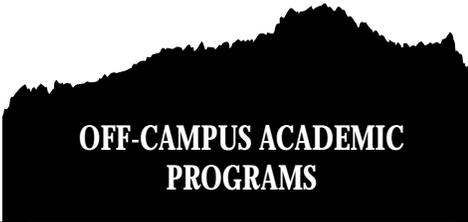

Tilikum features a year-round program of retreats with a wide appeal to all ages and denominations. More than 2,000 children enjoy the summer camping program. College students have opportunities for study, recreation and personal renewal.

The Tilikum staff provides the following kinds of retreat experiences: (1) relational—family groups, men, women, couples, teens, and single parents—with a goal of strengthening the entire family unit; (2) planning and retooling for local churches—biblical goals in today's society; (3) senior adult Elderhostels; and (4) retreats for college students emphasizing spiritual growth, recreation activities, or class projects.

VIDEO COMMUNICATION CENTER

The campus Video Communication Center provides facilities, space and equipment for the technical aspects of courses in the communication/video production major. The center also prepares educational videocassettes on a variety of subjects of value for schools, business and industry, churches, and individual home study.

The broadcast-quality equipment facilitates a variety of student production experiences. Students assist in all phases of production for commercial, industrial and institutional clients.

OFF-CAMPUS ACADEMIC PROGRAMS

AMERICAN STUDIES PROGRAM

The American Studies Program, sponsored by the Coalition for Christian Colleges and Universities, is designed for juniors and seniors with a wide range of academic majors and vocational interests. Students are involved in the American Studies Program for periods of three or four months. The internship/seminar opportunity is available starting in September and in January.

The American Studies Program was created to provide field experience and study opportunities in Washington, D.C., for diverse majors and personal interests. The program is based on the idea of integrating faith and learning through both a real-life work experience and a study program. Students spend their time in Washington serving as interns, participating in an academic seminar program, and living in a small Christian community.

Further information and application forms are available from the Registrar.

CONSORTIUM VISITOR PROGRAM

The Christian College Consortium, described on page 6, sponsors a student visitors program intended as an enrichment to those disciplines where personnel and courses may be somewhat limited. Normally this one-semester experience should be part of the junior year or the first semester of the senior year. Application forms and a descriptive brochure are available from the Registrar.

The program permits a student in good standing to enroll for one semester at one of the other consortium colleges. Qualifying students must have at least a 2.5 grade point average and have completed prior to application one or more semesters free of academic or citizenship probation.

Travel courses, plus some inner-city and overseas study opportunities, are available through the coalition schools. These change each year.

Selection to the above programs will be based on the academic purposes involved, grade point average, citizenship, classification, and the extent to which the student has or has not had diverse educational experiences.

FIELD EDUCATION

This program, commonly referred to as “field experience,” “internship,” or “cultural experience,” usually takes place off campus, yet is an integral part of the student’s academic experience. Its purpose is to promote personal and career development by integrating classroom study with planned and supervised practical experience in vocational, educational or cultural activities outside the classroom.

Enrollment in field education is an elective option in certain majors and a requirement in others. Refer to each program to determine how it applies. The program is open to George Fox College students only.

Two main types of off-campus experience are available: career and cultural. The career-oriented field experience focuses on two levels, which are “exploratory” (275) and “preparatory” (475). These two levels provide opportunity for initial exposure to a career-interest area and for realistic preparation toward a chosen field. The culture-oriented field experience (GED 375) is designed to encourage a short-term residence in a different cultural setting, e.g., foreign country, ghetto, rural community.

Academic credit may be earned through participation in an approved field education program. A full-time student may generate up to 12 credit hours during one semester. Part-time involvement can generate credit at the same rate as other methods of learning. Thirty to 45 clock hours per semester are required for one hour of credit. A maximum of 20 hours may be accumulated in field education between numbers 275, 375 and 475. Twelve hours are allowed between the career-oriented options, 275 and 475. Normally, the three alternatives are broken down as follows:

—	275	1 to 3 credit hours
GED	375	2 to 12 credit hours
—	475	2 to 12 credit hours

Applications for field experience should be requested through the Registrar. Request forms must be completed, approved by the department chairperson, and submitted to the Registrar for enrollment. The vital link to a successful field experience is the faculty sponsor (supervisor) with whom the learning plan is developed and carried out. The program also necessitates a field supervisor at the location of service or employment with whom the faculty sponsor and student interrelate.

Evaluation of the field experience is based upon successful completion of the stated individualized objectives in the Learning Plan. Field experience may be “pass” or “no pass” at department option or, in absence of department policy, at the student’s option.

INTERNATIONAL TRADE INSTITUTE

Through the International Trade Field Study Program, based in Portland, Oregon, college seniors have the opportunity to participate in a field experience and seminar program focusing on foreign trade, international business, global politics, and area studies. This program, sponsored by the state of Oregon, is a cooperative effort of state government, the business community, and Oregon’s public and private colleges. It links traditional classroom learning with direct experience in international commerce.

LOS ANGELES FILM STUDIES CENTER

Under the direction of the Coalition for Christian Colleges and Universities, the Los Angeles Film Studies Center makes a “Hollywood Semester” available to upper-division George Fox College students who qualify and who are accepted. The program provides a Christian-values base for advanced on-the-job training in professionally recognized and qualified film industry settings. The Hollywood Semester consists of three courses:

Inside Hollywood: The Work and Workings of the Film Industry

Keeping Conscience: Ethical Challenges in the Entertainment Industry

Film in Culture: Exploring a Christian Perspective on the Nature and Influence of Film

Students who complete the semester may then apply for a semester-long internship in their field of interest. See the Registrar for further details and application forms.

MALHEUR FIELD STATION

George Fox College holds membership in the Malheur Field Station Consortium of 25 Oregon, Washington, Idaho, and Nevada colleges and universities. The consortium maintains an undergraduate and graduate research facility on the Malheur Wildlife Refuge south of Burns, Oregon. Summer college credit can be obtained there in courses including archaeology, art, biology, photography, sociology and writing. Information may be obtained from the biology faculty.

OICA CROSS-REGISTRATION

A full-time student may take one course a semester for no additional tuition at one of the neighboring institutions in the Oregon Independent Colleges Association (OICA). Only courses not available on the home campus may be selected. Cross-registration is initiated by application through the George Fox College Registrar.

OREGON THEOLOGICAL CONSORTIUM CROSS-REGISTRATION

A full-time student may take one course a semester at one of the Oregon Theological Consortium colleges or seminaries. Similar guidelines and procedures as for OICA cross-registration apply. Contact the George Fox College Registrar for a current list of OTC schools, information on their offerings, and application procedures.

INTERNATIONAL STUDY PROGRAMS

JUNIORS ABROAD

In order to enrich the intercultural and international awareness of our campus community, George Fox College offers a transportation-subsidized overseas course of approximately three weeks to any junior student who has fulfilled the requirements below. These tours occur during the annual May Term.

Detailed information about eligibility and specific study tours is available from the Director of Overseas Study. The program's general policies are as follows:

1. Students must have maintained three consecutive years of full-time enrollment. Transfer students may receive partial support for transportation expenses; requests for such support should be made to the Director of Overseas Study.
2. Students will include tuition costs of this course as part of their block tuition for the spring semester preceding the May tour, and will be billed for whatever credits exceed the 17½-hour limit.
3. Students will pay room and board in advance for each tour, to be economically arranged by the College. For the typical Juniors Abroad study tour, the College will pay the full transportation cost for eligible students. On occasion, a tour with unusually high costs may involve a transportation surcharge.
4. Students must have a minimum cumulative grade point average of 2.00 at the end of the fall semester preceding the May tour.

5. Students must be in good standing with the Student Life Office in the fall and spring semesters preceding the May tour.
6. Students must intend to return and graduate from George Fox College.
7. Student accounts must be current as of February 15 the year of the tour.
8. The College reserves the right to withdraw from this program and commitment prior to fall registration in any year. Students already registered under the program are guaranteed the tour.
9. The College reserves the right in the event of an international monetary, military, or other crisis to cancel or postpone a tour or to make substitute arrangements.
10. The College does not obligate itself to alternative remuneration to students who cannot go, who decide not to go, or who are ineligible to go on a Juniors Abroad study tour.
11. Students (or alumni or friends of the College) who are ineligible for free transportation may apply to join a study tour and pay their own transportation and tuition.

LATIN AMERICAN STUDIES PROGRAM

Based in San Jose, Costa Rica, the Latin American Studies Program, under the direction of the Coalition for Christian Colleges and Universities, offers a semester of study and travel in Central America. Students live with Costa Rican families, participate in a service opportunity or internship, travel to other Latin American countries, and engage in both a language and a seminar program. Seminars deal in-depth with Latin American culture, history, politics, economics, and religious life.

MIDDLE EAST STUDIES PROGRAM

Based in Cairo, Egypt, the Middle East Studies Program includes seminars on the history, peoples and cultures of the Middle East; economic and political realities of the region; religious topics; and Arabic language training. Students reside at the American University of Cairo during the semester and travel to Israel during the last two weeks of the program.

STUDY IN SPAIN PROGRAM

Students may apply to study in Spain for one semester through a cooperative agreement with Trinity Christian College of Palos Heights, Illinois. The Study in Spain Program is designed primarily for students majoring or minoring in Spanish. Students study in Seville, Spain, and live in local homes while attending classes with students from Trinity and other colleges. Application to the program must be coordinated with foreign language faculty.

STUDY IN AFRICA PROGRAM

Students may apply to spend an exchange semester or year at Daystar University College in Nairobi, Kenya, in the Study in Africa Program operated through the Christian College Consortium. Programs of study include communications, business, education, community development, and Bible and Christian ministries, as well as courses in the history, culture, literature, politics, art, music, and religions of Africa. All instruction is in the English language, offered by a faculty composed primarily of African nationals. The application deadline is February 15 for the following academic year.

RUSSIAN STUDIES PROGRAM

Based in Moscow, St. Petersburg and Nizhni Novgorod (formerly Gorky), the Russian Studies Program, under the direction of the Coalition for Christian Colleges and Universities, includes Russian language training and seminars on Russian history and culture. Students also participate in a service project as they explore the challenges facing Russians today in the light of biblical truth. Students reside in university accommodations in Nizhni Novgorod and spend the final three weeks with Russian families in St. Petersburg.

FURTHER INFORMATION

For further information and application materials for the above programs and other overseas opportunities, contact the Director of Overseas Study.

ON-CAMPUS ACADEMIC PROGRAMS

ACADEMIC SUCCESS PROGRAM

A limited number of carefully selected students who do not meet regular admissions standards are welcomed to the George Fox College Academic Success Program each fall. Admitted provisionally to the College, ASP students attend a two-day "pre-mester prep-time" retreat before other students arrive. Under the individualized guidance of the ASP director and specially appointed faculty advisors, they register for fall courses, including GED 100 Effective College Learner. Tutorial assistance and other aids are available, as needed.

CENTER FOR PEACE LEARNING

The Center for Peace Learning was established in 1985 after a growing concern among administrators, faculty and students that George Fox College have an active learning program dealing with peacemaking and conflict resolution. The planning for the center was the specific result of a searching question in Senator Mark Hatfield's address at the inauguration of President Edward Stevens in March 1984. The senator asked what George Fox College was doing about the frightening possibility of nuclear war.

The center coordinates a number of courses, taught by faculty in various departments, which can be combined in a minor or used to enrich courses taken to prepare for service in such careers as social work, pastoral ministry, peace education, teaching in public or private schools, diplomacy, and business. In addition to regular course work, the center offers a variety of learning experiences for students and community participants, including lectures, films, international work/study trips, and field experience placements. Research is encouraged and made possible by the peace collection in the M. J. Murdock Learning Resource Center and by the specialized materials in the Center for Peace Learning.

The Center for Peace Learning conducts a study program in conflict management to prepare students for practical peacemaking in their work, church, community and family. (See page 40.) Certificates are awarded upon completion of the program, details for which are presented in the Peace and Conflict Studies section of this catalog.

COMPUTERS ACROSS THE CURRICULUM

This program provides a Macintosh computer to each faculty member and every full-time traditional undergraduate student, beginning with the class matriculating in the fall of 1991. The cost of the computer is included in tuition. The purpose of the program is to enhance the experience of teaching, learning and research during the years spent in college. Professors in departments use their computers to make classroom presentations, share software programs and documents with students, and develop software specifically for their courses. Instructional software programs developed at other colleges and universities also are used in the classroom and laboratory.

The program also features a newly equipped Macintosh laboratory located in the Murdock Learning Resource Center. This lab is open to all students and contains color computers, laser printers, a scanner, CD-ROM and laser disc drives. The Campus Computer Store provides computers, software and supplies to the campus, as well as hot line technical support and computer repair services.

ENGLISH LANGUAGE INSTITUTE

George Fox College offers an intensive English as a Second Language program during the academic year for international students who need to improve their academic English skills. For details of curriculum, credit and enrollment, see page 35.

FRESHMAN SEMINAR PROGRAM

Repeated studies of the experience of college freshmen have found that the degree to which students identify with and become involved in the college environment during the first few weeks of attendance affects their success and satisfaction with their entire college experience. As a result, George Fox College demonstrates its commitment to freshmen by providing a Freshman Seminar Program to assist students as they integrate themselves into the academic and social life of the college community.

All first-time freshman students who matriculate fall semester participate in the Freshman Seminar Program. Students meet in small groups with an assigned faculty advisor for a required one-hour Freshman Seminar for the first five weeks of the fall semester. The faculty advisor also meets with students individually for academic advising. A returning student peer advisor is

assigned to a group and maintains one-on-one contact with each freshman to assist with the transition to college life. This program provides new college students with the opportunity to interact—beyond the residence hall and traditional classroom setting—with each other, with a faculty member, and with a returning student during the first semester of enrollment.

HERBERT HOOVER SYMPOSIA

Every two years since 1977, members of the history faculty have invited to the George Fox College campus leading authorities on the life and career of Herbert Hoover. Hoover Symposium IX, on “Hoover and the Presidents,” was held in October 1993. These meetings are attended by professional historians, students, faculty, and friends of the College. Credit is offered to students who study selected aspects of the rich and varied career of the 31st president of the United States.

The ties between Herbert Hoover and George Fox College began in 1885. That fall, 11-year-old Bert Hoover, recently orphaned in Iowa, moved to Newberg, Oregon, to live with his uncle and aunt, Dr. Henry John and Laura Ellen Minthorn. Minthorn had recently opened Friends Pacific Academy, and Bert enrolled in the first class shortly after his arrival. He studied under dedicated Quaker mentors and helped pay his way by tending furnace, sweeping floors, and cleaning blackboards.

“As a young student there for three years,” President Herbert Clark Hoover said in later years, “I received whatever set I may have had toward good purposes in life.”

The Academy was the predecessor school to George Fox College, which was founded in 1891. Those on campus with a sense of heritage often think of the quiet lad who studied here a century ago. No one dreamed he would grow to be named “Engineer of the Century,” that he would live and work on five continents, that he would direct the greatest humanitarian projects the world has seen, and that in 1928 he would be elected president of the United States.

“I can’t afford to underestimate the potential of any student,” is the way one professor puts it. “The steady gaze of young Bert in those old photos won’t let me!”

INTENSIFIED STUDIES PROGRAM

The Intensified Studies Program offers selected students an opportunity to go beyond the normal college curriculum, integrating material from a variety of disciplines and creatively exploring unusual topics largely chosen by students. Sophomores and juniors participate in an innovative Honors Colloquium, earning one hour of credit per semester. Seniors who have completed the Colloquium are eligible to propose an honors research project with a modest research budget. All participants will receive a small scholarship.

Freshmen and sophomores with a grade point average of 3.25 or better apply for admission to the program in the spring semester. Applications are reviewed by a faculty committee, and approximately 15 students are admitted each year. The Colloquium involves flexible courses of study designed in consultation with the students in the course. The course, graded on a pass/fail basis, covers a flexible range of topics designed to challenge students outside their major disciplines.

Juniors planning to do a senior honors project apply by submitting a project proposal in the spring semester, which must be approved by a faculty advisor and the directors of the Intensified Studies Program. Seniors earn three to five hours of credit per semester for the two-semester research project. Completed projects are evaluated by the advising professor and the program directors. Only those which meet the standards of the Intensified Studies Program are recorded as honors projects and shelved in the college library; others receive regular college credit as independent research.

MAY TERM

This two-, three-, or four-week academic session is used for a variety of domestic and international study tours, regular courses, experimental and enrichment courses, and seminars covering topics of current interest. Juniors Abroad study tours normally occur during this time. May Term offerings are detailed on the class schedule and on supplemental bulletins.

SUMMER SCHOOL

In recent years, George Fox College has not sponsored regular undergraduate classes in a summer school. Students have been encouraged to use the summer for work, travel, and cocurricular activities that add to life’s dimensions in learning and living.

Independent study and research are available for the summer under curriculum numbers 295 and 495. Applied learning experiences in practical situations under supervision (field education) are available through courses numbered 275 and 475, or GED 375 Cultural Experience. See “Field Education” on page 17.

Continuing studies courses in the Management of Human Resources program and graduate courses in the Master of Business Administration, Master of Arts in Teaching, Master of Education, and Doctor of Psychology programs are offered during the summer months.

PREPROFESSIONAL PROGRAMS

PREDENTAL, PREMEDICAL, PREVETERINARY PROGRAMS

George Fox College is pleased with the excellent success students have had in gaining admission to medical and dental schools. Students who wish to pursue a career in medicine, dentistry or veterinary medicine usually select a major in biology or chemistry. They may, however, choose any academic major the College offers as long as they take certain specific courses required by the professional schools. George Fox College offers all of the science and mathematics courses required by the professional schools of the region. Even though specific requirements differ with each medical school, the requirements uniformly include the following:

BIO 101, 102 General Biology
CHE 111, 112 General Chemistry
CHE 325, 326 Organic Chemistry
PHY 201, 202 General Physics
One year of mathematics, usually fulfilled by MTH 201, 202 Calculus

Other courses highly recommended are as follows:

BIO 310 Embryology
BIO 322 Comparative Vertebrate Anatomy
BIO 330 Animal Physiology
BIO 350 Genetics
BIO 370 Microbiology
BIO 420 Cell Biology
CHE 310 Analytical Chemistry
CHE 340 Biochemistry
CHE 401, 402 Physical Chemistry

It is important to consult with your academic advisor early in setting up a plan for a strong program. Students should be aware that, in addition to meeting the minimal entrance requirements, good grades (3.5 grade point average or above) and a strong performance on the national admissions tests (MCAT, DAT, VAT, usually taken in the spring of the junior year) are essential. Also necessary for admission are letters of recommendation and an interview with the professional school's admissions committee.

Our world needs Christian health professionals strong in character and maturity who have had broad educational and social experiences. George Fox College offers excellent opportunities to build these qualities through academic courses in areas such as ethics, psychology, computer science, literature, history and foreign language, and through varied social opportunities.

PRELAW PROGRAM

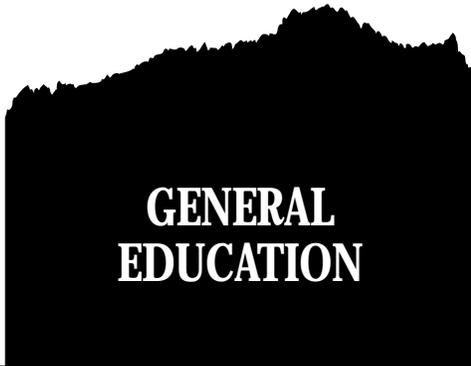

Students considering law school enjoy a wide range of options in their course of study, which can be worked out with their prelaw advisor. The best preparation for law school (and a legal career) emphasizes a broad liberal arts education as an undergraduate. Students need to be preparing themselves to understand complex real world problems from as many perspectives as possible.

As a result, the student may choose from many different majors, supplementing the major with electives and general education options that stress writing and oral communication skills, logical and critical thinking, close reading of different material, and deeper understanding of society and culture.

PRENURSING PROGRAM

A student can take one or two years at George Fox College in preparation for nursing school. Most schools require general biology, general chemistry, and college algebra. Students should contact the nursing school of their choice for requirements.

George Fox College has an agreement with the Seattle Pacific University School of Health Sciences whereby a specified number of students may be admitted annually before May 1 to the sophomore year of the SPU nursing program. Consult with the prenursing advisor in the Department of Biology and Chemistry for specific requirements.

GENERAL EDUCATION

To complete an undergraduate academic program at George Fox College, a student must select one of 34 majors to pursue one of two degrees: the Bachelor of Arts or the Bachelor of Science. A course of study includes three basic components: general education, the major field, and supporting and/or elective courses. Minor fields are optional and are composed of elective courses that have been packaged for identification of a vocational purpose or an interest.

“General education” is sometimes called a “core curriculum” or “general studies.” It is that part of the college experience required of all graduates (although options may be permitted within certain programs) that gives them a common heritage and helps implement the distinctive college mission.

■ GENERAL EDUCATION REQUIREMENTS

General education requirements total 54 semester hours. Certain lower- and upper-division courses in general education are required of all students. The specified courses and the options listed below provide knowledge and skills in support of cultural perspectives and major programs. Since some majors have specified certain of the options stated below, students should check the major requirements described for their selected majors. Except for such specifications, students may not use the same course to fulfill both general education and major requirements. A class may apply toward both general education and a minor. Additionally, all first-semester freshman students who matriculate in the fall are required to enroll for GED 130 Freshman Seminar.

BIBLE AND RELIGION

Hours

- 1. Literature of the Bible (GED 101, 102) 6
(Freshmen are required to take these courses, or a three-hour lower-division Bible elective given a superior placement examination.)
 - 2. Choose one of the following (required of all):.....2
Christian Classics (REL 470)
Contemporary Religious Life (REL 490)
Spiritual Formation (REL 480)
 - 3. History and Doctrine of Friends (REL 260),2
required of all Friends students. An elective course in Bible or religion is required of all other students.
 - 4. Transfer students with junior standing (62 semester hours) who have not taken Literature of the Bible or equivalent are required to take a two- or three-hour Bible course at the 200-400 level in addition to the four hours listed under 2 and 3 above, for a total of at least six hours.
- Total:10

COMMUNICATION

- 1. Freshman Composition (WRI 110)3
(WRI 110 may be waived by a verbal SAT score of 600 [670 score on the recentered SAT] or above.)
 - 2. Choose one of the following:3
Introduction to Communication (COM 100)
Introduction to Acting (THE 120)
Oral Interpretation of Literature (THE 220)
- Total:6

HEALTH AND HUMAN PERFORMANCE

- 1. Physical education activities and/or health education4
(For specifics about how this requirement may be fulfilled, see page 36.)
- Total:4

HUMANITIES

- 1. Choose one semester from the following:.....2
The World of Music (GED 110)
Fundamentals of Music (MUS 100)
Understanding Jazz (MUS 110)
Introduction to Music Literature (MUS 111,112)
Keyboard Literature (MUS 210)
 - 2. Choose one of the following:2-3
Survey of Art (GED 220)
Basic Design (ART 101)
Drawing (ART 111)
 - 3. Choose 12 hours as designated from the following:12
(a) History, 3-6 hours from:
Western Civilization to 1789 (HST 101)
America and the World (HST 102)
England (HST 331, 332)
American Economic and Social History (HST 340)
American Thought and Culture (HST 481, 482)
 - (b) Literature, 3-6 hours. The first course must be lower-division; if a second course is chosen, it may be lower- or upper-division.
 - (c) Philosophy, 0-6 hours from:
Introduction to Philosophy (PHL 210)
Ethics (PHL 230)
- Total:16-17

LANGUAGE/MATHEMATICS

Complete one of the following options:

1. Select six hours of a foreign language
or
 2. Satisfy either (a) or (b) below, depending on the math SAT score
 - (a) For mathematics SAT scores of 600 or above (600 score on recentered SAT), select three hours from:
Calculus I, II, III (MTH 201, 202, 301)
Computers in the Modern World (CIS 120)
Programming the Personal Computer (CIS 130)
Statistical Procedures (MTH 240, PSY 340, SOC 340)
 - (b) For mathematics SAT scores of less than 600, select six hours from:
Any course listed in (a) above
MTH 100 World of Mathematics
MTH 120 Intermediate Algebra
MTH 190 Pre-Calculus Mathematics
- Total:.....3-6

NATURAL SCIENCE

1. Select six hours from the following:6
Chemistry of Life (CHE 100)
Foundations of Biology (BIO 100)
Human Anatomy and Physiology (BIO 221, 222)
Chemistry and Our Environment (CHE 110)
Foundations of Earth Science (GSC 120)
Physics of Everyday Life (PHY 150)
General Biology (BIO 101, 102)
General Chemistry (CHE 111, 112)
General Physics (PHY 201, 202)
- Total:6

SOCIAL SCIENCE

1. Select six hours from the following, exclusive of major field:6
General Psychology (PSY 150)
Principles of Economics (ECO 201)
Principles of Sociology (SOC 150)
Cultural Anthropology (SOC 310)
- Total:6

■ EXEMPTIONS AND WAIVERS

Students with adequate background and the desire to take more elective courses are encouraged to check with the Registrar and learn how they can test out of any of the above requirements (with the sole exception of a required minimum of three hours of Bible). A mathematics SAT score of 600 (600 on recentered SAT) or above waives three hours of mathematics/computer requirements (see above). A verbal SAT score of 600 (670 on recentered SAT) or above waives WRI 110 Freshman Composition (see page 25). CLEP and Advanced Placement tests win other exemptions, as do campus-administered examinations.

■ GENERAL EDUCATION REQUIREMENTS FOR TEACHER EDUCATION

The following exceptions are approved for elementary education majors, making a 42-hour-total general education requirement:

1. Health and Physical Education: This requirement is met with two hours from the stated options.
2. Humanities: This requirement is satisfied with 12 hours chosen from any of the categories, and including at least two courses each in history (including U.S. history) and in literature (including world literature).
3. Language/Mathematics: This six-hour requirement is waived.
4. Social Science: Three of the six hours of this requirement must be met by PSY 150 General Psychology.

The following exceptions are approved for majors in all secondary education programs, making a 41-hour-total general education requirement:

1. Health and Physical Education: This requirement is met with two hours from the stated options.
2. Humanities: This requirement is satisfied with 11 hours chosen from any of the categories, including at least one course in music or art and at least one course in U.S. history and in literature.
3. Language/Mathematics: This requirement is met with one three-hour course from the stated options in foreign language, mathematics and computer.
4. Social Science: This requirement is met by PSY 150 General Psychology and SOC 150 Principles of Sociology.

■ GENERAL EDUCATION COURSES

The following list includes both required general education courses and cross-disciplinary elective courses that serve particular purposes.

GED 100 EFFECTIVE COLLEGE LEARNER

1 hour. A course related to the Academic Success Program through which personal confidence is enhanced by instruction in study skills, methods and tools used by successful college students. It may be taken by students not in the Academic Success Program, during the spring semester.

GED 101, 102 LITERATURE OF THE BIBLE

3 hours each semester. Using selected books and portions, the Old and New Testaments will be studied with attention given to historic contexts and to the tools useful in biblical study. The major religious themes of the Bible and their literary forms also will constitute an important part of the year's work. Freshmen are required to take this course, or a three-hour lower-division Bible elective given a superior placement examination.

GED 110 THE WORLD OF MUSIC

2 hours. This course acquaints the liberal arts student with a broad range of musical styles reflecting diverse cultures, including classical, jazz and popular music. Various composers, performers, and their music are listened to and studied.

GED 130 FRESHMAN SEMINAR

1 hour. Members of the entire entering freshman class select a small seminar-style topical course for the first five weeks of fall semester, meeting weekly with a faculty advisor and a returning student peer advisor. Selected topics and issues introduce students comfortably to the academic and social life of the college community. Required of all first-time freshmen.

**GED 271, 272 SOPHOMORE HONORS COLLOQUIUM
GED 371, 372 JUNIOR HONORS COLLOQUIUM**

1 hour each semester. This is one combined course, with students registering at their current class level. Discussion of literary, philosophical, theological, and/or public themes from selected books, together with appropriate retreats, activities or excursions, occasionally enriched by visiting resource people.

Prerequisite: Consent of instructors and the Intensified Studies Committee.

GED 210A CAREER ALTERNATIVES

1 hour, 1/2 semester. This course is designed to provide a basis for lifelong career decision making. Completing self-awareness instruments, researching and analyzing career options, and exploring the meaning of work and trends in the workplace will enable the student to set career goals and more confidently select a major field of study.

GED 210B EMPLOYMENT STRATEGIES

1 hour, 1/2 semester. This course is designed to solidify the basis for lifelong career decision making. A career identity including talents, values and interests will be reaffirmed, and a specific career direction established. Job placement strategies such as resume writing, interviewing, job search, and making a transition are addressed.

GED 220 SURVEY OF ART

2 hours. A survey of the elements and concepts of art theory and practice as reflected in culturally and historically significant painting, sculpture, architecture, and other art forms. Recommended for the sophomore year or above.

GED 240 PERSPECTIVES IN EDUCATION

2 hours. An overview of history and social issues in education and an exploration of teaching as a career. Introduction to the teacher education program at George Fox College. Includes 30 class hours of field experience. Sophomore or junior standing required. Required for elementary and secondary teaching majors.

GED 375 CULTURAL EXPERIENCE

Maximum 12 hours. Supervised experience in a cultural setting that contributes to the educational goals of the student. This may include, but is not limited to, Juniors Abroad study tours. Prerequisite: Consent of advisor and school dean.

■ COURSE NUMBERING SYSTEM

Courses are designed for levels of experience and difficulty, and the course numbering system reflects this. Courses numbered 100 to 299 are lower-division level and normally are open to freshmen and sophomores. Courses numbered 300 to 499 are upper-division level and normally are open to juniors and seniors. Freshmen may not enroll in courses at the 300 and 400 level except by permission of the chairperson of the department in which the course is offered. A 300-numbered course may be open to sophomores. Exceptions may be made when prerequisites are met and general education requirements have been fulfilled on schedule.

Course numbers ending in "0" (e.g., EDU 300) designate courses that are complete in one semester. They may be scheduled for either semester during the college year.

Course numbers ending in "5" (e.g., MUS 105) designate courses that may be pursued for several semesters under the same number, with all credits applicable, within stipulated limits.

Course numbers ending in "1" and "2" or in "8" and "9" (e.g., CHE 111, 112) designate courses offered throughout the year. A continuing course may not be entered in the second semester without completing the previous semester or obtaining the permission of the instructor.

Course numbers ending in "75" designate supervised teaching or field education courses for which application is necessary through the Registrar. See "Field Education" on page 18.

Courses designated "285" and "485" are special classes that may be offered in any department to reflect single-time offerings of visiting professors or group seminars.

Courses designated "295" and "495" are individualized special study programs not a part of the regular curriculum. Entry application forms are available from the Registrar and, when completed, become a learning contract between the student and the instructor.

All "475," "485," and "495" courses are limited to juniors and seniors who are majoring in the field. A student may not be enrolled in more than four hours of 295/495 in any regular semester and may not accumulate more than 12 hours of 295/495 for graduation.

Course number "490" designates a senior seminar that is completed in one semester; numbers "491" and "492" designate a senior seminar given each semester.

Many 300- and 400-level courses are offered in alternate years. If a year of offering is stated, it should be assumed that the course will be offered in alternate years only.

A GED prefix refers to general education.

Courses at the 500- to 700-levels are graduate courses.

■ MAJORS AND DEGREES

George Fox College confers these degrees: Bachelor of Arts, Bachelor of Science, Master of Arts, Master of Arts in Teaching, Master of Education, Master of Business Administration, Master of Arts in Psychology, and Doctor of Psychology. Included are 34 undergraduate and six graduate majors, organized in three schools.

ADMISSION TO AN UNDERGRADUATE MAJOR

Admission to the College does not imply automatic admission to a major. Admission to a major is by application to the department sponsoring the major.

Though entry into George Fox College may be with a major as an objective, application and selection is to be accomplished after 45 credits have been earned, or during the second semester of the sophomore year.

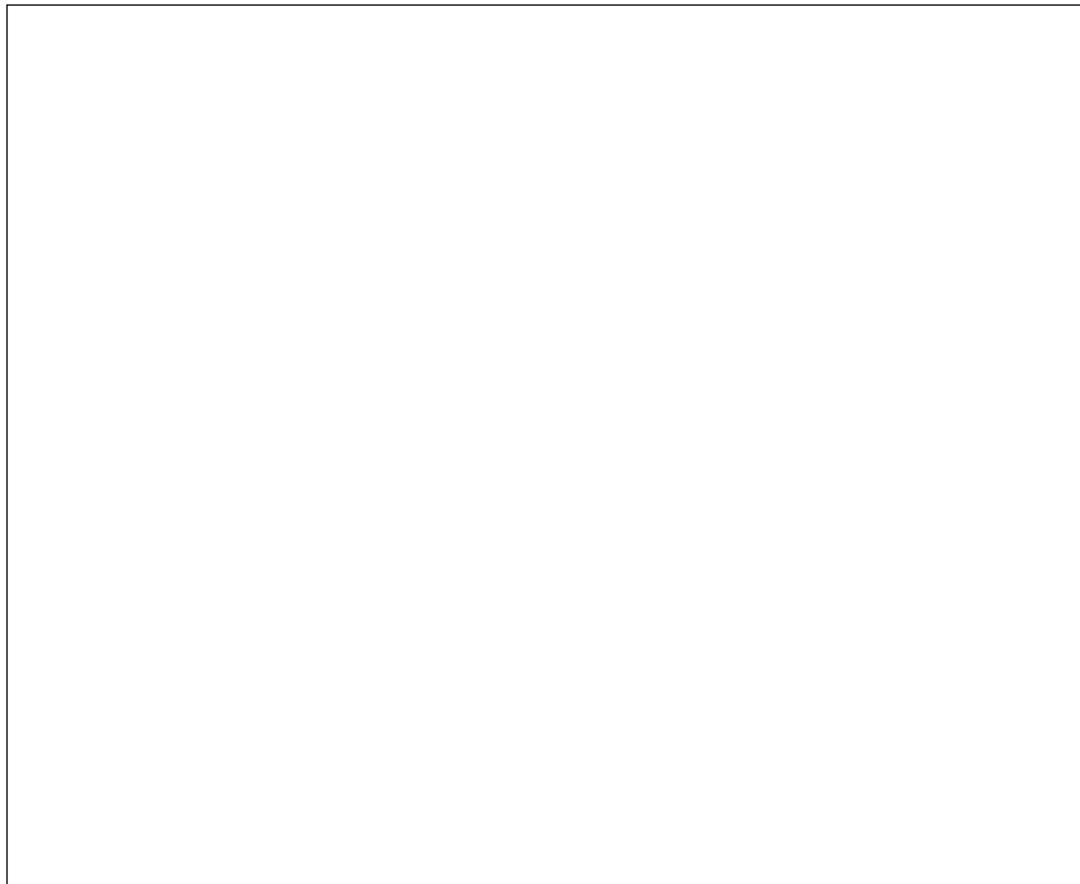

In most cases, admission to a major will include meeting initial standards, as in the example of admission to teacher education and music. Admission to a major is normally accomplished no later than the end of the junior year, or before the completion of 90 credits.

INTERDISCIPLINARY MAJORS

The cross-disciplinary major consists of a minimum of 48 semester hours with either a 24/12/12-hour option from three fields or a 24/24-hour option from two fields. The 24/12/12 and the 24/24 options are at the discretion of the department. Of these hours, 30 must be upper division. The student must complete a contract form prepared in consultation with the advisor, the Registrar, and the department chairperson of the largest component.

SELECTION OF A MINOR

A minor is a package of elective courses that have a common bond and that identify certain interests and competencies. Usually a minor consists of an approved group of courses with no less than 18 semester hours, six of which must be upper-division credit. The Registrar's Office will provide information on requirements.

APPLIED SCIENCE

(*B.S. Degree from George Fox College*)

ENGINEERING (*B.S. Degree from University of Portland, Washington University of St. Louis, or Seattle Pacific University*)

George Fox College offers a combined liberal arts and engineering program through a cooperative arrangement with University of Portland's Multnomah School of Engineering, Washington University's Sever Institute of Technology, and Seattle Pacific University's engineering school. Students completing this five-year program will receive two Bachelor of Science degrees: an applied science degree from George Fox College after the fourth year, and an engineering degree from one of the above listed engineering schools.

Students attend George Fox College for three years. Here they take most of their general education, mathematics, science, and lower-division engineering courses. They may then qualify for transfer to an engineering school, where they spend two years in any one of several engineering curricula: civil engineering, electrical engineering (computer or electrical track), mechanical engineering, engineering management, engineering science, or chemical engineering. The University of Portland also offers a Master of Science program in engineering that can be completed in approximately one additional year.

■ MAJOR REQUIREMENTS

Requirements for an applied science major consist of 45 semester hours, to include the following courses:

EGR 102 Engineering Graphics
 EGR 211 Engineering Mechanics – Statics
 EGR 212 Engineering Mechanics – Dynamics
 EGR 322 Strength of Materials
 EGR 331 Logic Design
 PHY 211, 212 General Physics with Calculus
 PHY 260 Circuit Analysis
 MTH 310 Differential Equations
 MTH 320 Linear Algebra
 CIS 201 Introduction to Computer Science
 CIS 300 Introduction to Numerical Computation

Ten additional hours in engineering courses are to be transferred back from the engineering school.

Eight hours of CHE 111, 112 General Chemistry are required to meet the natural science general education requirement.

Eleven hours of MTH 201, 202, 301 Calculus I, II, III are required, of which eight meet the mathematics general education requirement.

The remainder of the engineering curriculum will be taken in two years at the engineering school.

For a complete list of required courses, consult the engineering advisor or the Registrar. General education requirements are substantially different for engineering students. Details are available from the engineering advisor or the Registrar.

ART

(*B.A. Degree*)

The art major will be offered beginning with the 1996-97 academic year.

■ MAJOR REQUIREMENTS

Requirements for an art major consist of 42 semester hours, to include the following courses:

ART 101 Basic Design I
 ART 102 Basic Design II
 ART 111 Drawing I
 ART 112 Drawing II
 ART 381 Baroque and Rococo Art
 ART 382 Twentieth Century Art
 ART 383 Special Topics in Art History
 ART 460 Art and Christ
 ART 461 Senior Thesis Exhibit

Select 15 hours from the following (these 15 hours must include courses from three separate studio disciplines):

ART 201 Beginning Painting
 ART 221 Beginning Sculpture
 ART 231 Beginning Printmaking
 ART 241 Beginning Ceramics
 ART 285 Selected Topics
 ART 295 Special Study
 ART 301 Intermediate Painting
 ART 331 Intermediate Printmaking
 ART 341 Intermediate Ceramics
 ART 401 Advanced Painting
 ART 431 Advanced Printmaking
 ART 441 Advanced Ceramics
 ART 495 Special Study
 THE 125/325C Theatre Laboratory
 THE 255/455 Technical Theatre

BIBLICAL STUDIES

(*B.A. Degree*)

■ MAJOR REQUIREMENTS

Requirements for a biblical studies major consist of 40 semester hours (exclusive of general education courses), with 18 hours from upper-division courses (at least six at the 400 level) and distributed as follows:

20 hours in biblical studies
 6 hours in Christian ministries
 8 hours in religion (including REL 380 Christian Beliefs)
 6 hours in philosophy

A maximum of two hours may be counted through BIB 495 Special Study.

BIOLOGY

(B.S. Degree)

■ MAJOR REQUIREMENTS

Requirements for a biology major consist of 34 semester hours, including the following courses:

BIO 101, 102 General Biology

At least 26 upper-division hours, to include

One course in botany

BIO 350 Genetics

BIO 360 Ecology

BIO 420 Cell Biology

BIO 491, 492 Senior Seminar

Required supporting courses include the following:

CHE 111, 112 General Chemistry

CHE 325 Organic Chemistry

A choice of one of the following:

CHE 326 Organic Chemistry,

CHE 310 Analytical Chemistry

Mathematics through MTH 180 College Algebra and Trigonometry, with MTH 201, 202 Calculus I, II strongly advised.

THESIS OPTION

Students can petition the department thesis committee by the end of the fall semester of their junior year for permission to do original research as part of their degree requirement. Students allowed to pursue the thesis option must:

1. Complete an acceptable research proposal by the end of the spring semester of the junior year.
2. Sign up for at least one hour of Biological Research (BIO 495) each semester, beginning the spring semester of their junior year (up to a maximum total of four hours).
3. Complete a written thesis acceptable to the thesis committee by April 1 of their senior year.
4. Prepare a poster and give an oral presentation of their research.

The department considers this an honor to be noted on the student's transcript and designed to enhance a student's preparation for graduate or professional school.

■ MALHEUR FIELD STATION

George Fox College is a member of the Malheur Field Station Consortium. Malheur Field Station (MFS) is located in the Great Basin Desert in Oregon and provides an excellent opportunity for students to study a variety of aquatic and terrestrial ecosystems. Students visit MFS as part of the requirements for BIO 360 Ecology and BIO 380 Ornithology.

In addition, the facilities at MFS are available to students wishing to conduct suitable independent research.

BUSINESS AND ECONOMICS

(B.A. or B.S. Degree)

See also the "Graduate Programs" section of the catalog for requirements for the Master of Business Administration in management degree.

■ MAJOR REQUIREMENTS

Requirements for a major in business and economics consist of three categories: specific general education courses, a common core, and a concentration in one of the six specialties offered. The major requirements included in the common core and the concentration total 39 semester hours.

GENERAL EDUCATION

General education requirements provide for a broad, essential base in the liberal arts. As detailed on pages 24 and 25, students have a variety of choices to make and should select specific courses in consultation with a faculty advisor. Two specific general education courses are required for students completing a major in the Department of Business and Economics:

COM 100 Introduction to Communication

MTH 240 Statistical Procedures

COMMON CORE

All students majoring in the Department of Business and Economics are required to take the following common core of courses, totaling 21 semester hours:

BUS 110 Introduction to Business

ECO 201 Principles of Economics

ACC 271, 272 Principles of Accounting

BUS 300 Management

BUS 340 Marketing

BUS 360 Business Law

CONCENTRATION

Each student is required to select one of the following specialties and to take all courses listed under that concentration, totaling 18 semester hours:

Accounting

ACC 371, 372 Intermediate Accounting

ACC 380 Managerial and Cost Accounting

ACC 471 Advanced Accounting

One upper-division economics course

(Students preparing for professional certification are advised also to take ACC 350 Principles of Taxation, BUS 410 Financial Management, and ACC 472 Auditing.)

Economics

BUS 280 Research Methods in Business and Economics
 ECO 330 Managerial Economics
 ECO 340 Public Economics
 ECO 350 International Trade and Finance
 ECO 360 Global Political Economy
 ECO 495 Special Study

Management

BUS 250 Computer Applications
 ECO 330 Managerial Economics
 BUS 370 Organizational Behavior
 BUS 410 Financial Management
 BUS 490 Business Policy and Strategy
 One of the following:
 BUS 320 Human Resources Management,
 or BUS 330 Small Business Management and
 Entrepreneurship

Marketing

BUS 250 Computer Applications
 BUS 280 Research Methods in Business and Economics
 ECO 330 Managerial Economics
 BUS 350 International Marketing
 BUS 420 Advertising and Promotion
 BUS 440 Marketing Management

International Business and Economics

BUS 280 Research Methods in Business and Economics
 INS 340 International Relations
 BUS 350 International Marketing
 ECO 350 International Trade and Finance
 ECO 360 Global Political Economy
 GED 375 Cultural Experience (minimum of 3 hours)

(Students with an interest in international trade are encouraged to participate in the International Trade Institute in their senior year.)

Management and Information Science

CIS 201, 202 Introduction to Computer Science
 BUS 250 Computer Applications
 CIS 321 Information and Database Systems
 CIS 322 Systems Development Seminar
 One upper-division economics course

CHEMISTRY

(B.S. Degree)

■ **MAJOR REQUIREMENTS**

Major requirements consist of 36 semester hours in chemistry, to include the following courses:

CHE 111, 112 General Chemistry
 CHE 310 Analytical Chemistry
 CHE 325, 326 Organic Chemistry
 CHE 390 Organic Synthesis and Analysis
 CHE 401, 402 Physical Chemistry
 CHE 410 Advanced Chemical Measurements

In the general education program, eight hours of PHY 201, 202 General Physics are required under natural science, and eight hours of MTH 201, 202 Calculus I, II are required under language/mathematics. MTH 301 Calculus III is also required.

THESIS OPTION

A student may choose to graduate with a "Chemistry Major with Thesis." The student must enroll in Chemical Research and submit a research proposal, in conjunction with a chemistry faculty member, during his or her junior year. This is typically followed by a year of laboratory research in consultation with the faculty member.

CHRISTIAN MINISTRIES

(B.A. Degree)

■ MAJOR REQUIREMENTS

Requirements for a major in Christian ministries consist of 40 semester hours (exclusive of general education courses), with a 24-semester-hour core consisting of the following courses:

REL 380 Christian Beliefs
 CHM 130 Christian Discipling
 CHM 310 Theological Foundations of Christian Ministry
 CHM 360 Perspectives in Christian Education
 8 hours of biblical studies
 3 hours in philosophy

An additional 16 semester hours in one of four possible areas of special interest: youth ministry, missions, church recreation, or educational ministry. A four-semester sequence in Christian ministries called "Shared Praxis" provides community building, personal reflection and practice in ministry. (See descriptions of CHM 391, 392, 491, 492 Shared Praxis I-IV.)

A minimum of 18 hours shall be from upper-division courses. A limit of four hours of field experience can apply to the major.

CHRISTIAN STUDIES

(M.A. Degree)

See the "Graduate Programs" section of the catalog for requirements for the M.A. in Christian Studies.

CLINICAL PSYCHOLOGY

(M.A., Psy.D. Degrees)

See the "Graduate Programs" section of the catalog for requirements for the M.A. and Psy.D. in clinical psychology.

COMMUNICATION ARTS

(B.A. Degree)

■ MAJOR REQUIREMENTS

Communication arts features an interdisciplinary approach to communication that integrates the interests of speech communication, drama, journalism and media with a common core of courses in communication and rhetorical theory.

Requirements for a communication arts major consist of 36 semester hours (exclusive of general education courses) distributed as follows:

PERFORMANCE CORE COURSES

WRI 230 Introduction to Journalism
 COM 200 Persuasive Communication
 COM 210 Interpersonal Communication

THEORY CORE COURSES

COM 300 Theoretical Approaches to Communication
 COM 400 Critical Approaches to Communication

PRACTICUM

Six hours from COM 305 Professional Communication Activities, and/or COM 275/475 Field Experience.

ELECTIVES

Fifteen additional hours from communication arts, communication/video production, and/or writing. Not more than three hours should be in practicum courses. (Students should choose their electives under the guidance of their advisors.)

COMMUNICATION/VIDEO PRODUCTION

(B.A. Degree)

■ MAJOR REQUIREMENTS

The communication/video production major combines the liberal arts emphasis of communication arts with hands-on experiences in video production to create this broad but functional major. Extensive electives allow the student to design a program that fits needs or interests. The major consists of 36 required semester hours (exclusive of general education courses), distributed as follows:

PRODUCTION CORE COURSES

CVP 230 Introduction to Television Production
 CVP 260 Television and Film Scriptwriting
 or CVP 320 Dramatic Scriptwriting
 CVP 350 Editing Video
 CVP 430 Producing and Directing Television

THEORY CORE COURSES

COM 230 Mass Media and Popular Culture
 COM 300 Theoretical Approaches to Communication
 COM 330 Moving Image Criticism

ELECTIVES

Ten hours from communication/video production, communication arts, writing, theatre, and/or other courses chosen with the approval of the student's advisor.

COMPUTER AND INFORMATION SCIENCE

(B.S. Degree)

■ MAJOR REQUIREMENTS

Students may choose between two tracks in computer and information science. Descriptions and course requirements follow:

COMPUTER SCIENCE TRACK

A major in the computer science track requires 39 semester hours of computer and information science and mathematics courses, to include the following:

- CIS 201, 202 Introduction to Computer Science
- CIS 310 Data Structures and File Processing
- CIS 321 Software Engineering
- CIS 340 Database Systems
- CIS 410 Computer Organization and Assembly Language Programming
- CIS 420 Structures of Programming Languages
- CIS 460 Operating Systems
- MTH 360 Discrete Mathematics

Choose nine hours from the following:

- CIS 300 Introduction to Numerical Computation
- CIS 330 Computer Graphics
- CIS 350 Data Communications and Networks
- CIS 470 Operations Research
- EGR 331 Logic Design

Choose two hours from the following:

- CIS 322 Systems Development Seminar
- CIS 475 Field Experience

In the general education program, mathematics through MTH 202 Calculus II is required.

INFORMATION SCIENCE TRACK

A major in the information science track requires 42 semester hours of computer and information science and business courses, to include the following:

- CIS 201, 202 Introduction to Computer Science
- CIS 310 Data Structures and File Processing
- CIS 321 Software Engineering
- CIS 340 Database Systems
- CIS 460 Operating Systems

Choose nine hours from the following:

- CIS 330 Computer Graphics
- CIS 350 Data Communications and Networks
- CIS 470 Operations Research
- CIS 410 Computer Organization and Assembly Language Programming
- CIS 420 Structures of Programming Languages
- EGR 331 Logic Design

Choose two hours from the following:

- CIS 322 Systems Development Seminar
- CIS 475 Field Experience

Required business courses:

- BUS 110 Introduction to Business
- BUS 250 Computer Applications
- BUS 300 Management
- ACC 271 Principles of Accounting

In the general education program, ECO 201 Principles of Economics is required.

ECONOMICS

See "Business and Economics (*B.A. or B.S. Degree*)."

EDUCATION

See "Teacher Education" for requirements for the Bachelor of Arts and Bachelor of Science degree in elementary and secondary education. See the "Graduate Programs" section of the catalog for requirements for the graduate programs in education (Master of Education) and teaching (Master of Arts in Teaching).

ENGINEERING

See "Applied Science."

ENGLISH AS A SECOND LANGUAGE

The purpose of the Department of English as a Second Language/English Language Institute is to develop the language and academic skills of students and raise their level of cultural awareness in order to prepare them for academic and social success at George Fox College.

English as a Second Language, taught in the English Language Institute at George Fox College, prepares international students to meet the challenges of academic study in English. International students who score less than 500 on the Test of English as a Foreign Language (TOEFL) study intensive English approximately 14 hours per week while they are also enrolled in one or two regular college courses.

To prepare international students to enter into academic life at George Fox College as full and successful participants, ELI courses develop the students' general English proficiency, academic skills, and cultural and social awareness. Lower-level courses stress basic language skills, while higher-level courses concentrate increasingly on academic skills. The core courses at each level develop speaking, listening, reading and writing skills, as well as vocabulary and grammar. Cultural orientation, interaction with native speakers in the college community, and attendance at campus functions and academic lectures are incorporated into ESL learning activities. At the highest level, students enroll for credit in one regular academic course together with adjunct ESL courses that are designed to help develop the language and academic skills necessary for success.

Upon successful completion of the program, students are admitted to George Fox College and awarded up to 15 semester hours of credit toward their degree.

FAMILY AND CONSUMER SCIENCES

(*B.S. Degree*)

■ MAJOR REQUIREMENTS

Students may choose among four tracks in family and consumer sciences. Descriptions and course requirements follow:

FOODS AND NUTRITION IN BUSINESS TRACK

Foods and nutrition in business is a multidisciplinary major incorporating academic cores in consumer-oriented food science education, human nutrition, and business.

Course work in food composition and preparation, analysis of consumer trends, and recognition of global food issues prepares students as food professionals, while course work in human nutrition and contemporary nutrition issues equips them with the knowledge base necessary to work in areas of fitness management, diet analysis, and consumer nutrition education. The third core of course work serves as the medium for the utilization of this knowledge base, preparing students for careers in industries requiring the skills of food specialists, including new product development, test kitchens, recipe development, and food product promotion.

In the general education program, CHE 111 General Chemistry and ECO 201 Principles of Economics are required.

The following courses, totaling 44 semester hours, are required for a major in foods and nutrition in business:

FCS 211 Foods I
 FCS 212 Foods II
 FCS 250 Residential Equipment
 FCS 290 Meal Management
 FCS 300 Nutrition
 FCS 310 Cultural Foods
 FCS 340 Current Trends in Foods
 FCS 350 Resource Management
 FCS 360 Consumer Buying
 FCS 430 Nutrition and the Life Cycle
 FCS 475 Field Experience
 FCS 490 Senior Seminar
 BUS 110 Introduction to Business
 BUS 300 Management
 BUS 340 Marketing
 ACC 271 Principles of Accounting

FASHION MERCHANDISING/ INTERIOR DESIGN TRACK

The fields of fashion merchandising and interior design share a common base of knowledge grounded in the academic fields of family and consumer sciences and business. A background in apparel construction and design, merchandising of fashion, and market analysis prepares students for careers in fashion merchandising. Residential architecture, household equipment, and interior design classes prepare students for positions as interior designers. Career opportunities include merchandise buying, design display, entrepreneurship, apparel design, textile

design, fashion analysis, interior design, housing and home planning, kitchen and bath design, equipment promotion demonstration, energy conservation management in the home, furniture sales, and business management and administration.

Fashion merchandising and interior design are prime users of advanced computer technology. Each incoming full-time student at George Fox College is provided with a Macintosh computer, which allows proficiency in computer-assisted design in fashion, architecture, and interior design.

A field experience (internship) in the Portland metropolitan area puts students in the workplace before graduation, giving them valuable business experience. In merchandising, students may be placed with buyers in fashion retail firms. In interior design, internships will allow students to work with interior designers.

The following courses, totalling 44 semester hours, are required for a degree in fashion merchandising and interior design:

FCS 120 Apparel Construction
 FCS 220 Fashion and Society
 FCS 230 Textiles Science
 FCS 250 Residential Equipment
 FCS 320 Fashion Merchandising
 FCS 330 Residential Architecture
 FCS 350 Resource Management
 FCS 351 Interior Design I
 FCS 352 Interior Design II
 FCS 360 Consumer Buying
 FCS 370 Pattern Drafting and Apparel Design
 FCS 420 Fashion Retailing
 FCS 475 Field Experience
 FCS 490 Senior Seminar
 BUS 110 Introduction to Business
 BUS 300 Management
 or BUS 340 Marketing

COOPERATIVE 3-1 DEGREE PROGRAM TRACK WITH THE FASHION INSTITUTE OF DESIGN AND MERCHANDISING

George Fox College offers a cooperative degree program with the Fashion Institute of Design and Merchandising in Los Angeles, California. This cooperative program provides for students to attend GFC for three years, which allows the completion of all general education classes, all elective classes, and 14 hours in the fashion merchandising/interior design major.

Students attend FIDM for either their junior or senior year to complete a specialized major. The broad spectrum of related courses at FIDM are more varied in content and specific in focus, which allows for the following specializations: interior design, merchandise development, merchandise management, and fashion design.

Graduates receive a Bachelor of Science degree in interior design, merchandise marketing, or fashion design from GFC, and a Professional Certification from FIDM.

FAMILY AND CONSUMER SCIENCES TRACK

Family and consumer sciences are grounded in the sciences and humanities. At the core is concern for the biological, social, aesthetic, physical, economical and psychological needs of each family member. Today's families must be able to manage relationships, services, goods and resources.

The family and consumer sciences major graduates with a Bachelor of Science degree. Graduates find employment in the traditional areas: teaching, home extension, food research, nutrition research, food service management, child care, fashion design, homemaking, retail merchandising, dietetics, equipment sales and journalism. They also find newer, nontraditional careers in these and other fields: debt counseling, energy conservation management, advertising, equipment promotion demonstration and public relations.

The following courses, totaling 43 semester hours, are required for a degree in family and consumer sciences:

- FCS 120 Apparel Construction
- FCS 211 Foods I
- FCS 212 Foods II
- FCS 220 Fashion and Society
- FCS 230 Textiles Science
- FCS 250 Residential Equipment
- FCS 280 Marriage and the Family
- FCS 290 Meal Management
- FCS 300 Nutrition
- FCS 311 Human Development: Infancy to Adolescence
- FCS 320 Fashion Merchandising
or FCS 370 Pattern Drafting and Apparel Design
- FCS 330 Residential Architecture
- FCS 350 Resource Management
- FCS 351 Interior Design I
- FCS 360 Consumer Buying
- FCS 490 Senior Seminar

Note: For family and consumer sciences teaching major requirements leading to certification to teach from kindergarten through high school (K-12), see the "Teacher Education" section of the catalog, page 47.

HEALTH EDUCATION

(B.S. Degree)

The health teaching major incorporates a wellness theme that emphasizes individual responsibility and promotes a positive lifestyle. Any health course (except HEA 310 School Health Program) will meet two hours of the health and human performance general education requirement.

MAJOR REQUIREMENTS

HEALTH EDUCATION/HUMAN PERFORMANCE TRACK

- BIO 221 Human Anatomy
- BIO 222 Human Physiology
- HEA 200 Lifestyle Management
- HEA 210 Drug Education
- HEA 230 First Aid and Safety
- HEA 240 Stress Management
- HEA 280 Marriage and the Family
- HEA 300 Nutrition
- HEA 310 School Health Program
- HEA 320 Contemporary Health Issues
- HHP 200 History and Principles of Physical Education
- HHP 360 Organization and Administration of Health and Physical Education
- HHP 430 Exercise Physiology
- HHP 450 Kinesiology
- HHP 460 Physical Education for the Exceptional Student
- HHP 470 Motor Development and Motor Skill Learning

The health core also may be combined with home economics or biology. See page 47.

HISTORY

(B.A. Degree)

MAJOR REQUIREMENTS

Requirements for a history major consist of 36 semester hours of history, with a minimum of 24 upper-division hours, to include the following courses:

- HST 101 Western Civilization to 1789
- HST 102 America and the World
- HST 490 History Seminar

HUMAN PERFORMANCE

(B.S. Degree)

GENERAL EDUCATION REQUIREMENTS IN HUMAN PERFORMANCE

Four semester hours of human performance are required to complete the college general education requirement. Students may enroll in one limited-enrollment human performance activity course per semester and one unlimited-enrollment human performance activity course per semester. This requirement may be satisfied in the following ways:

1. Human performance activity or adapted activity classes. Limit of two semesters of any one activity.
2. Any health class (except HEA 310 School Health Program) will satisfy a maximum of two hours of the requirement.
3. Up to two hours may be waived upon successful completion of proficiency tests in selected areas.

A current Red Cross Lifeguarding or Water Safety Instruction certificate will waive one hour without further examination.

4. Two credits toward the four-hour requirement may be earned on intercollegiate athletic teams. Only one credit in any one sport will count.

5. Any professional activity class meets one hour of the requirement. By permission only.

6. Military service may waive two semester credits.

■ MAJOR REQUIREMENTS

ATHLETIC TRAINING MAJOR TRACK

Requirements for the athletic training major track in human performance include the following courses:

HEA 200 Lifestyle Management
HEA 210 Drug Education
HEA 230 First Aid and Safety
HEA 300 Nutrition
HPA 135 Weight Training
HHP 200 History and Principles of Physical Education
HHP 228 Conditioning/Body Mechanics and Aerobics
HHP 360 Organization and Administration of Health and Physical Education
HHP 365 Current Issues in Athletic Training (2 semesters)
HHP 375 Athletic Training Practicum (3 semesters)
HHP 390 Care and Prevention of Athletic Injuries

HHP 400 Recognition of Athletic Injuries
HHP 410 Therapeutic Exercise and Modalities
HHP 430 Exercise Physiology
HHP 450 Kinesiology
HHP 490 Senior Seminar
BIO 221, 222 Human Anatomy and Physiology

Select two courses from

HHP 460 Physical Education for the Exceptional Student

HHP 470 Motor Development and Motor Skill Learning

HHP 480 Tests and Measurements in Physical Education

HEA 240 Stress Management

PSY 150 General Psychology

PSY 340 Statistical Procedures

FITNESS MANAGEMENT MAJOR TRACK/P.E.

TEACHING MAJOR TRACK

Requirements for both the fitness management major track and the K-12 teaching major track in human performance consist of 41 semester hours in one of the two tracks, 27 of which must be upper-division courses.

The core courses included in both tracks include the following:

HEA 230 First Aid and Safety
 HHP 200 History and Principles of Physical Education
 HHP 360 Organization and Administration of Health and Physical Education
 HHP 390 Care and Prevention of Athletic Injuries
 HHP 430 Exercise Physiology
 HHP 450 Kinesiology
 HHP 460 Physical Education for the Exceptional Student
 HHP 470 Motor Development and Motor Skill Learning
 HHP 490 Senior Seminar
 BIO 221, 222 Human Anatomy and Physiology

Each human performance major is required to prepare a thesis during the senior year. This may report original research or may consist of comprehensive library research.

FITNESS MANAGEMENT

Requirements for the fitness management major track in human performance include the core courses listed above, plus the following:

HEA 300 Nutrition
 Select one from
 HHP 221 Basketball/Golf,
 HHP 222 Field Sports,
 or HHP 224 Softball/Track
 HHP 223 Tumbling/Gymnastics
 HHP 226 Tennis/Volleyball
 HHP 227A Aquatics: Lifeguarding
 or HHP 227B Aquatics: Water Safety Instruction
 HHP 228 Conditioning/Body Mechanics and Aerobics
 HHP 229 Folk and Western Dance
 HHP 231 Developmental Activities, Games, and Stunts
 HHP 232 Recreational Games, Badminton, and Archery
 HHP 380 Recreational Leadership
 Select two hours from
 HEA 240 Stress Management,
 HHP 400 Recognition of Athletic Injuries,
 or HHP 480 Tests and Measurements in Physical Education
 HHP 475 Fitness Management Field Experience
 HHP 495 Special Study

P.E. TEACHING

Requirements for the K-12 teaching major track in human performance include the core courses listed above, plus the following:

HHP 221-232 Professional activities courses
 HHP 300 Coaching Theory and Practice
 Select a two-hour coaching course from
 HHP 310 Coaching Basketball,
 HHP 320 Coaching Baseball/Softball,
 HHP 330 Coaching Soccer,

HHP 340 Coaching Track,
 or HHP 350 Coaching Volleyball
 HHP 480 Tests and Measurements in Physical Education
 EDU 410 Teaching Physical Education K-12

HUMAN PERFORMANCE: INTERDISCIPLINARY MAJOR

(B.S. Degree)

■ MAJOR REQUIREMENTS

HUMAN PERFORMANCE WITH RELIGION EMPHASIS

An interdisciplinary major may be elected through application and approval of the two departments. It consists of two 24-hour blocks, one in human performance, the other in religion or educational ministries. The student application must show how the proposed interdisciplinary major meets reasonable academic and vocational objectives.

Requirements for the human performance block include the following:

HEA 200 Lifestyle Management
 HEA 230 First Aid and Safety
 HEA 240 Stress Management
 HHP 227A Aquatics: Lifeguarding
 HHP 228 Conditioning/Body Mechanics and Aerobics
 HHP 229 Folk and Western Dance
 HHP 231 Developmental Activities, Games, and Stunts
 HHP 370 Camp Programming and Counseling
 HHP 380 Recreational Leadership
 HHP 440 Camp Administration

Five hours selected from any 200-or-above health education or human performance courses.

INTERNATIONAL STUDIES

(B.A. Degree)

■ MAJOR REQUIREMENTS

International studies is an interdisciplinary major designed to prepare students for work in such fields as foreign missions, international commerce, economic development, and government service. It also provides excellent preparation for graduate study in international relations and diplomacy, missiology, and area studies. The major includes a strong international field work emphasis. Students taking this major as preparation for foreign missionary service are encouraged to minor in biblical studies, Christian ministries or religion.

Requirements for a major in international studies consist of 38 semester hours, to include the following courses:

INS 310 Cultural Anthropology
 INS 330 Introduction to the World Christian Movement
 or REL 360 Cross-cultural Christian Outreach

INS 340 International Relations
 INS 350 International Trade and Finance
or ECO 360 Global Political Economy
 INS 440 World Religions
 INS 490 International Studies Senior Seminar
 The second year of a modern foreign language
 Eight hours of INS 475 Culture-Oriented Field Work
 Two additional three-hour courses from the following:
 COM 300 Theoretical Approaches to
 Communication
 COM 340 General and Cultural Linguistics
 ECO 360 Global Political Economy
 HST 331 England to 1688
 HST 332 England Since 1688
 HST 350 Latin America
 HST 360 The Soviet Union
 HST 370 Far East
 HST 421 Europe 1789-1890
 HST 422 Europe 1890-Present
 REL 360 Cross-Cultural Christian Outreach
 REL 460 Issues in Contemporary Missions
 LIT 230 Masterpieces of World Literature
 PSC 250 International Conflict and Peace
 SOC 380 Ethnic Groups and Social Minorities
 FRE 495 Individual Research or Field Work
 (French)
 SPN 495 Individual Research or Field Work
 (Spanish)

LEADERSHIP STUDIES

■ LEADERSHIP STUDIES MINOR

The leadership studies minor is designed to help students develop their leadership skills through study and practice. Participants will learn important leadership concepts and theories and put these principles into action through hands-on leadership experiences. Prerequisites for entry into the program include sophomore standing and above, 2.5 GPA and instructor approval.

The course of study and practice includes:

1. LDR 490 Leadership Seminar (four semesters, 1 hour per semester)
2. Either LDR 475 Leadership Experience or an approved alternative practicum.
3. One course taken from each of the following categories:

BUS 300 Management
 PSC 410 Community Mediation
 COM 324 Argumentation and Critical Thinking
 PSY/SOC 350 Social Psychology
 BUS 320 Human Resources Management
 BUS 370 Organizational Behavior
 COM 310 Conflict Resolution

PHL 230 Ethics
 LIT 360 Values and Myths in Literature
 REL 480 Spiritual Formation

Total program hours: 18-21. Courses cannot be counted toward both the student's major and this minor. These courses also cannot count for the general education requirement of the College.

MANAGEMENT

(M.B.A. Degree)

See "Graduate Programs" section of the catalog for requirements for the Master of Business Administration in management degree.

MANAGEMENT OF HUMAN RESOURCES

(B.A. Degree)

The Department of Continuing Studies offers a major in management of human resources (MHR) to adult students who are returning to college to complete their degrees.

The management of human resources major is a unique alternative to the traditional method of pursuing a college degree. The MHR program is designed specifically for working adults who attend classes conveniently located and coordinated with their schedules.

Students study with other adults who share similar interests and concerns. Together they form an academic support group, drawing from their own personal, professional and technical backgrounds as they follow an intense program of classes and individual study.

Students who successfully complete the MHR 34-semester-hour program and accompanying requirements are granted a Bachelor of Arts degree in management of human resources from George Fox College. Applicants to the management of human resources program must have a minimum of 62 semester hours of transferable college credit from accredited institutions. General education requirements, totaling 35 semester credits (included as part of the 62 semester hours), should have been met upon entrance. Individuals with 90 or more semester hours of transferable credits are considered optimum candidates. Military credit, evaluated and assessed upon acceptance into the MHR program, is officially awarded and transcribed upon the student's successful completion of the program.

Through the MHR program, George Fox College's Department of Continuing Studies serves the needs of adult learners and helps them assess personal values, develop interpersonal skills, and enhance competencies in order to influence the quality of work within their organizations.

■ **CREDIT FOR LIFE LEARNING**

George Fox College recognizes that college-level learning occurs in many environments in addition to the traditional college classroom. The College provides an opportunity for MHR students to earn college credit for such learning through developing and presenting a life-learning portfolio for credit evaluation. Students provide documentation of professional instruction and life-learning experiences for faculty evaluation. A maximum of 30 semester hours may be earned through the life-learning portfolio process. Students who transfer more than 62 semester hours of credit to George Fox College are required to earn fewer credits through the portfolio process.

■ **COURSE STRUCTURE**

The required 34-semester-hour curriculum includes 62 four-hour weekly evening class sessions held at selected locations in Portland, Salem and Eugene, Oregon, and Boise, Idaho. Courses are taught in seminar style. Students contribute life and organizational knowledge in a cooperative learning environment. Simulations, discussions and team projects are used to enhance learning. Out-of-class assignments include reading and writing on selected topics.

Students are required to plan, implement and report on an independent survey research project. The project examines an organizational problem in the student's occupation or environment. Results are published and presented at the conclusion of the program.

■ **MAJOR REQUIREMENTS**

Thirty-four semester hours are required for the student to complete the MHR major, consisting of the following courses:

- MHR 401 Dynamics of Group and Organizational Behavior
- MHR 402 Effective Writing
- MHR 403 Organizational Theory and Analysis
- MHR 404 Organizational Communication
- MHR 405A Introduction to Survey Research Methods
- MHR 405B Survey Research Methods
- MHR 406 Principles of Management and Supervision
- MHR 407 Christian Faith and Thought
- MHR 408 Human Resources Administration
- MHR 409 Values and Ethics in the Workplace
- MHR 485 Saturday Seminars (6)
- MHR 495 Senior Research Project

MATHEMATICS

(B.S. Degree)

■ **MAJOR REQUIREMENTS**

Requirements for a mathematics major consist of 37 semester hours, to include the following courses:

- MTH 201, 202, 301 Calculus I, II, III
- MTH 320 Linear Algebra
- MTH 490 Senior Seminar

Select 21 hours from the following:

- MTH 290 Mathematical Logic
- MTH 310 Differential Equations
- MTH 330 Probability
- MTH 340 Elementary Number Theory
- MTH 350 Modern Geometry
- MTH 360 Discrete Mathematics
- MTH 410 Algebraic Structures
- MTH 470 Operations Research, and
- CIS 330 Computer Graphics

Also required are CIS 201 Introduction to Computer Science, and at least one of the following:

- CIS 130 Programming the Personal Computer
- CIS 202 Introduction to Computer Science
- CIS 300 Introduction to Numerical Computation

MUSIC

(B.A. Degree)

■ **MAJOR REQUIREMENTS**

A total of 47 semester hours are required for a major in music. Core courses for the Bachelor of Arts degree in music include the following:

- MUS 111, 112 Introduction to Music Literature
- MUS 121, 122 Theory I
- MUS 131, 132 Sight Singing and Ear Training
- MUS 200 Basic Conducting
- or MUS 460 Advanced Conducting, with permission

MUS 221, 222 Theory II
 MUS 311, 312 Music History
 MUS 320 Form and Analysis
 MUS 491 Senior Seminar
 MUS 492 Recital/Lecture
 MUA 105/305 Applied Music (eight semesters)
 MUA 115-365 Ensembles
 Supportive Music Studies

Supportive music studies allow the student to choose an interest area with his or her advisor to pursue courses that supplement the student's interest in performance, composition or sacred music. The Fine Arts Handbook at the Music Office serves as a guide for student and advisor.

Music majors must be enrolled in a major ensemble each semester except during supervised teaching. A solo recital (or achievement of upper-division standing and appropriate departmental recitals) is required of all music majors. The recital is given in the junior or senior year after the student has been granted upper-division standing and has passed a recital hearing given before the applied music faculty.

All music and music education majors also are required to pass a piano proficiency examination administered at the end of the sophomore year. Students are required to register for applied piano or class piano until the proficiency has been met. Music education majors will not be approved for teacher education nor will music majors be recommended for graduation until the proficiency has been passed.

Individual instruction is offered in piano, organ, strings, woodwinds, brass, percussion and guitar. Private lessons carry one-semester-hour credit for one lesson per week. Music majors are required to enroll in applied music lessons each semester. Music education majors are required to enroll in applied lessons until they have completed a half-recital, or achieved upper-division standing in the major performing area.

All students enter the applied program at the 100-level. Before being advanced to upper-division study, the student must pass a faculty jury. All applied music students are expected to perform periodically in studio or public recital, but only students who have advanced to upper-division study levels will be permitted to present a half or full recital. These recitals may be given only by permission after the student has performed the recital repertoire in a faculty hearing.

MUSIC: INTERDISCIPLINARY MAJOR

(B.A. Degree)

■ MAJOR REQUIREMENTS

An interdisciplinary major may be elected through application and approval of the music faculty. The student application must show how the proposed interdisciplinary major meets reasonable academic and vocational objectives. The interdisciplinary major consists of 48 semester hours, 24 in music and the remainder in another academic discipline. Many creative options are possible. Common majors include music and religion or music and Christian ministries.

Required music courses for an interdisciplinary major with religion include:

MUS 121, 122 Theory 1
 MUS 200 Basic Conducting
 MUS 220 Vocal Techniques
 MUS 340 Church Music (History and Administration)
 MUS 491, 492 Senior Seminar, Recital/Lecture
 A major ensemble (four semesters)
 Applied lessons (two semesters)
 Music electives

PEACE AND CONFLICT STUDIES

■ PEACE STUDIES MINOR

Students at George Fox College may earn a minor in peace studies by taking elective courses from the departments of history and political science, communication arts, and religious studies. For more information, students should see their advisor or the Registrar.

■ PROGRAM IN CONFLICT MANAGEMENT

The Center for Peace Learning coordinates a special course of study in conflict management designed to give students concentrated preparation for practical peacemaking in their work, church, community and family. Students will study the theory of communication and conflict resolution, be introduced to relevant skills, and equip themselves to apply this learning in a variety of action settings.

The course of study includes five components:

1. Either COM 200 Persuasive Communication,
or COM 210 Interpersonal Communication
2. Either PSY/SOC 300 Group Dynamics,
or PSY/SWK/CHM 380 Counseling,
or BUS 370 Organizational Behavior
3. COM/PSC 310 Conflict Resolution
4. PSC 410 Community Mediation

5. Field experience in a conflict resolution or mediation program or agency, to be tailored to the individual student's needs (taken after PSC 410 or concurrently with it).

Each of the five elements equals three semester hours of credit, for 15 hours altogether. These may be credits applied also toward general education, major or minor requirements. Successful students will receive a certificate of completion upon graduation.

PSYCHOLOGY

(B.A. or B.S. Degree)

See also the "Graduate Programs" section of the catalog for the requirements for the M.A. and Psy.D. in clinical psychology.

■ MAJOR REQUIREMENTS

The key objective of the psychology major is to acquaint students with the field of psychology and the implications of its principles for human behavior.

Requirements for a major in psychology consist of a minimum of 39 semester hours, including the following courses:

PSY 150 General Psychology
 PSY 340 Statistical Procedures
 PSY 390 Research Methods
 PSY 400 Psychometrics
 PSY 450 Systems of Psychology
 PSY 490 Senior Seminar

Students must also choose two laboratory courses and 15 hours of psychology survey courses.

RELIGION

(B.A. Degree)

See also the "Graduate Programs" section of the catalog for requirements for the Master of Arts in Christian Studies degree.

■ MAJOR REQUIREMENTS

Requirements for a major in religion include 40 semester hours (exclusive of general education courses), elected from the fields in the department as follows:

8 hours in biblical studies
 6 hours in Christian ministries, including
 CHM 360 Perspectives in Christian Education
 10 hours in religion, including REL 380 Christian Beliefs, and REL 401, 402 Christianity in History
 6 hours in philosophy

A minimum of 18 hours shall be from upper-division courses. A limit of three hours of field experience can apply to the major.

RELIGION: INTERDISCIPLINARY MAJOR

(B.A. Degree)

■ MAJOR REQUIREMENTS

An interdisciplinary major may be elected through application and approval of the department. It consists of two 24-hour blocks, one in a departmental major, the other in any other major field. The student application must show how the proposed interdisciplinary major meets reasonable academic and vocational objectives.

Requirements for the biblical studies block:

10 hours in biblical studies
 8 hours in religion, including REL 380 Christian Beliefs
 3 hours in philosophy
 CHM 360 Perspectives in Christian Education

Requirements for the religion block:

10 hours in religion, including REL 380 Christian Beliefs
 8 hours in biblical studies
 3 hours in philosophy
 CHM 360 Perspectives in Christian Education

Requirements for the Christian ministries block:

An interdisciplinary block in Christian ministries is offered, with half or more of the 24 hours in Christian ministries and the remainder in biblical studies, philosophy and religion. One recommended pattern is as follows:

12 hours in Christian ministries, including
 CHM 130 Christian Discipling, and
 CHM 360 Perspectives in Christian Education
 6 hours in biblical studies
 3 hours in philosophy
 REL 380 Christian Beliefs

Also offered is an interdisciplinary block in the area of camping ministries. Details are available from the Department of Religious Studies Office.

■ INTERNATIONAL STUDIES WITH RELIGION EMPHASIS

International studies is an interdisciplinary major designed to prepare students for foreign missionary service or for other international vocations. Students taking this major as preparation for foreign missionary service are encouraged to take a minor in the Department of Religious Studies (in biblical studies, Christian ministries or religion). This will also provide an appropriate base for graduate studies in missions and intercultural concerns. For details of curriculum and requirements, see the requirements for an international studies major on page 39.

SOCIOLOGY/SOCIAL WORK

(*B.A. or B.S. Degree*)

A sociology/social work major prepares the student for graduate education in sociology and social work and for entry-level practice in adult and child welfare, juvenile and adult probation and parole, social programs for older adults (institutional and community), a variety of youth and recreational positions (private, public and church-related), and some types of counseling and treatment. Eventual positions could include supervision, administration, education, private practice, and program development.

■ MAJOR REQUIREMENTS

Courses within the sociology and social work specialties:

CORE CLASSES (12 hours required):

SOC 200 Social Problems
 SOC 260 Social Theory
 SOC 340 Statistical Procedures
 SOC 490 Senior Research Seminar

Select one of the following emphases:

SOCIAL WORK (27 hours required):

SWK 180 Social Work Introduction
 SWK 360 Social Policy I
 SWK 381 Counseling I
 SWK 391 Social Work Methods I
 SWK 392 Social Work Methods II
 SWK 275/475 Field Experience (nine hours)
 SWK 490 Senior Seminar

SOCIOLOGY (15 hours required):

SOC 300 Group Dynamics
or SOC 350 Social Psychology
 SOC 310 Cultural Anthropology
or SOC 380 Ethnic Groups and Social Minorities
 SOC 410 Juvenile Delinquency
or SOC 450 Gerontology
 SOC 275/475 Field Experience (six hours)

PSY 150 General Psychology and BIO 100 Foundations of Biology are recommended as part of the general education program.

A foreign language is recommended for this major.

Christian Encounter Ministries offers students opportunities for involvement in intensive internships with troubled youth in a ranch setting near Grass Valley, California, combined with formal course work on site. Students may earn eight semester hours of credit from four 10-week courses, plus six hours of field experience credit for a total of 14 hours of credit during a regular semester. See sociology/social work faculty for full details on this challenging program.

SPANISH

(*B.A. Degree*)

The Spanish major is designed to help students function adequately in their chosen field of work at home or overseas through proficiency in Spanish. The program emphasizes the unique relationship between culture and language, the acquisition of analytical skills, familiarity with historically important works of literature, and writing skills. To complete the course of study, students will spend a minimum of one semester studying abroad.

■ MAJOR REQUIREMENTS

Prerequisite for entry into the major: SPN 201, 202 or equivalent.

Requirements for a major in Spanish consist of a minimum of 36 hours, to include the following courses:

SPN 301, 302 Spanish Composition and Conversation
 SPN 311, 312 Spanish and Latin American Survey of Literature
 SPN 351, 352 Spanish and Latin American Culture and Civilization
 SPN 490 Study Abroad

TEACHER EDUCATION

See also the "Graduate Programs" section of the catalog for requirements for the graduate programs in education (Master of Education) and teaching (Master of Arts in Teaching).

POLICIES AND PROCEDURES

The teacher education program at George Fox College is designed to prepare teachers for the public and private schools through a curriculum that pyramids from a broad foundation in Christian liberal arts education through specialization in a particular field of knowledge to clinical studies in teaching and learning theory.

Teacher education and certification in Oregon operate under the approved program approach. Teaching licenses are issued to qualified applicants who have completed a teacher education program approved by the Oregon Teacher Standards and Practices Commission and who are able to satisfy other state requirements in effect at the time they complete graduation requirements and apply for license.

George Fox College is approved by the Teacher Standards and Practices Commission to offer basic endorsement programs in the following:

Advanced Mathematics (5-12)
 Biology (5-12)
 Chemistry (5-12)
 Elementary Education (PP-9)
 Health (PP-12)
 Family and Consumer Sciences (PP-12)

Language Arts (5-12)
 Music (PP-12)
 Physical Education (PP-12)
 Social Studies (5-12)

Academic preparation for additional teaching endorsements is available in the following subjects:

Basic Mathematics
 Drama
 Reading
 Speech

Students seeking license in a teaching minor must also complete a specified teaching major.

The above programs may all be completed in four years. Upon completion of the program and satisfaction of all requirements in effect, students receive an Oregon Basic Teaching License.

ADMISSION TO TEACHER EDUCATION

Students wishing to explore or prepare for entering a teaching career should consult with a teacher education advisor early in their freshman year.

Students make formal application for admission to the teacher education program during the introductory education class, GED 240 Perspectives in Education, generally taken fall of the sophomore year for elementary education majors and fall of the junior year for secondary teaching majors.

Admission to the program is based upon attainment of a cumulative GPA of 2.75 or better on all college-level courses, including transfer credits; completion of appropriate basic skills tests; acceptable faculty recommendations; satisfactory physical and mental health; and exemplary social and moral behavior.

Admission to the program is expected before students may register for the professional education core courses.

Continuation in teacher education is based on academic achievement and satisfactory evidence of good moral character and the mental, emotional and physical health needed for successful performance in the teaching profession. Students admitted to the program are expected to maintain a cumulative GPA of 2.75 or better on all college-level classes, including transfer credits; attain grades of "C" or better on all teaching major and professional education classes; and receive satisfactory evaluations of performance in field experiences. Admitted students are subject to the policies contained in the Teacher Education Handbook purchased when they take GED 240 Perspectives in Education.

TRANSFER STUDENTS IN EDUCATION

Any student transferring to George Fox College must meet the same requirements for admission as those who have entered the College as incoming freshmen. Admission to the College does not guarantee admission to the teacher education program. This application must be directed to the Department of

Teacher Education after the student has enrolled in the first professional course.

A minimum of 30 semester hours must be taken at George Fox College for either the elementary or secondary teaching major.

Elementary education majors must complete the following courses at George Fox College:

EDU 311 or 312 Mathematics for Elementary Teachers
 EDU 370 Methods I Elementary
 EDU 375 Student Teaching I
 EDU 380 Methods II Elementary
 EDU 401B Methods and Materials for Teaching Reading
 EDU 475 Student Teaching II
 EDU 490 Integrated Student Teaching Seminar

For secondary teaching majors, work at George Fox College must include the following courses:

EDU 340 Teaching of Developmental Reading and Writing
 EDU 375 Student Teaching I
 EDU 390 Methods Secondary (subject specialty methods)
 EDU 475 Student Teaching II
 EDU 490 Integrated Student Teaching Seminar

A student transferring from a nonaccredited college will be granted conditional admission to the program until the student demonstrates ability by completing 12 semester hours in the student's first teaching field and/or professional education with a grade point average (GPA) of 2.75 or better.

SPECIAL STUDENTS: TEACHING CREDENTIAL ONLY

Students holding college degrees who enroll at George Fox College for the purpose of qualifying for an Oregon Basic Teaching Certificate must be advised by the Director of Undergraduate Teacher Education prior to enrollment in courses.

ADMISSION TO STUDENT TEACHING

Acceptance into the teacher education program does not guarantee assignment for student teaching. Application for admission to student teaching is made by filing required forms not later than the first week of the semester preceding the semester for which the assignment is requested. Admission to student teaching is based upon continued good standing; favorable recommendations; an attained cumulative GPA of 2.75 or better on all college-level courses, including transfer credits, and an average GPA of 2.75 or better in the teaching major; completion of the required teaching major and professional courses with no grade below "C"; passing scores on appropriate basic skills and content area examinations; and a minimum of 15 semester hours completed in residence prior to student teaching.

PLANNING THE PROGRAM

Students should plan to finish their general education requirements and some of their lower-level teaching major requirements during their first two years of college. Professional courses in education and the advanced teaching major course requirements should be completed during the last two years. Certain of these courses, listed under "Transfer Students in Education," must be taken in residence, and professional education courses must be taken before student teaching.

The Oregon Teacher Standards and Practices Commission requires that candidates for teaching licenses have passed certain standardized tests. These are taken by students in conjunction with their professional courses. Students must complete the bachelor's degree and meet all state requirements before being recommended for teaching licensure.

WAIVER OF REQUIREMENTS

Students enrolled in the teacher education program who believe they have had experience or education that has provided the competencies certain courses and experiences in the program are designed to develop may request a waiver of that portion of the requirements. Waivers may be granted in writing by the Director of Undergraduate Teacher Education on the basis of satisfactory evidence submitted by the student through one or more of these means:

1. Examination and/or demonstration of competence. The student may demonstrate competence in written or verbal ways or in the execution of specific tasks.
2. Experience. The student may request that recent directly related experiences be accepted in satisfaction for course work or field experience. The student is required to submit documentation to support this request.
3. The student may request evaluation of other academic work completed satisfactorily to be granted equivalent credit.

ELEMENTARY EDUCATION

(B.S. Degree)

The College offers a degree program for the preparation of elementary school teachers. Upon entering, students interested in majoring in elementary education should contact the elementary education coordinator for advising. In addition to general education courses and electives, the elementary education major requires the following courses:

■ MAJOR REQUIREMENTS

Requirements for a Bachelor of Science degree in elementary education include the following courses:

EDU 311, 312 Mathematics for Elementary Teachers
EDU 330 Psychological Foundations of Education

EDU 370 Methods I Elementary
EDU 375 Student Teaching I
EDU 380 Methods II Elementary
EDU 401 Methods and Materials for Teaching Language Arts and Reading
EDU 402 Methods and Materials for Teaching Reading
EDU 475 Student Teaching II
EDU 490 Integrated Student Teaching Seminar
GED 240 Perspectives in Education
GEO 200 Cultural Geography and Global Relationships
HEA 310 School Health Program
LIT 320 Literature for Children and Adolescents
PSY 311 Human Development: Infancy to Adolescence
HHP 231 Developmental Activities, Games, and Stunts
One computer course
One science course

SECONDARY EDUCATION

(B.A. or B.S. Degree)

The College offers a degree program for the preparation of secondary teachers in nine content areas. Upon entering, students interested in any of the secondary education majors should contact the secondary education coordinator for advising.

■ SECONDARY TEACHING MAJORS

All prospective teachers in secondary education must complete the following courses, seminars and clinical experiences in addition to those required for general education and an approved teaching major:

PSY 311 Human Development: Infancy to Adolescence
GED 240 Perspectives in Education
EDU 330 Psychological Foundations of Education
EDU 340 Teaching of Developmental Reading and Writing
EDU 375 Student Teaching I
EDU 390 Methods Secondary (Home economics, music and physical education teaching majors take additional special methods courses.)
EDU 475 Student Teaching II
EDU 490 Integrated Student Teaching Seminar

BIOLOGY TEACHING

(B.S. Degree)

■ MAJOR REQUIREMENTS

The following 44-45 semester hours are required:

■ ACCOUNTING

Additional courses are listed under Business and Economics.

ACC 271, 272 PRINCIPLES OF ACCOUNTING

3 hours each semester. An introduction to the role of accounting in business and society. A study of recording and reporting financial information. The first semester provides a study of the mechanics of accounting systems, an overview of the income statement and balance sheet, and a rigorous introduction to compound interest. The second semester introduces students to more complex accounting problems such as accounting for inflation, depreciation, investments and stockholders' equity. Prerequisites: BUS 110 Introduction to Business, sophomore standing, or consent of the instructor; ACC 271 for ACC 272.

ACC 350 PRINCIPLES OF TAXATION

3 hours. Offered 1996-97. A study of the federal tax structure, including concepts and policies that shape the tax laws. The course will emphasize federal tax laws that relate to individual taxpayers. The relationship (or lack thereof) between accounting principles and tax law will be examined. Prerequisite: ACC 272 Principles of Accounting.

ACC 371, 372 INTERMEDIATE ACCOUNTING

4 hours each semester. A comprehensive study of generally accepted accounting principles, including a review of their historical development and a thorough study of the underlying theory supporting them. A detailed study of many specific problems associated with the measurement and reporting of complex business transactions. Prerequisites: ACC 272 Principles of Accounting for ACC 371.

ACC 380 MANAGERIAL AND COST ACCOUNTING

4 hours. Offered 1996-97. A study of the managerial application of accounting information in areas such as cost determination, planning and control performance evaluation, and the management decision-making process. Topics covered include job and process costing, standard costs and variance analysis, cost-profit-volume analysis, variable costing, full costing, overhead determination and control, and the contribution approach to income reporting. Prerequisite: ACC 271 Principles of Accounting.

ACC 471 ADVANCED ACCOUNTING

3 hours. Offered 1995-96. Accounting for specific types of entities such as partnerships and not-for-profit organizations. The accounting problems encountered in business combinations will be thoroughly studied. Students will be expected to prepare "professional-quality" spreadsheets and other accounting reports. Prerequisite: ACC 371 Intermediate Accounting.

ACC 472 AUDITING

3 hours. Offered 1995-96. An introduction to the standards and procedures observed by Certified Public Accountants in the examination of financial statements. Three types of audits will be examined: financial, compliance and operational. Special areas of study will include evaluation of internal control, ethical considerations, legal environment, the auditor's report, and evidence-collecting and evaluation procedures. Prerequisite: ACC 371 Intermediate Accounting.

■ ART

Survey of Art is offered under GED 220.

ART 101, 102 BASIC DESIGN

3 hours each semester. ART 101 is an introduction to materials, techniques and theory related to two-dimensional design. ART 102 focuses on three-dimensional design. Hands-on projects are the primary learning mode. ART 101 may be taken as an alternative to Survey of Art in meeting the general education requirement.

ART 111, 112 DRAWING

3 hours each semester. This course is a study of materials, methods and techniques used for drawing with pencil, ink, charcoal and other drawing media. ART 111 may be taken as an alternative to GED 220 Survey of Art in meeting the general education requirement. ART 111 is a prerequisite for ART 112.

ART 201 PAINTING

3 hours. ART 201, beginning painting, will introduce students to materials, methods and techniques used in painting with acrylics.

ART 221 BEGINNING SCULPTURE

3 hours. Introduction to the materials, methods and techniques used in sculpture.

ART 231 BEGINNING PRINTMAKING

3 hours. An introduction to screen printmaking and relief printmaking (woodcut, linocut, collagraph) techniques and methods.

ART 241 BEGINNING CERAMICS

3 hours. Introduction to basic hand-building techniques and surface design.

ART 285 SELECTED TOPICS

1-3 hours. ART 285 is a lecture/studio class that deals with areas of interest in the art field, such as printmaking, calligraphy and sculpture.

ART 301 INTERMEDIATE PAINTING

3 hours. This course provides an opportunity for further development of skills and for the introduction of more advanced techniques. Prerequisite: ART 201 Painting.

ART 331 INTERMEDIATE PRINTMAKING

3 hours. An introduction to intaglio printmaking (etching, engraving, drypoint, aquatint) techniques and methods. Prerequisite: ART 231 Beginning Printmaking.

ART 341 INTERMEDIATE CERAMICS

3 hours. An introduction to basic wheel-throwing techniques and surface design. Prerequisite: ART 241 Beginning Ceramics.

ART 381 BAROQUE AND ROCOCO ART

3 hours. Art and its relationship to European culture from 1600 to 1800.

ART 382 TWENTIETH CENTURY ART

3 hours. Art and its relationship to Western culture of the twentieth century.

ART 383 SPECIAL TOPICS IN ART HISTORY

3 hours. Art and its relationship to a non-Western culture, e.g., African, Asian, Latin American. Specific topic will be dependent on the instructor's area of specialization.

ART 401 ADVANCED PAINTING

3 hours. Focus on the individual artistic development of students as they combine techniques and subject matter into a personal style of visual communication. Prerequisite: ART 301 Intermediate Painting.

ART 431 ADVANCED PRINTMAKING

3 hours. Focus on the individual artistic development of students as they combine techniques and subject matter into a personal style of visual communication. Prerequisite: ART 331 Intermediate Printmaking.

ART 441 ADVANCED CERAMICS

3 hours. Focus on the individual artistic development of students as they combine techniques and subject matter into a personal style of visual communication. Prerequisite: ART 341 Intermediate Ceramics.

ART 460 ART AND CHRIST

3 hours. A study of the relationship between art and Christianity in the contemporary world. Designed primarily for studio art majors. Prerequisites: ART 381 Baroque and Rococo Art, ART 382 Twentieth Century Art, or ART 383 Special Topics in Art History, and senior standing.

ART 461 SENIOR THESIS EXHIBIT

3 hours. All students graduating with a major in art will be required to exhibit their work in the Ross Art Gallery or other acceptable alternative location. This course includes the completion of a body of artwork for exhibition, writing a statement of artistic intent, and installing artwork in an exhibit space. Prerequisite: Art major with senior standing.

ART 295/495 SPECIAL STUDY

1-3 hours. Designed to give two emphases for the serious art student: to allow for further individual study in a media or area in which no further courses are available, and/or to allow for study in an area for which the student may already have some background and in which no course currently is offered.

■ **BIBLICAL LANGUAGES**

GRE 201, 202 HELLENISTIC GREEK I

4 hours each semester. Offered 1995-96. A beginning course in the Greek of the New Testament, including vocabulary, grammar, declensions, conjugations and special constructions. The First Epistle of John and various other selections from the New Testament are read. The second semester may be applied as biblical studies major credit.

HBW 201, 202 INTRODUCTION TO BIBLICAL HEBREW

4 hours each semester. Offered 1995-96. The language of ancient Israel as preserved in the Hebrew Bible is encountered inductively through the study of the text of Esther. Mastery of basic vocabulary, grammar and syntax of narrative Hebrew prose is the goal of this two-semester sequence. The second semester may be applied as biblical studies major credit.

■ **BIBLICAL STUDIES**

Literature of the Bible, a survey of both Testaments, is offered under GED 101, 102.

BIB 240 WISDOM LITERATURE

2 hours. The wisdom literature of the Old Testament is investigated historically, literarily and theologically. The origin and development of the biblical wisdom traditions in the books of Proverbs, Job and Ecclesiastes are considered in the context of the broader, international wisdom of the ancient Near East and the intertestamental literature.

BIB 260 LIFE OF CHRIST

2 hours. The synoptic writers—Matthew, Mark and Luke—form the foundation for this inquiry into the life and teaching of Jesus Christ.

BIB 270 WRITINGS OF JOHN

2 hours. This course explores what it means to believe in Jesus Christ, the Son of God, as depicted in Johannine literature: the Gospel and letters of John and Revelation. Special attention will be given to John's Christological, sociological setting and message as they relate to the lives of modern readers.

BIB 310 OLD TESTAMENT HISTORY

3 hours. Offered 1995-96. The history of ancient Israel is studied employing the text of the Old Testament narratives in Genesis through Esther, the evidence of archaeology and other ancient Near Eastern texts. Theological messages and developments will be explored.

BIB 330 THE PROPHETIC WRITINGS

4 hours. Offered 1996-97. This course studies the origin and historical development of ancient Israelite prophecy and its culmination in the canonical books of the prophets. The historical and social setting of the prophets will be considered, along with the spiritual themes that dominate and characterize them.

BIB 340 BETWEEN THE TESTAMENTS

3 hours. Offered 1995-96. An introduction to history, literature and theological developments in Israel between 400 B.C. (Ezra) and the first century A.D. (Christ), to provide the basis for understanding both the conclusion of the Old Testament period and the origins of Judaism and Christianity.

BIB 390 BIBLICAL BASIS FOR PEACEMAKING

2 hours. Offered 1995-96. Focusing centrally on Jesus' teachings about peacemaking, this course deals with the biblical treatment of peacemaking, including the prophetic and apocalyptic visions of the Kingdom, and the interpretations of these teachings by the early church. Attention also will be given to what it means to work for peace in today's world, as co-laborers with Christ.

BIB 411, 412 THE ACTS AND THE PAULINE EPISTLES

3 hours each semester. Offered 1996-97. An extensive study of the mission and teachings of the New Testament church, as shown in the Acts and the Epistles attributed to Paul. Special attention will be given to ways early Christians dealt with struggles between Jewish and Gentile Christianity, and applications will be made for the church today. The fall semester studies Acts 1-15, Galatians and Romans. The spring semester studies Acts 15-28 plus the other Epistles of Paul.

BIB 480 GENERAL EPISTLES

2 hours. Offered 1996-97. As a study of the non-Pauline letters of the New Testament—Hebrews, James, Peter and Jude—this course explores the character of Jewish Christianity and its implications for the broader church.

BIB 485 SELECTED TOPICS

2 hours. A seminar on a topic chosen by the professor. Open to upper-division majors and others by permission.

BIB 495 SPECIAL STUDY

1-3 hours. Individual research. Open to qualified students upon application.

■ **BIOLOGY**

BIO 100 FOUNDATIONS OF BIOLOGY

3 hours. A course to fulfill the general education requirement that deals with the structure and function of cells and organisms, the role of energy in the ecosystem, transfer of biological information, evolution, reproduction and heredity. Bioethical considerations are discussed. Two lectures and one laboratory per week.

BIO 101, 102 GENERAL BIOLOGY

4 hours each semester. An introduction to life science for biology majors, premedical and preveterinary students, and others with an interest in science. Topics include cellular biology, genetics, development, ecology, anatomy and physiology of animals and plants, and an introduction to the plant (fall semester) and animal (spring semester) kingdoms. Three lectures and one two-hour laboratory period per week.

BIO 221, 222 HUMAN ANATOMY AND PHYSIOLOGY

4 hours each semester. Structure and function of the human body. Fall semester topics include basic chemistry, body organization, integument, skeleton, muscles and the nervous system, including special senses. Spring semester topics include cardiovascular, reproductive, endocrine, respiratory, urinary and digestive systems. The course meets general education requirements and is designed for non-science majors. BIO 222 may be taken without BIO 221.

BIO 275/475 FIELD EXPERIENCE

1-6 hours may be earned. Permission of the instructor and chairperson of the department is required.

BIO 300 EVOLUTION

2 hours. Offered 1995-96. A study of mechanisms involved in natural selection. Topics include genes in populations, selection, mutation, geochronology, cosmology and molecular methods used to study phylogeny. Philosophical implications are considered.

BIO 310 DEVELOPMENTAL BIOLOGY

4 hours. Offered 1996-97. Theories and study of differentiation as they apply to growth and development of animals, with some emphasis on the mechanism involved. Includes historical topics, fertilization, embryonic organization, cell induction, histogenesis, organogenesis, and developmental morphogenesis of echinoderms, frogs, chicks and pigs. Three lectures and one three-hour laboratory per week. Prerequisites: BIO 101, 102 General Biology.

BIO 312 PLANT MORPHOLOGY

4 hours. Offered 1995-96. A survey of vascular and nonvascular plants emphasizing form, reproduction and classification. Three lectures and one three-hour laboratory period per week. Prerequisites: BIO 101, 102 General Biology.

BIO 322 COMPARATIVE VERTEBRATE ANATOMY

4 hours. The comparative study of the structure and functional morphology of organisms in the phylum Chordata. Laboratory will emphasize dissection of representative vertebrate animals. Three one-hour lectures and one three-hour laboratory per week. Prerequisites: BIO 101, 102 General Biology.

BIO 330 ANIMAL PHYSIOLOGY

4 hours. Offered 1996-97. Investigation of physiological principles in vertebrate animals, with emphasis on mechanisms of integration and homeostasis at cellular, organ and system levels. Topics include muscular, neural, vascular, excretory and endocrine interactions. Two lectures and one three-hour laboratory per week. Prerequisites: BIO 101, 102 General Biology.

BIO 340 PLANT PHYSIOLOGY

3 hours. Offered 1996-97. A study of plant function from the molecular to the organismic level. Photosynthesis, respiration, water relations, growth and development, mineral nutrition and practical applications will be covered. Two lectures and one three-hour laboratory period per week. Prerequisites: BIO 101, 102 General Biology.

BIO 350 GENETICS

4 hours. A study of the basic principles of inheritance and their molecular basis. Suggested as a valuable elective for students in psychology, sociology, public health, counseling or education. Laboratory deals with the theory and practice of recombinant DNA technology. Three lectures and one three-hour laboratory per week. Prerequisites: BIO 101, 102 General Biology.

BIO 360 ECOLOGY

4 hours. An analysis of population, community and ecosystem dynamics. Laboratory will emphasize field measurements, computer modeling and behavior. Three lectures and one three-hour laboratory per week, and one required field trip to the Malheur Field Station. Prerequisites: BIO 101, 102 General Biology.

BIO 370 MICROBIOLOGY

3 hours. A course in the structure, metabolism, classification and health aspects of micro-organisms. Methods of microbiological investigation are emphasized. Two lectures and one three-hour laboratory period per week. Prerequisites: BIO 101, 102 General Biology.

BIO 380 ORNITHOLOGY

3 hours. A study of avian biology including phylogeny, evolution, anatomy, physiology, behavior and ecology. Laboratory will emphasize identification, bird banding and basic anatomy. One two-hour lecture and one three-hour laboratory per week, and one required field trip to the Malheur Field Station. Prerequisites: BIO 101, 102 General Biology.

BIO 390 SYSTEMATIC BOTANY

3 hours. Offered 1996-97. Collection, identification and classification, with emphasis on the Angiosperms. Topics in experimental taxonomy, literature of taxonomy, systems and history of classification, and evolution of the Angiosperms are considered. Two lectures and one three-hour laboratory session per week and field work.

BIO 420 CELL BIOLOGY

3 hours. A course that unifies structure and function at the molecular level. Topics include cell ultrastructure and organization, respiration, physiology of muscular contraction, photosynthesis, molecular biology, research methods, recombinant DNA and molecular aspects of development. Two lectures and one three-hour laboratory per week. Prerequisites: CHE 325, 326 Organic Chemistry.

BIO 460 INVERTEBRATE ZOOLOGY

3 hours. Offered 1995-96. Comparative phylogeny, morphology, ecology and life histories of several invertebrate groups and protozoa. Two one-hour lectures and one three-hour laboratory per week, and one required field trip to the Malheur Field Station. Prerequisites: BIO 101, 102 General Biology.

BIO 485 SELECTED TOPICS

1 or more hours. Within the limits of availability and enrollment demands, topics reflecting special interests of faculty, visiting professors, or recent developments in biology may be offered. Prerequisites: BIO 101, 102 General Biology.

BIO 491, 492 SENIOR SEMINAR

1 hour each semester. The methodology of science, history of scientific research and current topics. Guidance in the selection of a thesis research topic by each major leading to acceptable design, experimentation, presentation, peer review and publication of results. Two hours required of majors. For biology majors and minors with senior standing only.

BIO 495 BIOLOGICAL RESEARCH

1-4 hours. Specific instructional programs, laboratory or field research, or independent study as planned under an advisor. A total of not more than four hours may be applied toward the major. For upper-division biology majors only. By permission.

■ **BUSINESS**

Additional courses are listed under Accounting and Economics.

BUS 110 INTRODUCTION TO BUSINESS

3 hours. This introductory survey will examine the major functional areas of business and afford the student an opportunity to consider this major as a path to a career. Emphasis is given to contemporary business concepts, in particular an examination of business as a field for stewardship.

BUS 250 COMPUTER APPLICATIONS

3 hours. This course is designed to give students "hands-on" experience in business decision making. Students will have the opportunity to work with computer simulations of company start up and operation. Special emphasis is given to software application and the processes of decision making, teamwork, goal setting and strategies. Prerequisite: BUS 110 Introduction to Business.

BUS 275 FIELD EXPERIENCE

1-3 hours. An on-the-job experience or observation designed to acquaint the student with the business world.

BUS 280 RESEARCH METHODS IN BUSINESS AND ECONOMICS

3 hours. An introduction to research in the areas of business and economics. Topics include defining research needs, the formulation of research questions, consideration of alternative methodologies, orientation to sources of data and information, sampling, and interpretation and reporting of findings. Prerequisite: MTH 240 Statistical Procedures.

BUS 300 MANAGEMENT

3 hours. A study of the theory and practice of management. The course involves discussion and application of areas such as social responsibility, strategy, problem solving, communication, change, job performance and financial/operational controls. Prerequisite: BUS 110 Introduction to Business.

BUS 320 HUMAN RESOURCES MANAGEMENT

3 hours. Offered 1995-96. Examination of major personnel issues including the procurement, development, compensation and maintenance of an effective work force. Also covered will be topics related to labor legislation and labor-management relations. Prerequisites: BUS 110 Introduction to Business, and BUS 300 Management.

BUS 330 SMALL BUSINESS MANAGEMENT AND ENTREPRENEURSHIP

3 hours. Offered 1996-97. A study of the process of establishing and managing a small business. The course involves field work, original thinking and research. Students will design management information systems, marketing strategies and other aspects of owning a small business. Prerequisites: ACC 271 Principles of Accounting, and consent of the instructor.

BUS 340 MARKETING

3 hours. Study of the marketing concept, consumer demand and behavior, and marketing functions of the firm. Objective is to understand the development of marketing channels, products, prices and promotion strategies. Prerequisite: BUS 110 Introduction to Business.

BUS 350 INTERNATIONAL MARKETING

3 hours. Offered 1996-97. The conduct of marketing functions in an international environment. Consideration of importing and exporting, product development for overseas markets, and the functioning of the multinational firm. Prerequisite: BUS 340 Marketing.

BUS 360 BUSINESS LAW

3 hours. Covers the legal aspects of common business transactions. Includes the law of contracts, agency, negotiable instruments and other phases of private law. Prerequisite: BUS 110 Introduction to Business.

BUS 370 ORGANIZATIONAL BEHAVIOR

3 hours. Offered 1996-97. Consideration of how and why people behave the way they do in organizations. Through the use of readings, cases and exercises, the student is exposed to major components of organizational behavior theory. Areas such as perception/attribution, motivation, groups, dynamics, power, conflict, leadership, culture and organizational development will be explored. Prerequisite: BUS 110 Introduction to Business, or permission of instructor.

BUS 410 FINANCIAL MANAGEMENT

3 hours. An introduction to the finance function of a business entity. Specific topics to be studied include capital budgeting, cost of capital determination, sources of financing, leverage and its effect on the profits and risk of business, and managing the asset mix and capital structure of a business. Prerequisite: ACC 272 Principles of Accounting.

BUS 420 ADVERTISING AND PROMOTION

3 hours. Offered 1995-96. Consideration of promotional strategies, with particular emphasis on evaluation and selection of advertising media, public relations, selling and management of the promotion mix. Prerequisite: BUS 340 Marketing.

BUS 440 MARKETING MANAGEMENT

3 hours. Offered 1995-96. A concluding course in marketing with emphasis placed on integrating the analysis of marketing environments, consumer identification, and the coordinated management of product, price, distribution and promotional strategies. Prerequisite: BUS 340 Marketing.

BUS 475 FIELD EXPERIENCE

3-6 hours. Supervised experiences in businesses, nonprofit organizations and public agencies.

BUS 485 SELECTED TOPICS

1-3 hours. Occasional special courses chosen to fit the interests and needs of students and faculty.

BUS 490 BUSINESS POLICY AND STRATEGY

3 hours. This senior seminar for business and economics majors provides opportunity to synthesize class work and to consider some of the major issues and challenges that will be confronted in the work place. Prerequisite: Senior standing and completion of all common core courses.

BUS 495 SPECIAL STUDY

1-3 hours. Independent study of subjects outside regular offerings of particular interest to business and economics majors. Regular reading reports and conferences are scheduled. For upper-division business and economics majors only, by permission.

■ **CHEMISTRY**

CHE 100 CHEMISTRY OF LIFE

3 hours. This course will cover concepts of organic and biochemistry at an elementary level. Emphasis will be placed on medical and biological applications of chemical principles. Topics will include acids and bases, alcohols, carbohydrates, proteins, lipids and metabolism. Two lectures and one laboratory period per week.

CHE 110 CHEMISTRY AND OUR ENVIRONMENT

3 hours. This course will cover introductory concepts of chemistry. Special attention is given to topics of current interest, such as environmental chemistry, polymer chemistry and household chemistry. This course meets general education requirements and is designed for non-science majors. It is recommended for students who need an introduction to chemistry prior to taking CHE 111 General Chemistry. Two lectures and one three-hour laboratory per week.

CHE 111, 112 GENERAL CHEMISTRY

4 hours each semester. This course covers fundamental chemical principles, reactions and modern theories. Special emphasis is given to the role of chemistry in everyday life. Three class periods and one laboratory period per week. Prerequisite: High school chemistry, CHE 110 Foundations of Chemistry, or math placement score.

CHE 310 ANALYTICAL CHEMISTRY

4 hours. Offered 1996-97. An introduction to the principles and techniques of quantitative chemical analysis. Material includes gravimetric, volumetric and complexometric analysis; neutralization, precipitation and oxidation-reduction titrations; solubility; statistical methods of data analysis; and an introduction to instrumental methods. Two lectures and two three-hour laboratories per week. Prerequisite: CHE 111, 112 General Chemistry.

CHE 320 ADVANCED INORGANIC CHEMISTRY

3 hours. Offered 1995-96. Atomic structure, chemical bonding, periodic trends of structure, physical properties and reactivities of the elements, group theory as applied to molecular structure and nonmetal and transition-metal chemistry. Three lectures per week. Prerequisite: CHE 111, 112 General Chemistry.

CHE 325, 326 ORGANIC CHEMISTRY

4 hours each semester. A study of principles, structure, bonding, reactions and energy as related to carbon chemistry. The laboratory stresses materials, equipment and skills in synthesis, purification and identification of representative groups of organic compounds. Three lectures and one three-hour laboratory per week. Prerequisite: CHE 111, 112 General Chemistry.

CHE 340 BIOCHEMISTRY

3 hours. An introduction to the chemistry of substances involved in life processes. The structures, reactions and energy transformations of these compounds are considered. Three lectures per week. Prerequisite: CHE 325, 326 Organic Chemistry.

CHE 390 ORGANIC SYNTHESIS AND ANALYSIS

3 hours. Offered 1995-96. This course will emphasize advanced laboratory techniques for the synthesis, isolation and identification of organic compounds. Spectroscopy will be emphasized for the analysis of compounds. Advanced separation techniques such as gas chromatography and vacuum distillation will be studied. One lecture and two three-hour laboratory periods per week. Prerequisite: CHE 325, 326 Organic Chemistry.

CHE 401, 402 PHYSICAL CHEMISTRY

3 hours each semester. Offered 1996-97. An introduction to modern theoretical chemistry emphasizing classical and statistical thermodynamics, quantum mechanics, molecular structure, spectroscopy and kinetics. Three lectures per week. Prerequisites: CHE 111, 112 General Chemistry, MTH 301 Calculus III, and either PHY 202 General Physics or PHY 212 General Physics with Calculus.

CHE 410 ADVANCED CHEMICAL MEASUREMENTS

3 hours. Offered 1996-97. Principles and techniques of modern instrumental physiochemical and analytical measurements. Literature search methods, scientific writing techniques and seminar presentation techniques are covered. One lecture and two three-hour laboratories per week. Prerequisite: Concurrent or prior enrollment in CHE 401, 402 Physical Chemistry.

CHE 420 ADVANCED ORGANIC CHEMISTRY

2 hours. Offered 1995-96. A study of organic reactions not normally covered in introductory courses. Synthesis and reaction mechanisms are emphasized. Prerequisite: CHE 325, 326 Organic Chemistry.

CHE 475 FIELD EXPERIENCE

1-3 hours. Supervised experience with an off-campus industry or agency using applied chemistry. Prerequisite: Consent of advisor.

CHE 485 SELECTED TOPICS

1-4 hours. Scheduled as a regular class with topics chosen to meet the special needs and interests of students, faculty or visiting professors. Prerequisite: Upper-division standing.

CHE 495 CHEMICAL RESEARCH

1-3 hours per semester (not to exceed a total of 6 hours). Experimental and/or theoretical research in a topic of the student's choosing, supervised by the chemistry faculty. For upper-division chemistry majors only.

■ **CHRISTIAN MINISTRIES**

CHM 130 CHRISTIAN DISCIPLING

4 hours. A study of biblical principles of evangelism, nurturing and teaching. This study encompasses the Christian educational responsibilities of the local church and parachurch agencies.

CHM 230 THE CHRISTIAN AND THE OUTDOORS

3 hours. Offered 1995-96. An exploration of the biblical foundations for a variety of outdoor activities available to individuals, families, church groups and Christian camps. Of significant importance is a consideration of the potential that outdoor experiences have for teaching and learning.

CHM 310 THEOLOGICAL FOUNDATIONS OF CHRISTIAN MINISTRY

3 hours. A study of the relationships of theology to Christian ministry. This course explores the ways in which particular theologies affect the practice of ministry in the church.

CHM 320 RELATIONAL BIBLE TEACHING

2 hours. Offered 1996-97. An analysis of the concept of Bible teaching in a small group setting. Classroom practice in using the various methods as they relate to home Bible studies, camp settings or the Sunday school.

CHM 330 YOUTH LEADERSHIP

4 hours. A study of motivation, guidance and method in reference to youth and youth ministries, aimed at developing leadership skills.

CHM 350 AUDIOVISUAL TECHNOLOGY

2 hours. A practical course that trains students to select, produce and use instructional media to implement learning and effective communication. Attention given to such media as overhead transparencies, film, filmstrips, slides and multi-images, and computers. Students attend a two-hour class session each week, as well as lab sessions. Each student presents a major project at the end of the semester. (Identical to COM 350.)

CHM 360 PERSPECTIVES IN CHRISTIAN EDUCATION

3 hours. A study of the historical background and philosophical development in Christian education, with an examination of the influence of these antecedents upon theory and practice. Contemporary trends in current and emerging ministries will be assessed against such perspectives.

CHM 370 CAMP PROGRAMMING AND COUNSELING

3 hours. Offered 1995-96. A camping overview: its historical development and philosophy. Types of camps, program activities, teaching-learning models, leadership recruitment and training—with special emphasis on methods of camp counseling—are covered. Overnight campout is required. (Identical to HHP 370.)

CHM 381 COUNSELING

3 hours. A study of theory and technique of person-centered counseling. The course is designed to teach basic theoretical postulates and to focus on effective intervention skills for those anticipating future work in Christian ministries, teaching or mental health settings. Open to sophomores and above. (Identical to PSY 381 and SWK 381.) Prerequisite: PSY 150 General Psychology.

CHM 391 SHARED PRAXIS I: INTRODUCTION TO EDUCATIONAL MINISTRY

4 hours. An exploration of an individual's call to ministry and a study of present praxis in Christian educational ministry, with emphasis on storytelling and community building. This is the first of four semesters. Department interview required.

CHM 392 SHARED PRAXIS II: THE CHRISTIAN STORY AND VISION

4 hours. A study of the faith life of the Christian community, expressed through Scripture, traditions, liturgies, theology and church history, as it relates to Christian educational ministry. This is the second of four semesters. Prerequisite: CHM 391 Shared Praxis I: Introduction to Educational Ministry.

CHM 420 CHRISTIAN PREACHING

2 hours. Building an understanding of the purposes, content and structures of Christian preaching. To increase awareness and appreciation of this form of communication, the course includes the writing and delivery of an original sermon by each student.

CHM 440 CAMP ADMINISTRATION

2 hours. Offered 1996-97. Designed to develop a basic understanding of programming, business and leadership at an administrative level. A weekend camping trip is required. (Identical to HHP 440.) Prerequisite: CHM 370 Camp Programming and Counseling, or permission of the instructor.

CHM 475 FIELD EXPERIENCE

1-5 hours. Supervised internship in areas of Christian ministry, with emphasis on application of methods learned. Open to upper-division students only, by application.

CHM 485 SELECTED TOPICS

2 hours. A seminar on a topic chosen by the professor. Open to upper-division majors and others by permission.

CHM 491 SHARED PRAXIS III: METHODS AND SKILLS IN MINISTRY

4 hours. A study of ministry methods and skills that will enable students to appropriate the Christian story and vision to their own ministry contexts. This is the third of four semesters. Prerequisite: CHM 392 Shared Praxis II: The Christian Story and Vision.

CHM 492 SHARED PRAXIS IV: SUPERVISED FIELD EXPERIENCE

4 hours. Active involvement in an area of Christian ministry through supervised experience, and reflection on ministry experiences through class support and discussion. This is the fourth of four semesters. Prerequisite: CHM 491 Shared Praxis III: Methods and Skills in Ministry.

CHM 495 SPECIAL STUDY

1-3 hours. Individual research. Open to qualified students upon application.

■ **COMMUNICATION ARTS**

COM 100 INTRODUCTION TO COMMUNICATION

3 hours. An introduction to the study of human communication. Application of communication principles to interpersonal, group and public contexts. Particular emphasis on the practice of public speaking. Students will prepare and deliver several oral presentations.

COM 200 PERSUASIVE COMMUNICATION

3 hours. A presentation of key principles of persuasion as they are reflected in typical organizational communication contexts. Focus on developing a planning sequence that will function as a practical guide for designing, executing and evaluating communication events. Students will be expected to develop a "real world" communication event, e.g., publicity campaign, speech, newsletter, etc. Prerequisite: COM 100 Introduction to Communication, or equivalent.

COM 210 INTERPERSONAL COMMUNICATION

3 hours. Theoretical and reflective study and guided experience in dyadic and small group communication, with attention given to interpersonal communication, listening behavior, nonverbal communication and conflict resolution. Prerequisite: COM 100 Introduction to Communication, or equivalent.

COM 230 MASS MEDIA AND POPULAR CULTURE

3 hours. Survey of the historical development of news-papers, magazines, broadcast media and cinema. Analysis of the role(s) of mass media in shaping and altering opinion and values in contemporary culture.

COM 275/475 FIELD EXPERIENCE

1-10 hours. Experience in supervised field situations, generally off campus, involving extensive communication activity. Admission to course and amount of credit determined by the faculty supervisor.

COM 285/485 SELECTED TOPICS

3 hours. A variety of topics may be offered that reflect the interests of faculty, visiting professors and students. Permission of the instructor required for upper-division credit.

COM 300 THEORETICAL APPROACHES TO COMMUNICATION

3 hours. A study of the major sources of communication theory (e.g., classical theory, humanistic psychology, symbolic interactionism, information theory, information processing) together with specific, contemporary exemplifications of each approach. Special focus on the nature and progress of scientific inquiry in communication theory. Prerequisite: Six hours of communication arts or communication/video production courses, including COM 100 Introduction to Communication.

COM 305 PROFESSIONAL COMMUNICATION ACTIVITIES

1-3 hours. Offered each term. A workshop course structured to give students experience in "real world" communication events. Students devise their own projects under the guidance of the instructor. Most projects require a planning paper, an evaluation paper and report, and regular consultation with the instructor. May be repeated for a maximum of six hours total. Prerequisite: Permission of the instructor.

COM 310 CONFLICT RESOLUTION

3 hours. Offered 1995-96. A study of communication principles found useful in managing conflict productively. Focus given to conflict occurring in institutional and organizational settings between individuals and groups, but attention also given to conflict in interpersonal, national and international settings. (Identical to PSC 310.)

COM 320 INTRODUCTION TO PUBLIC RELATIONS

3 hours. A course designed to introduce and develop a clear concept of public relations as a communication profession. Topics to be covered include the function of public relations in both public and private enterprises; the process of planning and implementing a public relations communication campaign; techniques for communicating with various publics; and the laws and ethics governing the practice of public relations. Prerequisite: One course in business or communication arts.

COM 324 ARGUMENTATION AND CRITICAL THINKING

3 hours. Offered 1996-97. A course in practical reason. Includes a survey of theories of argumentation, analysis of public arguments and several speeches, including a debate. Prerequisite: COM 100 Introduction to Communication, or permission of the instructor.

COM 330 MOVING IMAGE CRITICISM

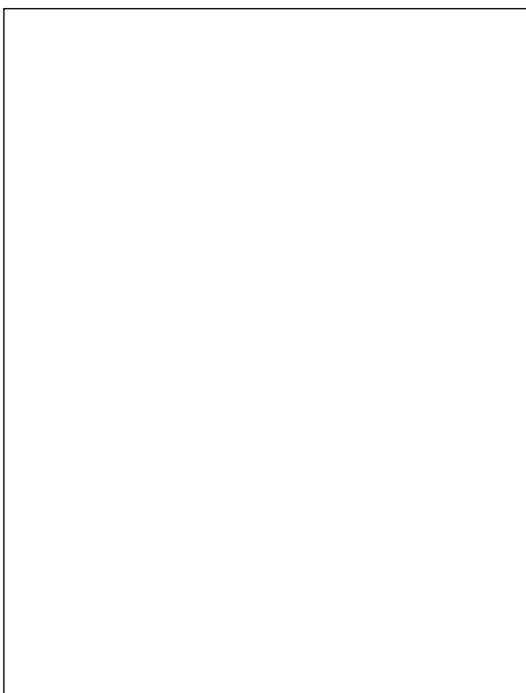

3 hours. The critical analysis of the moving image, including television programming and film. Employs textual, contextual and ethical methods for illuminating the relationship of these media artifacts to modern culture, both secular and religious. Prerequisite: One communication arts or communication/video production course.

COM 340 GENERAL AND CULTURAL LINGUISTICS

3 hours. Offered 1995-96. A study of the nature of verbal symbols as they function in communication. The course will include phonetic transcription, semantics, modern grammatical theories, history of the English language and modern English dialects.

COM 350 AUDIOVISUAL TECHNOLOGY

2 hours. A practical course that trains students to select, produce and use instructional media to implement learning and effective communication. Attention given to such media as overhead transparencies, film, filmstrips, slides and multi-images, and computers. Students attend a two-hour class session each week, as well as lab sessions. Each student presents a major project at the end of the semester. (Identical to CHM 350.)

COM 360 NONVERBAL COMMUNICATION

3 hours. Offered 1996-97. A study of the nonverbal dimensions of interpersonal communication. Includes a consideration of physical behavior, facial expression, eye behavior, personal appearance, personal space, clothing, touch, voice, and use of objects as means of communication and in relation to verbal communication. Involves participation in nonverbal simulations and exercises. Prerequisite: One communication arts course.

COM 380 LEADERSHIP COMMUNICATION

3 hours. An introduction to the study and practice of leadership from a communication perspective. Particular focus on the relationship between communicating and leading. Examination of leadership concepts and theories in organizational, group and public contexts. Students will analyze their personal leadership styles and develop leadership communication skills through team projects and classroom exercises. Prerequisite: Sophomore standing or above.

COM 400 CRITICAL APPROACHES TO COMMUNICATION

3 hours. Methods of rhetorical criticism as applied to public communication of the past and present, including—but not limited to—speeches, broadcasts, films and campaigns. Analysis of current trends in rhetorical criticism. Prerequisite: COM 300 Theoretical Approaches to Communication, or permission of the instructor.

COM 495 INDIVIDUAL RESEARCH

1-3 hours. Individualized study related to the student's needs and interests. Open to exceptional students at the discretion of a faculty member.

■ COMMUNICATION/VIDEO PRODUCTION

CVP 230 INTRODUCTION TO TELEVISION PRODUCTION

4 hours. An introduction to the language and the technical, creative and aesthetic elements of the television production process. Course includes basic lighting, sound, camera operation, composition and design of visual elements, producing, and directing through both classroom and supervised laboratory experiences.

CVP 260 SCRIPTWRITING FOR MEDIA

3 hours. An introduction to the styles, techniques, content and forms of media writing. Non-dramatic forms of writing—including broadcast news, commercial, television feature and informational—are covered. The writing of several short scripts is required in the course. (Identical to WRI 260.) Prerequisite: WRI 110 Freshman Composition.

CVP 285 VIDEO/AUDIO SYSTEMS

3 hours. Offered 1996-97. A study of video and audio system components, their operation and interrelationships. The video module includes study of the video camera, recording systems, waveform monitors and signal processing equipment. The audio portion of the class studies acoustics, microphones and sound recording/editing.

CVP 320 DRAMATIC SCRIPTWRITING

3 hours. Offered 1995-96. An introduction to the art of dramatic writing for television and film. Dramatic structure, plot scenarios, dialogue, characterization and moralization are among several topics examined and exercised. The writing experience is complemented through an examination of the business aspects of writing, including spec-scripts, agents and the Hollywood system.

CVP 350 EDITING VIDEO

3 hours. Theory and practice in editing the moving image. Analysis of Hollywood and avant-garde styles of editing is followed by practice exercises illustrating each concept. Prerequisite: CVP 230 Introduction to Television Production.

CVP 355 BRUIN CABLE WORKSHOP

2 hours. Course involves multi-camera remote productions. Study includes planning, production and post-production editing of sporting, theater, and other campus events. May be repeated once for credit. Prerequisite: CVP 230 Introduction to Television Production.

CVP 430 PRODUCING AND DIRECTING TELEVISION

4 hours. An advanced course in television directing and producing from program conceptualization to evaluation of the finished program. Concentration on the principles and aptitudes of planning and picturization of script material, culminating in the production and editing of television programs. Prerequisite: Permission of the instructor.

CVP 475 FIELD EXPERIENCE

3-10 hours. An internship experience designed to give students an opportunity to practice television techniques and principles in an off-campus, professional setting. Students choose from a variety of options: cable, broadcast, corporate, medical, or commercial production facilities based on the student's goals and interests. Up to three hours may apply to the communication/video production major. Prerequisite: Permission of the instructor.

CVP 485 BROADCAST NEWS

3 hours. Concentrating specifically on the writing, production and performance of "broadcast news," this course exposes students to the realities of news production. Trained and critiqued by practicing professionals, students produce their own "cablecast" news program.

CVP 495 INDEPENDENT STUDY

1-3 hours. Individual study in an area of special interest to the student. Offered to exceptional students at the discretion of a faculty member.

■ COMPUTER AND INFORMATION SCIENCE

CIS 120 COMPUTERS IN THE MODERN WORLD

3 hours. An introduction to the computer, its general structure, and its uses. The major thrust of this course will be to teach the student to use several common computer applications such as word processing, electronic spreadsheets, graphics and databases. May not be taken for computer and information science major credit.

CIS 130 PROGRAMMING THE PERSONAL COMPUTER

3 hours. An introduction to the techniques of programming using HyperCard. An emphasis is placed on the programming features involved with the microcomputer. The course is designed for students who want to be able to write programs in a diverse range of applications.

CIS 201, 202 INTRODUCTION TO COMPUTER SCIENCE

3 hours each semester. A foundational course for the study of computer and information science. The course covers an overview of programming methodology and gives the student an ability to write computer programs using good and current style and structure. Pascal is the programming language used. Prerequisite: High school algebra or equivalent.

CIS 300 INTRODUCTION TO NUMERICAL COMPUTATION

3 hours. Offered 1995-96. An introduction to the programming of scientific and mathematical problems. The programming language FORTRAN is introduced and used. Prerequisites: MTH 202 Calculus II and CIS 201 Introduction to Computer Science I, or consent of instructor. (Identical to MTH 300.)

CIS 310 DATA STRUCTURES AND FILE PROCESSING

4 hours. Offered 1995-96. An introduction to the concepts of information organization, methods of representing information both internally and externally. The course begins with basic structures (stacks, queues, linked lists and trees) and moves through more complex data structures into the processing of files (sequential, relative, indexed sequential and others). Programming projects are completed in one or more high-level languages. Prerequisite: CIS 201, 202 Introduction to Computer Science.

CIS 321 SOFTWARE ENGINEERING

3 hours. Offered 1995-96. An introduction to the strategies used in producing quality software. The life cycle of software development is presented and utilized. Larger projects are undertaken by teams of students in the initial phases. Prerequisite: CIS 202 Introduction to Computer Science.

CIS 322 SYSTEMS DEVELOPMENT SEMINAR

2 hours. Offered 1995-96. Projects initiated in CIS 321 Information and Database Systems are completed. Students will work in teams in these large-systems development projects. Prerequisite: CIS 321 Software Engineering.

CIS 330 COMPUTER GRAPHICS

3 hours. Offered 1996-97. An introduction to the concepts of computer graphics, particularly those used with microcomputers. Basic programming and mathematical tools used in producing graphics are explored and applied in several projects. Prerequisites: CIS 201 Introduction to Computer Science and MTH 180 College Algebra and Trigonometry.

CIS 340 DATABASE SYSTEMS

3 hours. Offered 1995-96. A study of the organization of database systems for information storage, retrieval and security. Examples of hierarchic, network and relational-based systems are presented. Prerequisite: CIS 202 Introduction to Computer Science.

CIS 350 DATA COMMUNICATIONS AND NETWORKS

3 hours. Offered 1996-97. An introduction to the field of communications among computers and computer systems, with an emphasis placed on LANS (Local Area Network Systems). Students will experience the installation of one or more network systems.

CIS 410 ASSEMBLY LANGUAGE PROGRAMMING

3 hours. Offered 1996-97. An introduction to programming in assembly language on the IBM-PC. By writing several programs at a level closer to the actual machine language of the computer, the student will gain insights into its architecture and structure. Prerequisite: CIS 201, 202 Introduction to Computer Science.

CIS 420 STRUCTURES OF PROGRAMMING LANGUAGES

3 hours. Offered 1996-97. A study of the basic design of computer programming languages with the greater emphasis placed on semantics (over syntax). A comparative analysis is made among several of the common languages. Prerequisite: CIS 201, 202 Introduction to Computer Science.

CIS 460 OPERATING SYSTEMS

3 hours. Offered 1996-97. A study of the organization and architecture of computer systems. The major principles of operating systems are presented along with case studies involving actual operating systems. Prerequisite: CIS 202 Introduction to Computer Science.

CIS 470 OPERATIONS RESEARCH

3 hours. Offered 1995-96. An introduction to the mathematical tools useful in the study of optimization with particular emphasis on linear programming. Additional topics include queuing theory, integer programming and simulation. (Identical to MTH 470.) Prerequisites: MTH 180 College Algebra and Trigonometry, and CIS 130 Programming the Personal Computer, or equivalent.

CIS 475 FIELD EXPERIENCE

1-3 hours. Supervised experience with an off-campus industry, business or institution, using computer science or data processing. For upper-division computer information science majors only.

CIS 485 SELECTED TOPICS

1-10 hours. A scheduled class with topics chosen to meet the special needs and interests of students, faculty or visiting professors. For upper-division computer information science majors only.

CIS 490 APPLIED SOFTWARE DEVELOPMENT

1-3 hours. Special software development projects designed and completed by the student in an area that applies computers. This is an independent study course and is supervised by staff in both the computer area as well as in the selected area of study. For upper-division computer information science majors only, by permission.

CIS 495 SPECIAL STUDY

1-3 hours. Individual study in areas of special interest. For upper-division computer information science majors only, by permission.

■ **ECONOMICS**

Additional courses are listed under Accounting and Business.

ECO 201 PRINCIPLES OF ECONOMICS

3 hours. An introduction to the social science concerned with the allocation of resources. Consideration is given to the behavior of microeconomic units such as individuals, households, firms and industries; the macroeconomic study of government spending, taxation and monetary policies; as well as global issues such as international trade and finance, comparative economic systems and economic development.

ECO 330 MANAGERIAL ECONOMICS

3 hours. The application of economic theory and quantitative methods to business and administrative decision making. Topics include the analysis of consumer demand and market structure, forecasting, production and cost analysis, pricing practices, and decision making under uncertainty. Prerequisite: ECO 201 Principles of Economics.

ECO 340 PUBLIC ECONOMICS

3 hours. Offered 1996-97. An overview of the economic role and impact of government, including topics in public finance, fiscal policy, monetary policy and the banking system, and the economics of regulation. Prerequisite: ECO 201 Principles of Economics.

ECO 350 INTERNATIONAL TRADE AND FINANCE

3 hours. Offered 1996-97. The theory and practice of international trade, economic cooperation, foreign exchange, and international finance and financial institutions. (Identical to INS 350.) Prerequisite: ECO 201 Principles of Economics.

ECO 360 GLOBAL POLITICAL ECONOMY

3 hours. Offered 1995-96. An integrated view of the world economy with particular attention to such topics as economic growth, debt crises, the distribution of wealth and income, the relationships between economic and political systems, the economics of peace and war, and environmental issues. Prerequisite: ECO 201 Principles of Economics, or consent of the instructor.

ECO 475 FIELD EXPERIENCE

3-6 hours. Supervised experiences in business, financial and research firms, and government agencies. For upper-division students only, by permission.

ECO 485 SELECTED TOPICS

2-3 hours. Occasional special courses chosen to fit the interests and needs of students and faculty.

ECO 495 SPECIAL STUDY

2-3 hours. Subject matter and credit arranged for the needs of the individual student. For upper-division students only, by permission.

■ **EDUCATION**

EDU 275 FIELD EXPERIENCE

1-2 hours. An elective field placement individually designed with approval of the instructor. Does not substitute for required field assignments; 40 hours field work per credit is required.

EDU 311, 312 MATHEMATICS FOR ELEMENTARY TEACHERS

4 hours each semester. These courses include a study of the arithmetic structures of mathematics, informal geometry, and applications of elementary mathematics. The development and use of materials for the classroom, alternative teaching strategies for working with diversified students, and a study of mathematics curricula found in grades K-9 also are explained. Field work may be required in both courses. (Identical to MTH 211, 212.) Prerequisite: Junior standing.

EDU 330 PSYCHOLOGICAL FOUNDATIONS OF EDUCATION

5 hours. Human learning psychology as applied in classrooms. Characteristics, instructional methods and adaptations for special needs students. Classroom management, measurement.

EDU 340 TEACHING OF DEVELOPMENTAL READING AND WRITING

2 hours. A study of the nature and processes of reading and writing, and of how skills developed in the elementary grades are promoted in middle, junior high and senior high schools. Course deals with readiness assessment, diagnosis and prescription, study skills, writing skills, reading rate and comprehension. Required for secondary education; does not apply toward the elementary education major. EDU 475 Student Teaching II must be taken concurrently.

EDU 370 METHODS I ELEMENTARY

3 hours. Generic methods of teaching including objectives, lesson plans, units of instruction, assessment of pupil learning as used in teaching. Specific applications in art and music for elementary teachers. Students write and assess a short work sample; 30 class hours of field experience.

EDU 375 STUDENT TEACHING I

1 hour. A laboratory experience consisting of general and specific assigned tasks managing and instructing pupils and assisting teachers in classrooms; 70-90 hours of field work.

EDU 380 METHODS II ELEMENTARY

4 hours. Advanced methods including development and teaching of a work sample. Focus on reading, with additional attention to the specialized methods for science, social studies and math. Measurement, use of media and curriculum development. EDU 375 Student Teaching I must be taken concurrently.

EDU 390 METHODS SECONDARY

5 hours. (2 hours for home economics, music and physical education teaching majors.) Methods Secondary is a course which acquaints the student with generic methods of teaching, including objectives, lesson plans, units of instruction and assessment of pupil learning as applied in teaching; discipline-specific methods. Students will also be introduced to the method teaching of a Work Sample. Field experience will be a major component of this course. EDU 375 Student Teaching I must be taken concurrently.

EDU 401 METHODS AND MATERIALS FOR TEACHING LANGUAGE ARTS AND READING

3 hours. A study of the development of language from infancy through elementary school grades, with particular attention to listening, speaking and writing skills and their relationship to reading. Instructional and curricular applications. Prerequisite: Junior standing.

EDU 402 METHODS AND MATERIALS FOR TEACHING READING

3 hours. A study of the nature of the reading process and of methods and materials for promoting pupil progress in word recognition, vocabulary, comprehension and study skills. Attention is given to individualized prescription and small- and large-group instruction to develop pupil competencies in listening, speaking, reading and writing in preprimary through grade nine. EDU 475 Student Teaching II must be taken concurrently. Prerequisites: EDU 401A Methods and Materials for Teaching Language Arts and Reading, and senior standing.

EDU 410 TEACHING PHYSICAL EDUCATION K-12

3 hours. Competence development in teaching physical education for the physical education major. Emphasis is given to analysis of objectives, unit and lesson planning, instruction methods, means of evaluation, and class procedures and control. Field work may be required. Prerequisite: Junior standing.

EDU 421 ELEMENTARY SCHOOL MUSIC METHODS

2 hours. Offered 1996-97. This course features a study of instructional techniques for elementary music from kindergarten through grade six. It is designed to provide music majors with some insight into available instructional materials and techniques. Practice lessons are taught, public school classroom observation trips are made, and an on-campus Orff Schulwerk workshop is held. The course does not apply toward the elementary education major. Field work may be required. Prerequisite: Junior standing.

EDU 422 SECONDARY SCHOOL MUSIC METHODS: VOCAL

1½ hours. Offered 1995-96. This course features a study of vocal music from grades seven through 12. Included are techniques for teaching general music as well as choral music. Rehearsal techniques, classroom control, methods, texts and music are all considered. The course also deals with the boy's changing voice. Practice lessons are taught, and public school classroom observation trips are made. Field work may be required. Prerequisite: Junior standing.

EDU 423 SECONDARY SCHOOL MUSIC METHODS: INSTRUMENTAL

1½ hours. Offered 1995-96. A survey of aims, methods, materials and repertoire used in teaching music in elementary and secondary schools. Field work may be required. Prerequisite: Junior standing.

EDU 450 DIAGNOSIS AND REMEDIATION OF READING DIFFICULTIES

3 hours. A study of methods and materials used to assess and teach, in developmentally appropriate ways, reluctant readers and readers with reading difficulties including dyslexia. A 40-hour field placement in a remedial reading situation.

EDU 460 ORGANIZATION, MANAGEMENT, AND CURRICULUM OF THE READING PROGRAM

2 hours. A variety of organizational patterns, media resources and techniques for managing materials, human resources and record keeping. Discussion of innovative reading programs, such as Reading Recovery and Project Read. Students will explore current media hardware and software available for reading programs.

EDU 470 TEACHING OF FAMILY AND CONSUMER SCIENCES

3 hours. Taught as needed. Strategies for teaching all areas of family and consumer sciences in grades PP-12. Emphasis on teaching techniques, behavioral objectives, curriculum development, scope and sequence, preparing teaching materials, resources, audiovisual aids, textbooks, professional periodicals and evaluation procedures. Field work may be required. Prerequisite: Junior standing.

EDU 475 STUDENT TEACHING II

10 hours. A laboratory experience in which principles and methods of teaching may be employed under supervision. A full-time assignment in which direct responsibility for planning and implementing learning activities is provided.

EDU 485 SELECTED TOPICS

1-3 hours. A seminar dealing with various topics as announced that represent current faculty interests and competencies.

EDU 490 INTEGRATED STUDENT TEACHING SEMINAR

2 hours. Seminar taken concurrently with EDU 475 Student Teaching II. Weekly discussions focus on issues such as professional ethics, licensure, establishment of profession credentials and career choices.

EDU 495 SPECIAL STUDY

1-3 hours. Directed independent study open to upper-division students only. May not be used to substitute for required courses. Prerequisite: Consent of instructor.

■ **ENGINEERING**

EGR 102 ENGINEERING GRAPHICS

2 hours. Offered 1995-96. Presentation of the basic principles of engineering graphics. Topics include descriptive geometry, geometric construction, dimensioning, isometric and orthographic projections, and introductory CAD (computer-aided design).

EGR 211 ENGINEERING MECHANICS – STATICS

3 hours. Offered 1996-97. Quantitative description of forces, moments and couples acting upon engineering structures. The free-body diagram is used to understand the equilibrium of a whole physical system through isolation of each component particle or body. Prerequisites: MTH 201 Calculus I, and PHY 211 General Physics with Calculus.

EGR 212 ENGINEERING MECHANICS – DYNAMICS

3 hours. Offered 1996-97. Dynamics mathematically describes the motions of bodies under the action of forces. The first part introduces kinematics, which deals with the geometry of motion without considering applied forces. The second part, kinetics, relates the forces on bodies to the resulting motions. Prerequisites: MTH 202 Calculus II, and EGR 211 Engineering Mechanics – Statics.

EGR 261 CIRCUIT ANALYSIS I

4 hours. Offered 1995-96. Basic concepts of DC and AC electrical circuits. Voltage-current relationships for circuit elements, Kirchhoff's laws, Thevenin and Norton theorems, basic transient and sinusoidal steady-state analysis, and measurement concepts. Three lectures and one laboratory per week. Prerequisite: MTH 202 Calculus II.

EGR 262 CIRCUIT ANALYSIS II

4 hours. Offered 1995-96. Steady-state AC circuits, both single and polyphase. Resonance, mutual inductance, operational amplifier and applications. Two-port networks, Fourier and Laplace transform techniques. Three lectures and one laboratory per week. Prerequisite: EGR 261 Circuit Analysis I.

EGR 311 THERMODYNAMICS

3 hours. Offered 1995-96. Classical treatment emphasizing the first and second laws of thermodynamics and their application to closed and open (control volume) systems undergoing steady and unsteady processes. Tabular and graphical thermodynamic property data are used in analytical work. Prerequisite: MTH 202 Calculus II, and PHY 212 General Physics II with Calculus.

EGR 322 STRENGTH OF MATERIALS

3 hours. Offered 1996-97. Behavior of deformable body systems under various external loadings is presented. Analyses of stress, deformation, strain, failure, fatigue and creep are included. Mathematical, graphical and energy methods are utilized. Prerequisite: EGR 211 Engineering Mechanics—Statics.

EGR 331 LOGIC DESIGN

3 hours. Offered 1995-96. Binary number systems and data representation. Boolean algebra and logic devices. Combinational logic circuits and design methods. Memory elements. Sequential logic circuits and design methods.

EGR 352 INSTRUMENTATION

4 hours. Offered 1996-97. Major elements of measurement systems are covered, with an emphasis on dynamic measurements. These systems include transducers, signal conditioning, computer interfacing and output devices. Applications include displacement, motion, force, torque, pressure, flow and temperature. Prerequisites: MTH 202 Calculus II and either PHY 202 General Physics or PHY 212 General Physics with Calculus.

EGR 275/475 FIELD EXPERIENCE

1-4 hours. Supervised experience with an off-campus industry, business or institution where the student is working in some engineering-related discipline.

■ **ENGLISH AS A SECOND LANGUAGE**

ESL 005 CONVERSATION TUTORIAL

1 hour. Each student is paired with an American student for conversation, orientation to life in a new culture and optional academic tutoring.

LEVEL A (BEGINNING AND LOW INTERMEDIATE)

ESL 055 READING, WRITING AND GRAMMAR

8 hours. An introduction to the fundamental structures and vocabulary of the English language, focusing on the development of reading and writing skills.

ESL 065 ENGLISH BY DRAMA

2 hours. Offered spring semester. A practical course in which students develop English skills through participation in a musical dramatic production. A study of the historical and cultural background of the play is an integral part of the course.

ESL 070 ESL FRESHMAN EXPERIENCE

2 hours. Offered fall semester. An introduction to life at George Fox College. Through various group activities, beginning/low intermediate-level students learn about life on campus, Christianity and Chapel, study skills and use of library resources. Students explore aspects of American culture and Oregon geography and history in food labs, field trips and group projects, including a Christmas play. This course provides many opportunities for students to use English in communication and to practice language skills consistent with their level.

ESL 075 SPEAKING AND LISTENING

4 hours. A course designed to introduce and develop basic academic speaking and listening skills, with emphasis on conversation, discussion and short speeches. Vocabulary, pronunciation, grammar and cultural issues are addressed within the context of a variety of discussion topics. Listening laboratory is required.

LEVEL B (INTERMEDIATE)

ESL 125 ACADEMIC READING

4 hours. This course concentrates on developing students' academic reading skills. Vocabulary, reading speed and comprehension, and strategies for reading college-level textbooks are systematically developed. Students also become familiar with the process of library research and the use of paraphrase and summary. Reading lab and vocabulary lab are required.

ESL 135 SPEECH, LISTENING AND NOTETAKING

4 hours. This course provides training and practice in academic speaking and listening. Students give various types of formal speeches and learn strategies for taking accurate and comprehensive notes from academic lectures.

ESL 145 WRITING AND GRAMMAR

4 hours. In this course, students learn to write various styles of essays and are introduced to the process of writing a research paper. Instruction focuses on organization, grammar and usage, punctuation, spelling, and format.

ESL 170 ESL FRESHMAN EXPERIENCE

2 hours. Offered fall semester. An introduction to life at George Fox College. Through various group activities, intermediate-level students learn about life on campus, Christianity and Chapel, study skills, and use of library resources. Students explore aspects of American culture and Oregon geography and history in food labs, field trips and group projects, including a Christmas play. This course provides many opportunities for students to use English in communication and to practice skills consistent with their level.

ESL 185 INTRODUCTION TO CHRISTIANITY

2 hours. Offered spring semester. Through video, readings and class discussion, students are introduced to the life of Christ and the foundations of Christianity. This course also provides a context for practice of English listening, reading, speaking and writing skills.

LEVEL C (ADVANCED)

ESL 225 ADJUNCT READING

3 hours. An intensive course to improve academic reading skills, including vocabulary, reading speed, reading strategies

and test taking. Assignments are based on class texts from SOC 150 (fall semester) and HST 102 (spring semester), in which students are concurrently enrolled. Reading lab and vocabulary lab are required.

ESL 235 SPEECH

3 hours. A practical course to help students improve their academic speaking skills, with emphasis on formal speeches, group presentations, small group interaction and pronunciation.

ESL 245 ACADEMIC WRITING

5 hours. This course provides instruction and practice in the types of writing commonly found in college courses, including the research paper, essays and essay exams, and reaction papers. Process, organization and mechanics are emphasized. Principles of advanced English grammar and usage are applied in writing assignments.

ESL 255 ADJUNCT LISTENING

3 hours. This course cultivates skills of listening and notetaking in academic lectures, including identifying main ideas and distinguishing supporting information, understanding relationships among ideas, and taking notes that reflect this understanding. Assignments are based on lectures from SOC 150 (fall semester) and HST 102 (spring semester), in which students are concurrently enrolled. Video lab and group tutorial are required.

TRANSITION

ESL 295 WRITING TUTORIAL

1 hour. Students in their first semester after completing the ELI and new students who score between 500 and 550 on the TOEFL meet individually with a faculty member to improve their ability to write in English and to develop more effective study strategies.

REGULAR COURSE

ESL 285/485 SELECTED TOPICS

3 hours. Occasional special courses chosen to fit the needs and interests of students interested in teaching English as a Second Language.

■ FAMILY AND CONSUMER SCIENCES

FCS 120 APPAREL CONSTRUCTION

3 hours. Applies basic construction and fitting techniques to produce high-quality garments, properly fitted and aesthetically pleasing. The principles of fabric selection, the use and altering of commercial patterns, and the use of the sewing machine, serger and other sewing equipment are emphasized. Laboratory class. Open to all students.

FCS 211, 212 FOODS I, II

3 hours each semester. Examines the components of foods, including their selection, classification and interactions in food preparation. Laboratory experience included.

FCS 220 FASHION AND SOCIETY

2 hours. A survey of the nature, symbolism and process of fashion. Course will emphasize the cultural, sociological, psychological, economic and aesthetic influences of fashion.

FCS 230 TEXTILES SCIENCE

3 hours. Offered 1995-96. Surveys the sources and properties of natural and man-made polymers; yarn and fabric construction; colorations and finishes. Emphasis on fabric selection, use and care; labeling legislation and economics; and the consumer's role in influencing textile and clothing legislation. Laboratory experience included.

FCS 250 RESIDENTIAL EQUIPMENT

2 hours. Offered 1995-96. A study of the design, construction, use and contemporary technology behind the selection of major and small equipment designed for home use.

FCS 275 FIELD EXPERIENCE

1-4 hours. Supervised experience with an off-campus industry, business or institution where the student is observing and working with a professional home economist. Permission of instructor required.

FCS 280 MARRIAGE AND THE FAMILY

3 hours. A focus on relationships and issues in marriage and family development covering in Christian perspective such topics as families in cultural context, American family development, the married pair, parenting, the empty nest, widowhood and singleness. (Identical to SOC 280 and HEA 280.)

FCS 285/485 SPECIAL TOPICS

1-4 hours. Topics reflecting the special interest of students and faculty.

FCS 290 MEAL MANAGEMENT

2 hours. Offered 1996-97. The planning, purchase, preparation and service of foods. Emphasis on time, energy and money management, along with the nutritional needs of individuals and families. Laboratory included. Prerequisite: FCS 211, 212 Foods I, II, or instructor's permission.

FCS 300 NUTRITION

3 hours. A study of nutrients present in food and their relation to the nutritive needs of the human body. Emphasis on the young adult along with discussion of contemporary nutrition-related topics of national and global concern. Computer-assisted dietary analysis included. (Identical to HEA 300.)

FCS 310 CULTURAL FOODS

3 hours. The social, economic and religious influences of global food patterns are examined from regional perspectives. Two lectures and one laboratory per week.

FCS 311 HUMAN DEVELOPMENT: INFANCY TO ADOLESCENCE

3 hours. A study of physical, intellectual, personality, social and moral development from the prenatal period to adolescence. (Identical to PSY 311 and SWK 311.) Prerequisite: PSY 150 General Psychology.

FCS 320 FASHION MERCHANDISING

3 hours. Offered 1995-96. An introduction to the merchandising of ready-to-wear fashion. Organization and marketing activities of the textile and apparel industries. Analysis of the marketing channel and the product/service mix of textile and apparel manufacturers. Course includes an emphasis in visual merchandising.

FCS 330 RESIDENTIAL ARCHITECTURE

2 hours. Offered 1995-96. A study of housing trends and the psychological, social and economic needs of various family types. Site selection, planning and construction of housing emphasized. Computer-assisted design included.

FCS 340 CURRENT TRENDS IN FOOD

3 hours. Offered 1995-96. A study of current American food patterns affecting consumers and industry. Course will investigate the history of American food, along with influences molding contemporary trends and individual perceptions. Two lectures and one laboratory period per week.

FCS 350 RESOURCE MANAGEMENT

2 hours. Offered 1994-95. A study of resource allocation (time, money, energy) and its relationship to attainment of desired values, goals and standards. Emphasis is placed on the application of management principles individually and within the family.

FCS 351 INTERIOR DESIGN I

3 hours. Application of the elements of art and principles of design in planning and selecting materials and furnishings for the living environment. Emphasis on developing plans using available resources to fulfill the goals of the family while providing a functional and aesthetically pleasing interior design. Includes a section on historical furniture.

FCS 352 INTERIOR DESIGN II

2 hours. Offered 1996-97. Emphasis on the knowledge and skills needed for a career in interior design merchandising, both private and professional. Requirements will include developing a portfolio for a client and computer-assisted design and drafting (CADD). Prerequisites: FCS 351 Interior Design I, or instructor's permission.

FCS 360 CONSUMER BUYING

3 hours. Offered 1996-97. Analysis of the consumer in the marketplace. Course defines contemporary consumption patterns and uses the decision-making process to familiarize the consumer with appropriate resource allocation to attain desired goals.

FCS 370 PATTERN DRAFTING AND APPAREL DESIGN

3 hours. Offered 1995-96. Studies flat pattern and draping techniques and variations as they relate to garment design. Each student will produce an original pattern through flat pattern or draping techniques, sew original design in half-scale, construct design in full-scale, and model design in style show. Prerequisite: FCS 120 Apparel Construction.

FCS 410 LEADERSHIP OF STUDENT ORGANIZATIONS

1 hour. Offered 1995-96. Practical experience in leading a Future Family and Community Leaders (formerly FHA/HERO) chapter within a public school in the area will be the main emphasis. Required for family and consumer sciences teaching majors. Prerequisite: Permission of the instructor.

FCS 420 FASHION RETAILING

3 hours. Offered 1996-97. Principles of retailing as applied to fashion-oriented soft goods. Managing merchandise inventory through planning, procurement and promotion at the retail level. Emphasis on centralized buying, sales forecasting, inventory control, vendor analysis, negotiations and pricing. Quantitative analysis of inventory planning, pricing and control within a profitable retail organization.

FCS 430 NUTRITION AND THE LIFE CYCLE

3 hours. Offered 1995-96. Application of human nutrition to different stages of the life cycle from conception to the senior years. Emphasis on dietary needs connected with contemporary health issues. Lecture and individualized research. Prerequisite: FCS 300 Nutrition, or permission of the instructor.

FCS 440 EARLY CHILDHOOD EDUCATION PRACTICUM

2 hours. Offered 1996-97. A study of basic principles and techniques applicable to planning curriculum and teaching preschool children. Observation and participation in a preschool center included. Prerequisite: FCS 311 Human Development: Infancy to Adolescence.

FCS 475 FIELD EXPERIENCE

1-4 hours. Supervised experience with an off-campus industry, business or institution where the student is observing and working with a professional home economist. Permission of instructor required.

FCS 490 SENIOR SEMINAR

3 hours. Offered 1996-97. A capstone course for those anticipating entrance into home economics-related careers. The emphasis will be on careers in home economics; planning and giving demonstrations and an audiovisual presentation; writing behavioral objectives that are measurable; and building resource files. Prerequisites: Junior or senior standing or permission of the instructor.

■ **FRENCH**

FRE 101, 102 FIRST-YEAR FRENCH

3 hours each semester. Offered 1995-96. A study of the structures of the French language with practice in listening, speaking, reading and writing. The cultures of France and French-speaking countries of the world are presented as integral aspects of learning the language. Cassette tape listening and interaction are required.

FRE 201, 202 SECOND-YEAR FRENCH

3 hours each semester. An in-depth review of French structures, with intensive oral and written exercises designed to help the student acquire an accurate use of the language. Cassette tape listening and interaction are required. Prerequisite: FRE 102 First-Year French, or two years of high school French, or by testing.

FRE 275/475 FIELD EXPERIENCE

1-10 hours. Supervised experience in a situation demanding extensive use of French. Admission and credit hours determined by instructor.

FRE 285/485 SELECTED TOPICS

2-4 hours. Occasional special courses chosen to fit the needs and interests of students and faculty.

FRE 301, 302 FRENCH COMPOSITION AND CONVERSATION

Themes may include personal growth and fulfillment, advances in science and technology, conflict resolution in a competitive world, community service by persons and corporations, and Christian responses to current issues.

MHR 495 SENIOR RESEARCH PROJECT

3 hours. Throughout the Management of Human Resources Program, students plan, implement and report on a survey research project. The project examines a problem in the student's occupation or environment. Results are published and presented at the conclusion of the program.

■ **MATHEMATICS**

MTH 100 THE WORLD OF MATHEMATICS

3 hours. An introduction to various topics of modern mathematics from an elementary point of view so as to be understandable to non-mathematics and non-science majors and to foster an appreciation for the art, history, beauty and applications of mathematics. Topics will be covered that allow students to do the mathematics involved without needing a strong mathematical background.

MTH 120 INTERMEDIATE ALGEBRA

3 hours. A course for students who have had an introductory course in algebra or who require further review before taking additional courses in math or science. Topics include the solving of linear equations and systems of equations, factoring of polynomials, and an introduction to functions.

MTH 190 PRE-CALCULUS MATHEMATICS

4 hours. A course for students who are preparing to take calculus or other courses requiring a similar background. In addition to studying the topics found in a college algebra course, this course will focus on trigonometry and an introduction to exponential and logarithmic functions. Prerequisite: MTH 120 or its equivalent.

MTH 195 CALCULUS FOR TEACHERS

3 hours. A nontheoretical course designed to give an overview of the nature and power of the calculus. An introduction to differential and integral calculus with particular reference to the relationship between secondary math and its use in the calculus. This course fulfills part of the requirements leading to a basic endorsement in mathematics for teaching mathematics through Algebra I.

MTH 201, 202, 301 CALCULUS I, II, III

4 hours each semester for MTH 201, 202; 3 hours for MTH 301. A study of differential and integral calculus including functions of more than one variable. Additional topics include vector geometry, infinite series and applications. Prerequisite: MTH 180 College Algebra and Trigonometry, or equivalent.

MTH 211, 212 INNOVATIONS IN TEACHING BASIC MATHEMATICS

3 hours. A study of arithmetic structures of mathematics, statistics, probability, informal geometry and applications of elementary mathematics, with particular focus on how these topics are taught. This sequence is designed only for the mathematics education student and does not apply for the mathematics major. (Identical to EDU 311, 312.)

MTH 240 STATISTICAL PROCEDURES

3 hours. Statistical procedures for the social sciences. Emphasis on the development of a basic knowledge of the statistical tools available for the analysis of problems and issues in the social sciences. (Identical to PSY 340 and SOC 340.) Prerequisite: High school algebra or equivalent.

MTH 290 MATHEMATICAL LOGIC

3 hours. Offered 1995-96. This course is intended to facilitate a smooth transition from lower-level, computation-oriented math courses to upper-level, more theoretical courses. Topics include symbolic logic, methods of proof, set theory, etc. Prerequisite: MTH 201 Calculus I.

MTH 300 INTRODUCTION TO NUMERICAL COMPUTATION

3 hours. Offered 1995-96. An introduction to the programming of scientific and mathematical problems. The programming language FORTRAN is introduced and used. Prerequisites: MTH 202 Calculus II and CIS 201 Introduction to Computer Science I, or consent of instructor. (Identical to CIS 300.)

MTH 310 DIFFERENTIAL EQUATIONS

3 hours. Offered 1995-96. A study of the theory, methods of solution and applications of ordinary differential equations. Methods include series solutions and Laplace transforms. Prerequisite: MTH 301 Calculus III.

MTH 320 LINEAR ALGEBRA

3 hours. Offered 1996-97. A study of matrices and their properties and application, linear transformations and vector spaces. Prerequisite: MTH 301 Calculus III.

MTH 330 PROBABILITY

3 hours. Offered 1995-96. A study of sample spaces, combinatorial methods, discrete and continuous distributions, moment-generating functions, and the central limit theorem. Prerequisite: MTH 301 Calculus III.

MTH 340 ELEMENTARY NUMBER THEORY

3 hours. Offered 1994-95. An introduction to the basic properties of whole numbers, including such topics as prime numbers, Euclid's algorithm, Fermat's Theorem, congruences and Diophantine equations. The course will emphasize historical development of the relevant topics. Prerequisite: MTH 202 Calculus II.

MTH 350 MODERN GEOMETRY

3 hours. Offered 1994-95. A rigorous study of Euclidean geometry and an introduction to nonEuclidean geometries. Prerequisite: MTH 202 Calculus II.

MTH 360 DISCRETE MATHEMATICS

3 hours. Offered 1994-95. An introduction to discrete mathematics. Topics covered include sets, functions, math induction, combinatorics, recurrence, graph theory, trees and networks. Prerequisite: MTH 180 College Algebra and Trigonometry or equivalent.

MTH 410 ALGEBRAIC STRUCTURES

3 hours. Offered 1995-96. A study of groups, rings, integral domains, fields, polynomial rings and algebraic number systems. Prerequisite: MTH 202 Calculus II.

MTH 470 OPERATIONS RESEARCH

3 hours. Offered 1995-96. An introduction to the mathematical tools useful in the study of optimization with particular emphasis on linear programming. Additional topics include queuing theory, integer programming and simulation. (Identical to CIS 470.) Prerequisites: MTH 180 College Algebra and Trigonometry and CIS 130 Programming the Personal Computer, or equivalent.

MTH 485 SPECIAL TOPICS

1-3 hours. A class with topics in mathematics chosen to fit special needs or interests of students, faculty or visiting professors. Prerequisite: MTH 301 Calculus III.

MTH 490 SENIOR SEMINAR

2 hours. Offered 1996-97. A seminar for junior and senior math majors to explore current topics selected by the instructor. Emphasis will be placed on significant student involvement in the classroom. Prerequisite: Junior or senior standing.

MTH 495 SPECIAL STUDY

1-3 hours. Independent study of mathematical topics outside the regular offerings. Topics include advanced calculus, mathematical statistics, topology, real and complex analysis, and others. For upper-division mathematics majors only, by permission.

■ **MUSIC**

APPLIED MUSIC

MUA 105/305 APPLIED VOICE

1 hour. Study of proper voice production with emphasis on posture, breathing and resonance. Studies from the standard repertoires, including English songs, Italian classics, German

lieder, French art songs, oratorio and operatic arias, and select-ed contemporary works.

MUA 105/305 APPLIED PIANO

1 hour. Technical exercises, scales and arpeggios in various rhythms; etudes of varying difficulty, such as those by Duvernoy, Burgmuller, Heller, Czerny and Clementi. Repertoire from the historical periods are studied, including selected contemporary composers. A select group of concerti are also studied.

MUA 105/305 APPLIED ORGAN

1 hour. Basic study of pedal and manual techniques. Standard works from the Baroque, Classic, Romantic and Modern periods.

MUA 105/305 APPLIED STRINGS

1 hour. Instruction on violin, viola, cello and string bass. Basic fundamentals, posture, bow and arm techniques, shifting, and vibrato. Included are scale and arpeggio studies and works from the standard solo and orchestral repertoire.

MUA 105/305 APPLIED WOODWINDS

1 hour. Instruction on flute, clarinet, oboe, saxophone and bassoon. Tone production, scales and arpeggios in various articulations. Includes technical studies and works from the standard solo and orchestral repertoire.

MUA 105/305 APPLIED BRASS

1 hour. Instruction on trumpet, French horn, trombone, baritone and tuba. Technical studies include tone production, scales and arpeggios with various articulation. Works from the standard solo and orchestral repertoire are studied.

MUA 105/305 APPLIED PERCUSSION

1 hour. Instruction on snare drum, tympani, the mallet instruments and drum set. An in-depth study of all the percussion instruments used in the concert band and orchestra.

MUA 105/305 APPLIED GUITAR

1 hour. Study of playing techniques, with emphasis on chordal knowledge and basic strums. Solos and ensemble pieces will be included for each student at his or her performance level.

ENSEMBLES

MUA 115/315 FESTIVAL CHORUS

1/2 hour. The chorus is composed of members of the college touring choirs. It also is open to all college students, college faculty and staff, alumni, and community singers. The chorus, typically accompanied by orchestra, performs a significant sacred choral work from the choral repertoire each spring. Handel's *Messiah* is performed every third year.

MUA 125/325 CONCERT CHOIR

1 or 1/2 hour. The Concert Choir is committed to excellent choral singing in a wide variety of styles, including standard collegiate repertoire from the Renaissance through the 20th century, as well as contemporary sacred and gospel arrangements, spirituals, and hymn settings. The choir's combined commitment to excellence and ministry finds expression in concerts given on campus and in churches throughout the Northwest. The Concert Choir also annually presents "Ye Olde Royal Feaste," a festive Christmas madrigal dinner with singers in Elizabethan costumes. Rehearsals are held four days a week. Membership is by audition.

MUA 125T/325T MUSIC THEATRE

1 or 1/2 hour. Chorus members and leading roles are selected by audition. Membership also is open to all students interested in the production aspects of theatre. This organization offers one major presentation each spring. Works performed include Broadway musicals, light opera, music reviews and an occasional opera. Orchestra accompaniment generally is used, and productions are completely staged, choreographed, costumed and lighted.

MUA 135/335 GEORGE FOX SINGERS

1/2 hour. This ensemble, composed of talented and versatile singers drawn from the Concert Choir, sings a flexible repertoire ranging from Renaissance madrigals through contemporary vocal jazz settings and Christian contemporary gospel. They participate in "Ye Olde Royal Feaste," Concert Choir tour, and various campus concerts. Membership is by audition.

MUA 135D/335D DAYSPRING

1/2 hour. This ensemble, composed of talented and versatile singers and instrumentalists, represents the College in churches, high schools, banquets, service clubs and college functions. Their repertoire includes Christian contemporary settings, arrangements of traditional hymns and spirituals, and vocal jazz. Membership is selected through interviews and auditions with representatives of the music, development and admissions departments.

MUA 135C/335C CHAPEL SINGERS

1/2 hour. Basic techniques of choral singing are learned. Sacred repertoire reflecting both contemporary and traditional styles is sung for chapel, Christmas Vespers, and occasional church and community functions. Secular selections also are sung in the Spring Concert. Membership is by audition.

**MUA 135H/335H GEORGE FOX COLLEGE
HANDBELL RINGERS**

1/2 hour. This musical ensemble shares its music with community agencies, churches and college audiences. Open to all by audition. Limited to 12 ringers.

MUA 145/345 CONCERT BAND

1 or ½ hour. The Concert Band is a touring ensemble that plays concerts throughout the Northwest. A fall pops concert features music from the classical pops to current movie themes. The spring tour repertoire is played in schools, churches and for Chapel. This ensemble serves to train students for careers in instrumental conducting and performing. Admission is by consent of the instructor.

MUA 145J/345J JAZZ ENSEMBLE

½ hour. An ensemble organized to train instrumentalists in the jazz repertoire. Performances are usually for school events and some off-campus concerts. Members who are GFC students must be concurrently enrolled in the Concert Band.

MUA 155/355 CHEHALEM SYMPHONY ORCHESTRA

½ hour. The symphony orchestra performs music by the master composers of the Baroque, Classical, Romantic and Modern eras. Concertos featuring student soloists are often part of the annual repertoire. Community faculty musicians combine with college students to form this ensemble. Performances include fall and spring concerts, as well as accompaniment of the Festival Chorus. Admission is by consent of the instructor.

MUA 165/365 INSTRUMENTAL ENSEMBLE

½ hour. An ensemble organized to meet the needs of the instrumental music student who desires to explore literature for the small ensemble, such as String Quartet, Brass Quartet or Woodwind Quintet.

THEORY AND LITERATURE

The World of Music is offered under GED 110.

MUS 100 MUSIC FUNDAMENTALS

2 hours. This course provides a fundamental understanding of music by considering the basics of musical construction, with examples drawn from the history of music. A study of musical notation, interval recognition, elements of pitch and rhythm, scale and chord construction, essential concepts in harmony, and basic musical forms. The student will be able to experience these fundamental concepts at the piano. No musical or keyboard experience is necessary.

MUS 110 UNDERSTANDING JAZZ

2 hours. A study of various aspects and types of jazz from blues to jazz rock. Students will discover the great jazz artists and learn how to listen to a variety of jazz idioms.

MUS 111, 112 INTRODUCTION TO MUSIC LITERATURE

2 hours each semester. A course to develop music appreciation through extensive listening to standard works. Study of vocal and instrumental forms and styles of the various periods.

MUS 121, 122 THEORY I

3 hours each semester. A course designed to help the student systematically acquire basic information and interrelated skills that will be of value in future musical endeavors as performer, teacher or composer. Includes work in part writing, keyboard harmony, analysis and creative writing.

MUS 125 VOICE CLASS

1 hour. May be repeated for credit. A course designed for beginning singers who wish to understand, improve and enhance their individual voices. Classroom participation will include instruction in basic vocal technique and care of the voice. Students will learn a variety of song literature and vocal exercises.

MUS 131, 132 SIGHT SINGING AND EAR TRAINING

1 hour each semester (two class hours a week). A lab experience designed to develop proficiency in singing prepared melodies, melodies at sight, rhythmic patterns and in taking basic melodic dictation. Music majors should register for this lab as a required component of MUS 121, 122 Theory I, which should be taken concurrently.

MUS 135 CLASS PIANO

1 hour. May be repeated for credit. Elementary- to intermediate-level class instruction in piano. This class is open to any student regardless of previous experience and does not require an instruction fee in addition to the normal tuition cost. It is required of all music majors who have not yet met the piano proficiency skill level. Students working toward achieving the required piano proficiency may choose to study private applied piano with the instructor's consent rather than enroll for class piano.

MUS 140 ORGAN FOR PIANISTS

1 hour. Offered 1996-97. Group instruction in organ, its design, literature and performance techniques. Designed for pianists of at least intermediate keyboard competency with no previous experience in organ.

MUS 150 KEYBOARD ACCOMPANIMENT

1 hour. This course provides "on-the-job training" and special insights and skills in the art of accompanying. A wide range of repertoire is studied, from accompanying classical solo artists to accompanying choirs (both classical and gospel), small ensembles and congregational singing.

MUS 180 INTRODUCTION TO MIDI (MUSICAL INSTRUMENT DIGITAL INTERFACE) LAB

2 hours. This introductory course in digital music processing (electronic sound generation) acquaints students with the main equipment and software, as well as basic techniques used in contemporary studio production.

MUS 200 BASIC CONDUCTING

1½ hours. Offered 1996-97. Introduction to the basic fundamentals of conducting for the music major, the music education major and the future church musician. Emphasis is placed upon the mastery of simple conducting patterns, cues and expressive gestures, and common problems in leading group singing and in directing musical ensembles.

MUS 210 KEYBOARD LITERATURE

2 hours. Through a variety of keyboard music (harpsichord, piano, organ and synthesizer), students will acquire an understanding of diverse keyboard approaches from the Baroque through contemporary styles. Recommended for those especially interested in keyboard music.

MUS 220 VOCAL TECHNIQUES

1 hour. Offered 1995-96. Fundamental instruction in understanding the basic techniques of singing. Required for music education majors and recommended for those who seek to gain a basic understanding of fundamental singing concepts.

MUS 221, 222 THEORY II

4 hours each semester. A continuation of Theory I. Includes chromatic harmonies and remote modulations. Introduction to 20th-century harmonic usage. Creative work is required. Prerequisite: MUS 121, 122 Theory I.

MUS 230 STRING TECHNIQUES

1 hour. Offered 1995-96. Elementary class instruction in the techniques of playing stringed instruments. Required of music education majors.

MUS 250 FOLK GUITAR TECHNIQUES

1 hour. Offered 1995-96. Elementary class instruction in the techniques of playing folk guitar.

MUS 260 BAND TECHNIQUES

2 hours. Offered 1996-97. Elementary class instruction in the technique of playing woodwind, brass and percussion instruments to provide adequate teaching knowledge.

MUS 285 SELECTED TOPICS

1-2 hours. A seminar lecture class concerned with current faculty interests. Topics such as music literature, keyboard pedagogy, piano technician, etc.

MUS 310 COUNTERPOINT

2 hours. Offered on demand. Principles of 18th-century polyphony. Detailed study of the works of J. S. Bach and his contemporaries. Original composition required. Prerequisites: MUS 221, 222 Theory II.

MUS 311, 312 MUSIC HISTORY

3 hours each semester. A study of the development of music from antiquity through the 20th century. Comparisons are made to the development of the other arts. Concentrated study of music literature emphasizing the change in musical styles during the different historical periods. Prerequisites: MUS 121, 122 Theory I.

MUS 320 FORM AND ANALYSIS

2 hours. Offered 1995-96. Detailed study of the structural components of music, including the motive, phrase and period. Application to principal contrapuntal and homophonic forms of the Classic, Romantic and Modern periods. Prerequisites: MUS 221, 222 Theory II.

MUS 340 CHURCH MUSIC (HISTORY AND ADMINISTRATION)

3 hours. Offered 1995-96. A study of music within the church, viewed historically from the early centuries through the needs of the contemporary church.

MUS 380 KEYBOARD IMPROVISATION AND SERVICE PLAYING

2 hours. Offered 1996-97. A practical course for pianists and organists seeking to discover creative approaches in programming and leading the congregation in inspirational worship and celebration.

MUS 420 COMPOSITION

2 hours. Offered 1996-97. Detailed study of representative works in the contemporary musical idiom and creative writing within the smaller forms. Prerequisites: MUS 221, 222 Theory II.

MUS 430 INSTRUMENTATION AND ORCHESTRATION

2 hours. Offered 1995-96. A study of the instruments of the orchestra and band, including their ranges, characteristics and capabilities. Practical application of the principles of arranging and scoring for orchestral/band instrumental combinations. Prerequisites: MUS 221, 222 Theory II.

MUS 460 ADVANCED CONDUCTING

2 hours. Offered 1995-96. A course designed to acquaint the student with advanced choral and instrumental literature. Basic conducting patterns are reviewed and adapted to all aspects of conducting: syncopation, cuing and expressive gestures. Prerequisite: MUS 200 Basic Conducting.

MUS 475 FIELD EXPERIENCE

1-5 hours. Supervised experience in music apprenticeship as conductor, performer or composer. Prerequisite: Consent of music faculty.

MUS 485 SELECTED TOPICS

1-3 hours. A seminar lecture class concerned with current faculty interests and areas of research. Topics available are keyboard pedagogy, piano technician, language orientation for the singer, contemporary literature, MIDI lab, vocal pedagogy, conducting practicum, history of black music, and chamber, symphonic and choral literature.

MUS 491, 492 SENIOR SEMINAR, RECITAL/LECTURE

1 hour each semester. Students prepare a project in cooperation with a faculty advisor. The project or recital is presented before an audience and filed permanently in the music department.

MUS 495 SPECIAL STUDY

1-3 hours. Individual research under the guidance of the faculty. Prerequisite: Consent of music faculty.

■ **PHILOSOPHY**

PHL 210 INTRODUCTION TO PHILOSOPHY

3 hours. This introduction to philosophical issues encompasses study of the human quest to understand the meaning of knowledge, art, nature, God, values and other vital interests. Lectures and reading will introduce the student to the major systems of philosophy developed by thoughtful persons over the centuries.

PHL 230 ETHICS

3 hours. Ethics consists of an analysis of the ethical theories and systems by which persons make judgments and choices, with special attention to contemporary moral issues and the modern revival of virtue theory.

PHL 260 SOCIOLOGICAL THEORY

3 hours. A critical study of some major social philosophers from Comte to the present. (Identical to SOC 260.) Prerequisites: SOC 150 Principles of Sociology, and PHL 210 Introduction to Philosophy, or permission of the instructor.

PHL 340 LOGIC

3 hours. Offered 1995-96. Logic involves a study of Aristotelian forms of deductive reasoning, including the syllogism, inductive reasoning, fallacies, and some aspect of symbolic logic, including Venn diagrams and truth tables. Its goal is to facilitate sound thinking that is both creative and critical.

PHL 380 HISTORY OF PHILOSOPHY

4 hours. Offered 1996-97. As a study of the philosophical systems in their historical development, particularly in the civilization of the West, this course encompasses the ongoing dialogue between religious and secular pursuits of truth. Prerequisite: PHL 210 Introduction to Philosophy.

PHL 485 SELECTED TOPICS

2 hours. A seminar on a topic chosen by the professor. Open to upper-division majors and others by permission.

PHL 495 SPECIAL STUDY

1-3 hours. Individual research. Open to qualified students upon application.

■ **PHYSICS**

PHY 150 PHYSICS OF EVERYDAY LIFE

3 hours. A relevant and practical introduction to everyday physical phenomena through a conceptual survey of various physics topics, including motion, energy, sound, light, electricity and relativity. No mathematical background is required. This course meets the general education requirement and is designed for non-science majors. Two lectures and one laboratory period per week.

PHY 201, 202 GENERAL PHYSICS

4 hours each semester. Mechanics, thermodynamics, electricity and magnetism, wave motion and optics, and modern physics, using algebraic methods for analysis.

PHY 211, 212 GENERAL PHYSICS WITH CALCULUS

4 hours each semester. Mechanics, thermodynamics, electricity and magnetism, wave motion and optics, and modern physics, using calculus methods for analysis. Prerequisite: MTH 201 Calculus I.

■ **POLITICAL SCIENCE**

PSC 210 AMERICAN GOVERNMENT

3 hours. Offered 1996-97. The theory and practice of the federal government.

PSC 220/420 WAR AND CONSCIENCE IN THE UNITED STATES

3 hours. Offered 1995-96. An exploration of American thought on the subject of war, both today and in past crises such as the American Revolution, Civil War, wars with the Indians, and the world wars; a study of the official position major church bodies have taken in regard to war, and the experiences of individuals who refused to fight. (Identical to HST 220/420.)

PSC 240 STATE AND LOCAL GOVERNMENT

3 hours. Offered 1996-97. The origins, evolution, structure and present functions of state, county and city government, with particular reference to Oregon. Special attention is given to the rising problems of urban government and regional planning.

PSC 250 INTERNATIONAL CONFLICT AND PEACE

3 hours. Offered 1996-97. An introduction to the insights, the vocabulary, the research methods and the applications of the field of peace studies. Useful both as a foundation for other peace studies courses and as a single course to fit in with other majors. (Identical to SOC 250.)

PSC 260 INTRODUCTION TO LAW

3 hours. Offered 1995-96. A general study of the role of law and the legal profession in American life, and a survey of the major topics addressed by the law. Attention also is given to the values promoted by our legal system and the Christian interaction with it.

PSC 285/485 SELECTED TOPICS

1-3 hours. A seminar dealing with various topics as announced that represent current faculty interests and competencies.

PSC 310 CONFLICT RESOLUTION

3 hours. Offered 1995-96. A study of communication principles found useful in managing conflict productively. Focus is given to conflict occurring in institutional and organizational settings between individuals and groups. Attention also is given to conflict in interpersonal, national and international settings. (Identical to COM 310.)

PSC 340 INTERNATIONAL RELATIONS

3 hours. Offered 1996-97. Introduction to the principles and study of interstate relations in the contemporary world. Special attention is given to the problem of sovereignty, the United Nations, and international law. (Identical to INS 340.)

PSC 390 PEACE RESEARCH

1-3 hours. Directed research on peace subjects, both current and historical. Students will normally write a major research paper. (Identical to HST 390.)

PSC 410 COMMUNITY MEDIATION

3 hours. Offered 1995-96. A study of mediation skills and their uses in community disputes, including neighborhood conflicts, public policy issues, and as court-annexed alternatives to litigation. Students also will examine the impact of mediation on democratic political theory, on the theory underlying our adversarial legal system, and on Christian views of conflict in the public arena.

PSC 475 FIELD EXPERIENCE

2-12 hours. Supervised experiences in varied government agencies. For upper-division students only, by permission.

■ **PSYCHOLOGY**

PSY 150 GENERAL PSYCHOLOGY

3 hours. An introduction to the scientific study of human behavior. Major topics include the biological bases of behavior, sensation, perception, thinking, learning, memory, emotion, motivation, personality, social interaction, and abnormal behavior. One section of the course will be available for students who know they want to major in psychology. The section for majors will cover the same major topics but will prepare students to engage these topics on a professional level. Prerequisite to all other psychology courses.

PSY 275 EXPLORATORY FIELD EXPERIENCE

2-3 hours. An opportunity to observe professionals in the helping environment.

PSY 300 GROUP DYNAMICS

3 hours. A study and application of principles and techniques involved in interaction of individuals within various groups. (Identical to SOC 300.) Prerequisite: PSY 150 General Psychology.

PSY 311 HUMAN DEVELOPMENT: INFANCY TO ADOLESCENCE

3 hours. A study of physical, intellectual, personality, social and moral development from the prenatal period to adolescence. (Identical to HEC 311, SWK 311.) Prerequisite: PSY 150 General Psychology.

PSY 312 HUMAN DEVELOPMENT: YOUNG ADULTHOOD TO OLD AGE

3 hours. Offered 1995-96. A study of physical, intellectual, personality, social and moral development from young adulthood to old age. This course continues the discussion begun in PSY 311 Human Development: Infancy to Adolescence. Prerequisite: PSY 150 General Psychology.

PSY 330 PERSONALITY THEORIES

3 hours. A survey of the major theorists of personality and their theories. Included are psychoanalytic, dispositional, phenomenological and behavioral theories. An integrative approach will involve synthesis of important elements of theory and Scripture. Prerequisite: PSY 150 General Psychology.

PSY 340 STATISTICAL PROCEDURES

3 hours. Applied statistics for the social and behavioral sciences. Emphasis is placed on statistical logic and decision making. (Identical to MTH 240 and SOC 340.) Prerequisites: PSY 150 General Psychology, and high school algebra or equivalent.

PSY 350 SOCIAL PSYCHOLOGY

3 hours. Offered 1995-96. A study of the social and psychological processes of human interaction. Major topics to be covered include conformity, aggression, self-justification, persuasion, prejudice, attraction and interpersonal communication. (Identical to SOC 350.) Prerequisite: PSY 150 General Psychology.

PSY 360 LEARNING

4 hours. Offered 1995-96. A survey of learning theories and the basic research questions being asked in this important field. Special emphasis will be placed on translating experimental theory into practical methods. Students will replicate classic experiments that highlight the differences between Operant and Classical conditioning, and explore shaping, blocking, higher-order conditioning and transfer of learning. Current approaches to learning, and the impact of computer models on learning theory, also will be explored. Three lectures and one two-hour laboratory per week. Prerequisite: PSY 150 General Psychology. Recommended: PSY 340 Statistical Procedures, PSY 390 Research Methods.

PSY 370 COGNITION

4 hours. Offered 1994-95. Traditional areas of study in cognitive psychology will be discussed. These areas include perception, attention, memory, reasoning, problem solving and language. Traditional views as well as current trends will be discussed. Three lectures and one two-hour laboratory per week. Prerequisite: PSY 150 General Psychology. Recommended: PSY 340 Statistical Procedures, PSY 390 Research Methods.

PSY 381 COUNSELING

3 hours. A study of theory and technique of person-centered counseling. The course is designed to teach basic theoretical postulates and to focus on effective intervention skills for those anticipating future work in Christian ministries, teaching or mental health settings. Open to sophomores and above. (Identical to CHM 381 and SWK 381.) Recommended as a prerequisite for field experience work (PSY 475). Prerequisite: PSY 150 General Psychology. Recommended: PSY 330 Personality Theories.

PSY 382 ADVANCED COUNSELING

1 hour. In this course, students will practice basic listening and therapeutic skills (including empathy, confrontation, connecting, etc.) from a person-centered theoretical stance. (Identical to CHM 382 and SWK 382.) Prerequisite: PSY 381 Counseling. Recommended: PSY 330 Personality Theories.

PSY 390 RESEARCH METHODS

3 hours. An introduction to methods of psychological research. Students will be involved in designing and conducting experimental research. This course is fundamental preparation for students planning graduate work in psychology or related fields. Prerequisites: PSY 150 General Psychology, PSY 340 Statistical Procedures. Recommended: PSY 400 Tests and Measurements.

PSY 400 PSYCHOMETRICS

3 hours. Students will develop skills in understanding and critically evaluating educational and psychological tests (measures of ability, achievement, personality and vocational interest). Also, modern principles of "psychometrics"—data-based analysis of test items, scores and interpretations—will be emphasized, particularly the reliability and validity of items and scales. Students will have hands-on experience with various tests and will computer analyze sample data from test development projects. Prerequisites: PSY 340 Statistical Procedures and PSY 390 Research Methods.

PSY 410 SENSATION AND PERCEPTION

4 hours. Offered 1995-96. Using psychophysical techniques, students will study sensory systems, including vision, audition, olfaction, taste, touch and kinesthesia. Students will measure sensory thresholds, as well as study perceptual phenomena such as illusions and the impact of experience and values on perception. Classic and current theories of perception and sensation will be discussed. Three lectures and one two-hour laboratory per week. Prerequisite: PSY 150 General Psychology. Recommended: PSY 340 Statistical Procedures, PSY 390 Research Methods.

PSY 420 ABNORMAL PSYCHOLOGY

3 hours. Offered 1994-95. A study of the nature, causation and treatment of the major psychiatric and behavioral disorders. Prerequisite: PSY 150 General Psychology.

PSY 440 PSYCHOLOGY OF RELIGION

3 hours. This course will cover topics such as the human experience of the Divine, the psychology of religious development, the psychology of dogmatic beliefs, ritual religious psychopathology, the psychology of conversion and the psychology of faith. The course will also discuss and critique the body of research on religious behaviors. Prerequisite: PSY 150 General Psychology.

PSY 450 SYSTEMS OF PSYCHOLOGY

3 hours. The history of the various schools of psychology, their origins, distinguishing characteristics, major contributions, theoretical positions and contemporary issues are investigated. Required for psychology majors and minors. Prerequisite: PSY 150 General Psychology.

PSY 460 PHYSIOLOGICAL PSYCHOLOGY

3 hours. Offered 1995-96. This course will introduce students to the fundamental principles of neuroanatomy, psychobiochemistry, and the physiological basis of behavior. A biobehavioral approach to the understanding of behavior will be explored. Prerequisite: PSY 150 General Psychology.

PSY 475 FIELD EXPERIENCE

2-10 hours. Supervised experiences in helping activities in mental health agencies and institutions. A maximum of three hours may be applied toward a psychology major. For upper-division majors only, by permission. Recommended: PSY 381 Counseling.

PSY 485 SELECTED TOPICS

1-3 hours. A course dealing with various topics, as announced, that represent current faculty interests and competencies and student interest. Previous offerings have included advanced counseling, biological psychology, psychology of religion and psychology of gender. Prerequisite: PSY 150 General Psychology.

PSY 490 SENIOR SEMINAR

1 hour. Integration of Christianity and psychology is emphasized. In addition, students make preparations for careers in psychology. Required for all psychology majors. Prerequisite: Senior standing.

PSY 495 SPECIAL STUDY/RESEARCH

GRADUATE PROGRAMS

George Fox College offers graduate programs in four different fields. Advanced degrees are offered in the field of education (Master of Arts in Teaching and Master of Education), psychology (Master of Arts and Doctor of Psychology in clinical psychology), business (Master of Business Administration in management), and religion (Master of Arts in Christian Studies). The M.A.T. and M.Ed. programs are both designed to prepare students for the teaching profession. The M.B.A. is a two-year, nontraditional program designed for the professional working adult. The M.A. and Psy.D. program in clinical psychology, a five-year program, prepares students as clinical practitioners. The M.A. in Christian Studies is a 10-month, full-time program intended to prepare professional and lay persons for leadership in the church. Currently all graduate programs enjoy formal regional accreditation.

BUSINESS

See "Management (*M.B.A. Degree*)."

CHRISTIAN STUDIES

(*M.A. Degree*)

■ PROGRAM DESCRIPTION

Designed as a one-year, 36-semester-hour program, the Master of Arts in Christian Studies provides a strong foundation in biblical and theological studies, as well as opportunity for individual specialization and practical application. The curriculum offers a foundation for deeper understanding of the Christian faith and for continuing reflection and imaginative application. More specifically, the curriculum focuses on the following objectives:

- Introducing the student to the foundational documents and primary source materials for Christian understanding and reflection: the Old and New Testaments of the Christian Bible.
- Developing the student's understanding of the history and methodology of biblical interpretation through the study of exegesis and interpretation.
- Enabling the student to develop a personally satisfying theological approach to Christian faith through the study and application of biblically based theological systems.
- Increasing the student's awareness of the diverse cultural experiences and expressions of modern humanity and how Christianity relates to this diversity.

- Expanding the student's knowledge of historical perspectives of Christianity and how these can aid current critical reflection on and evaluation of contemporary forms of Christianity.
- Developing the student's knowledge of contemporary moral and ethical issues and how the Christian faith addresses these.
- Enabling the student to integrate Christian faith and practical application in personally designed integration projects.

■ ADMISSIONS

The following are required of all students as a basis for admission: baccalaureate degree from an accredited college or university; minimum grade point average (GPA) of 3.0 for the last two years of baccalaureate program; application essay of 500 words (to assess verbal skills); and three letters of recommendation (academic, character, pastoral). An interview may be requested. It is departmental policy to consider applicants who show significant promise even though they may not meet these criteria.

■ DEGREE REQUIREMENTS

The M.A. in Christian Studies requires the completion of 36 semester hours composed of nine hours in Individual Specialization and 27 hours of course work (nine hours in Bible—students choose two courses from BIB 510, 520 and 530; all take BIB 550—and 18 hours in religion). REL 560 Foundational Seminar and REL 585 Individual Specialization (9 hours) are required of all students. Students must maintain a minimum GPA of 3.0.

■ COURSE OFFERINGS

GRADUATE BIBLICAL STUDIES COURSES

BIB 510 OLD TESTAMENT STUDIES

3 hours. An investigation of the books of the Old Testament emphasizing thematic and structural elements that enhance the student's ability to perceive unity within diversity and that provide a basis for continued theological and integrative studies.

BIB 520 NEW TESTAMENT STUDIES

3 hours. Introduction to the New Testament literature employing the same thematic and structural approach initiated in BIB 510 Old Testament Studies.

BIB 530 BIBLICAL THEOLOGY

3 hours. The diversity of Old and New Testament theological expression is studied, with attention to unifying elements and the distinction between descriptive and prescriptive theological motifs. Various contemporary reflections on the nature and purpose of biblical theology are discussed. Prerequisite: BIB 510 Old Testament Studies, or permission of the instructor.

BIB 550 BIBLICAL EXEGESIS AND INTERPRETATION

3 hours. Issues and methods of biblical (Old Testament and New Testament) exegesis and interpretation are encountered in the investigation of specific biblical texts.

GRADUATE RELIGION COURSES**REL 510 CHRISTIAN THEOLOGY**

3 hours. A study of classical and contemporary models for developing a consistent, logical and systematic approach to Christian theology based on an authoritative view of Scripture.

REL 520 SPIRITUAL FORMATION

3 hours. This course is designed to facilitate the student's understanding of the ways God works in human lives effecting redemptive change and spiritual transformation. A theoretical basis for reflection will include study of recent cognitive models of faith development and selected readings from the devotional classics. Experiential components will include individual and corporate approaches to the life of prayer, exercises in spiritual direction, and journaling.

REL 530 CONTEMPORARY RELIGIOUS WORLDVIEWS

3 hours. The development and teachings of the major non-Christian religions of the world (East and West) will be studied, with special attention to those elements that shape their understanding of the nature of God, humanity, the world and the purpose/goal of life. Other important Western religious traditions will also be considered.

REL 540 CHRISTIAN ETHICS

3 hours. Basic issues and methodologies for the construction of a consistent, biblically based, Christian life ethic are presented and discussed to provide the basis for continued, integrative reflection and decision making in a variety of life settings.

REL 550 HISTORICAL PERSPECTIVES ON CHRISTIANITY

3 hours. The course offers a survey in brief of significant events, persons and developments in Christian history from the time of Christ until the present. The purpose is to provide a panoramic rather than exhaustive view as a foundation for continued reflection on the place of the Christian and Christianity in the world.

REL 560 FOUNDATIONAL SEMINAR

3 hours. Required of all M.A.C.S. program participants, this course will set the practical, integrative tone that characterizes the course of study. Styles and philosophies of Christian leadership appropriate to a broad range of Christian service possibilities will be considered. Participants will define the nature of their Individual Specialization Plan in this course.

REL 585 INDIVIDUAL SPECIALIZATION

9 hours. Individual study under the supervision of faculty and in support of the participant's Individual Specialization Plan prepared in REL 560 Foundational Seminar.

CLINICAL PSYCHOLOGY

(M.A. and Psy.D. Degrees)

■ PROGRAM DESCRIPTION

The Doctor of Psychology (Psy.D.) program follows a professional (practitioner) model and is designed to prepare qualified, professional psychologists. The professional model is distinguished from the more traditional scientist-practitioner model leading to the Ph.D. by its greater emphasis upon the development of clinical skills. It provides training in the scientific foundations of psychology and in research methods and statistics, but places primary emphasis on the development of clinical skills. Since the initial endorsement of the Doctor of Psychology degree by the American Psychological Association in 1979, the professional model has been incorporated into the training programs of a growing number of universities and professional schools.

The curriculum of the Graduate School of Clinical Psychology is designed as an integral five-year program. The first two years emphasize study in the scientific foundations of psychology, biblical and theological studies, and an introduction to clinical theory and practice. As the student advances in the program, the emphasis shifts toward application of basic knowledge through integrative study of the relationships among these disciplines and by their application in clinical practice through the assessment and practice sequence. Professional training in assessment and psychotherapy begins in the first semester with Prepracticum, and continues throughout the program, culminating in the clinical internship.

The goal of the Graduate School of Clinical Psychology is to prepare professional psychologists who are competent to engage in a wide variety of clinical specialties, who are knowledgeable in the critical evaluation and application of psychological research, and who are committed to the highest standards of professional ethics. The central distinctive of the program is the integration of Christian principles and the science of psychology at philosophical, practical and personal levels. Graduates are trained as specialists in meeting the unique psychological needs of the Christian community within the context of a Christian worldview.

Graduates are prepared for licensure as clinical psychologists. Alumni of the GSCP are licensed psychologists in states throughout the U.S. They engage in practice in a variety of settings, including independent and group practice, hospital, community and public health agencies, church and para-church organizations, and mission agencies. Graduates also teach in a variety of settings, including colleges and seminaries.

A Master of Arts degree is conferred following successful completion of the first two years of the program. The M.A. degree is not designed or intended as a terminal degree; consequently, only students intending to complete doctoral study are admitted.

■ RESEARCH SEQUENCE

The research sequence introduces the student to statistical methods and research design while cultivating the foundational skills necessary for the critical evaluation of scientific research. In addition, students are given broad exposure to the research literature in clinical psychology and the psychology of religion. These experiences culminate for the student in the completion of a doctoral dissertation. The dissertation, which may be empirical, theoretical or applied, is normally completed during the fourth or fifth year of the program. The goal of the research sequence is to equip graduates with the knowledge and skills necessary for the effective use of the evolving body of knowledge in the science of psychology, and in so doing, to lay a foundation for continued professional growth throughout their careers.

■ PROFESSIONAL TRAINING

Professional training is an important and integral part of the Psy.D. curriculum. Although it is a distinct part of the curriculum, it is also integrated with the academic course work throughout the program. The professional training process normally begins at the beginning of the first year and continues throughout the program, ultimately preparing the student for postdoctoral residency training and licensure as a psychologist.

The initial step involves prepracticum training, a laboratory course designed to introduce basic legal, ethical and professional issues and to prepare the student for direct client contact. The course consists of readings, lectures, team meetings and systematic training in human relations skills, the latter accomplished through supervised group process experiences and interactional dyads. Audio and video recordings of the interaction process are used to provide effective feedback for the student.

Following the completion of prepracticum training, the student enrolls in practicum, which generally lasts throughout the second year. The practicum sequence provides the student with ongoing supervised experience in the application of psychological principles in assessment and psychotherapy in a variety of clinical settings and with a range of problems and clientele. In addition to supervised clinical experience at the training site, the practicum student is involved in weekly training at GFC, including team meetings with peers and faculty members, oversight groups and didactic training.

The preinternship sequence of training follows completion of practicum, and generally lasts throughout the third year. The preinternship sequence enables students to further develop their clinical skills and to gain the experience necessary to prepare for internship. During the preinternship sequence, students continue to receive ongoing, supervised experience in assessment and psychotherapy in a variety of clinical settings. Preinternship training

also involves supervision of practicum and prepracticum students, weekly team meetings and oversight groups with faculty members, and presentations of advanced topics in a seminar format. The preintern student is encouraged to develop a broad range of clinical skills with diverse clinical populations rather than specialize prematurely. Although specialization is often desirable, it is best done during the internship, or during post-doctoral residency and continued professional training.

The final phase of predoctoral clinical training involves a one-year, full-time internship (50 weeks; 2,000 hours). Interns are placed in a variety of supervised clinical settings throughout the U.S. The internship is normally begun in the fifth year and usually consists of a one-year, full-time placement in a single setting, but may be begun in the fourth year and consist of a two-year, half-time placement in one or two settings.

A clinical training file is maintained on each student as he or she progresses through the professional training sequence. This file contains evaluations, work samples, and clinical competency ratings on each student. Advancement through the professional training sequence requires approval of the clinical training committee, and all internship placements should be arranged through the Director of Clinical Training.

■ RESEARCH AND TRAINING FACILITIES

The psychology research lab is located in the Murdock Learning Resource Center. High-speed microcomputers, laser printers, and complete statistical (SPSS PC+) and graphics software are provided. In addition to its use for instructional purposes, the lab supports student research projects and dissertations, plus faculty research.

The Murdock Learning Resource Center provides library support for the psychology program. The library has an excellent collection of materials addressing the integration of psychology and the Christian faith and a good collection of contemporary work in most areas of psychology. In addition, the library receives more than 200 periodicals in psychology and related disciplines. Students also have on-line access to major computerized databases through library services, including Psych Info, Psych Books, DIALOG, ERIC, and many others. George Fox College maintains cooperative arrangements with other local educational institutions, providing psychology students with a full range of user services, including interlibrary loans and direct borrowing privileges.

■ FACULTY

Members of the George Fox College faculty bring a wealth of professional experience and a diversity of theoretical backgrounds to the classroom. Among the psychology faculty are 10 psychol-

ogists and one psychiatrist; seven clinical faculty who represent varied specialty areas and research interests; and four basic science faculty who are specialists in research design, statistical methods, psychological scale construction, and developmental psychology.

Theoretical orientations represented by the faculty include psychodynamic, behavioral, cognitive-behavioral, object relational, and psychobiological. Despite their diversity in theoretical orientation, the faculty are united by a common commitment to a Christian worldview, to providing high quality professional training, and to upholding the highest standards of scholarship and clinical expertise among their students.

■ PROFESSIONAL STANDARDS

Standards for graduate education in psychology, as well as for practice of psychology, are set by the policies of the American Psychological Association (APA) and those of the relevant state laws and administrative rules. In Oregon these include the Oregon Revised Statutes and Oregon Administrative Rules of the Oregon State Board of Psychologist Examiners. The design, structure and process of graduate education at George Fox College are guided by these statutes and policies. Consequently, in addition to the policies of the College's graduate program, students in the psychology program are expected to know and abide by the professional policies established by these two regulatory agencies.

■ ADMISSION

Admission to the psychology program requires a baccalaureate degree from a regionally accredited college or university. A grade point average (GPA) of 3.0 or above and at least 18 semester hours of psychology or other related social science credits are generally required. In addition, applicants must submit scores on the Graduate Record Examination Aptitude Scales and the Psychology Subject Test and complete the general application requirements of George Fox College. Students with graduate credit and those who hold an advanced psychology or theology degree will be considered for admission with advanced standing subject to space availability in the appropriate class.

During the past two years, the median grade point average of admitted students was 3.45 and 3.67, respectively, and median GRE scores (combined Verbal and Quantitative Aptitude scores) were 1095 and 1175. Applicants will generally be required to have a grade point average of 3.3 or better and GRE scores greater than 1050; however, applicants who show significant promise may occasionally be admitted although they do not meet these criteria.

■ GENERAL ACADEMIC INFORMATION

LENGTH OF PROGRAM

The Doctor of Psychology program is designed to be completed in five years of full-time study, with a maximum of seven years from the date of initial enrollment. The student who is not able to complete the program within seven years must file a letter of appeal for extension with the chairperson of the Graduate School of Clinical Psychology, outlining plans for completion and providing an explanation of the circumstances that necessitate projecting the course of study beyond the seven-year period.

CONTINUOUS ENROLLMENT

Students are expected to maintain continuous enrollment throughout the program (minimum of three hours per semester). Failure to enroll for a minimum of three hours in a given semester (summer term is excepted) will result in suspension from the program. Reenrollment will require application for readmission.

LEAVE OF ABSENCE

Students who must temporarily discontinue graduate study for medical or other reasons may arrange a leave of absence of up to one academic year with the approval of their advisor and the chair of the Graduate School of Clinical Psychology. Students who wish to discontinue for longer than one year will normally be required to apply for readmission into the program.

GRADING POLICY, SCHOLARSHIP, PROBATION AND DISMISSAL

A minimum grade point average of 3.0 is expected in all course work in the Graduate School of Clinical Psychology. Students whose work does not meet this requirement will be placed on probation and will be expected to raise their GPA to the 3.0 level in the following semester. Failure to do so will normally result in academic dismissal.

The following also are grounds for academic dismissal:

- A grade of "C" in three or more courses;
- A grade of "D" or "F" in any course;
- A failing (no pass) grade in practice courses;
- A GPA below 3.0 for two semesters;
- Failure to pass Comprehensive Exam by the end of the third year of study.

The *Student Handbook* contains additional information concerning grading practices.

STUDENT EVALUATION

In addition to course grades, an evaluation of each student's academic progress, interpersonal relationships, legal and ethical conduct, and professional skills is performed annually by the Clinical Training Committee and practicum supervisors. Students failing to act in an ethical or professional manner, receiving unsatisfac-

tory evaluation by practicum or internship supervisors, failing to comply with George Fox College standards of conduct, or showing other evidence of deficiency in professional development may be dismissed from the psychology program.

TRANSFER CREDIT

In some cases, a student may wish to transfer graduate-level course work previously earned at another accredited college, university or seminary. Guidelines covering transfer credit are stated in the *Student Handbook* of the Graduate School of Clinical Psychology and are in addition to general college policies outlined in this catalog. No transfer credit will normally be granted for practicum.

■ PSY.D. DEGREE REQUIREMENTS

The Doctor of Psychology (Psy.D.) degree requires the satisfactory completion of the following:

- All required courses, including 100 semester hours in psychology (86 hours of psychology courses, four hours of prepracticum, plus five hours each of practicum and preinternship) and 27 hours of Bible/religion;
- Comprehensive Examination: The Subject Test in Psychology of the Graduate Record Examination (GRE) comprises the M.A. comprehensive examination. Students must achieve a score at or above the 75th percentile on the senior undergraduate norm. Should a student score lower than this minimum level, he or she may retake the examination at the next scheduled administration. Such students may continue to enroll but will not be admitted to doctoral standing until a satisfactory score on the examination is earned. Failure to do so by the end of the third year may result in dismissal from the program. (See *Student Handbook* for additional information.)
- Full-time Internship: the equivalent of a one-year full-time internship (50 weeks and 2,000 clock hours);
- Doctoral dissertation (minimum of 12 hours).

■ ACADEMIC CLASS STANDING

For purposes of academic standing by class, the following guidelines are established:

First Year:	Less than 30 hours	
Second Year:	30+ hours to M.A. Conferral	
Third Year:	Doctoral Standing	
Fourth Year:	Doctoral Standing plus more than 100 hours	
Fifth Year:	Doctoral Standing plus more than 100 hours plus Internship, or Doctoral Standing plus more than 120 hours plus Internship, or Doctoral Standing	half plus
	139 hours (coursework completed)	

■ M.A. CONFERRAL

The M.A. is conferred as a transitional degree en route to the Psy.D. rather than as a terminal degree. It is conferred following completion of 60 semester hours of course work, including 48

hours of psychology and 12 hours of Bible and religion courses. Psychology course requirements include Prepracticum, 4 hours of Practicum, and 40 additional hours of psychology. Specific requirements are listed in the *Student Handbook* of the Graduate School of Clinical Psychology, and are marked on the Recommended Sequence which follows. In addition, the student must successfully complete the Comprehensive Examination (see *Student Handbook*). A graduation application must be filed with the Registrar's Office two semesters prior to the anticipated completion of the requirements for the M.A. degree.

¹ *M.A. degree requirements*

■ COURSE OFFERINGS**SCIENTIFIC FOUNDATIONS***Individual Behavior***PSY 512 PERSONALITY THEORY**

3 hours. Focuses on the major theories of personality and their authors. Seeks to provide an understanding of the basic principles of personality development, structure, dynamics and process. Major research on personality will be reviewed.

PSY 513 CHILDHOOD DEVELOPMENT

3 hours. The first of two courses on human development. It provides an overview of research and theory of human psychological development from conception through 12 years of age, including personality, social, intellectual and moral development.

PSY 514 ADOLESCENCE, ADULTHOOD AND AGING

3 hours. The second of two courses on human development, this course focuses on theory and research in the periods of adolescence, adulthood and aging. Major psychological issues of these periods will be addressed, including physical maturation, aging, and emotional, intellectual and social development.

*Cognitive/Affective Bases of Behavior***PSY 515 LEARNING**

3 hours. Designed to provide an overview and critical analysis of the major theories of learning and the resultant research techniques and issues that serve as a basis for environmental shaping and behavior modification.

PSY 554 PSYCHOLOGY OF EMOTIONS

2 hours. Presents an overview of the major psychological and physiological theories of emotions. An evaluation of the emotional processes involved in psychotherapy is presented. Prerequisites: PSY 512 Personality Theory, PSY 521 Abnormal Psychology, and PSY 542 Systems of Psychotherapy.

*Social Bases of Behavior***PSY 517 SOCIAL PSYCHOLOGY**

2 hours. An overview of some of the major theories, concepts and research topics in social psychology. The social aspects of the individual's behavior are studied, with special reference to the social agencies involved in shaping behavior.

PSY 555 RESEARCH IN BELIEF AND BEHAVIOR

2 hours. An introduction to research on belief and behavior, emphasizing empirical psychology of religion. Methods of research evaluation and critique are presented and practiced. Practical experience is provided through a class research project. Prerequisite: PSY 553 Christian Views and Systems.

Biological Bases of Behavior

**PSY 571 PSYCHOPHARMACOLOGY/
PSYCHONEUROLOGY**

4 hours. An overview of human neuroscience, with emphasis on those areas of clinical importance to the psychologist. The foundations and principles of clinical psychopharmacology and the interrelationship of the psychologist in clinical settings also will be examined.

RESEARCH DESIGN/METHODS

PSY 540 RESEARCH DESIGN

3 hours. Examines the principles of measurement and research design applied to the planning, execution and evaluation of psychological research. Prerequisite: PSY 524 Statistical Methods.

PSY 541 INDIVIDUALIZED RESEARCH

1-6 hours. Individualized research on a selected topic under direction of faculty supervisor. Registration by petition only. Requires submission of an approved syllabus with instructor's signature. Prerequisite: PSY 540 Research Design, or PSY 555 Research in Belief and Behavior.

PSY 556 RESEARCH SEMINAR

2 hours. Builds on the experience in PSY 555 Research in Belief and Behavior. Students may choose to conduct research or develop theoretical papers. Prerequisites: PSY 553 Christian Views and Systems, PSY 555 Research in Belief and Behavior.

STATISTICS AND PSYCHOMETRICS

PSY 524 STATISTICAL METHODS

3 hours. Introduction to the standard parametric and nonparametric statistical methods used in conducting psychological research, including tests of association, correlation and regression, and mean comparisons.

PSY 529 PSYCHOMETRICS IN ASSESSMENT

2 hours. A survey of theory and methods of test construction with emphasis on professional standards for evaluating published tests and clinical interpretations of test results. Concepts of test development, including scaling, item analysis, standardization, norming, computerization, measurement error, reliability and validity will be examined for widely used clinical instruments, especially cognitive scales. Issues of test use among ethnic and special populations will also be emphasized.

PSY 565 PSYCHOLOGICAL SCALE CONSTRUCTION

3 hours. Provides an introduction to the basic methodology involved in psychological scale construction, including rationale, item development, item selection, and establishing reliability and validity. Class exercises will include practice in various parts of the scale development process. Prerequisites: PSY 524 Statistical Methods, PSY 525 Personality Assessment, PSY 526 Intellectual and Cognitive Assessment.

HISTORY AND SYSTEMS OF PSYCHOLOGY

PSY 522 HISTORY AND SYSTEMS OF PSYCHOLOGY

3 hours. An overview of the development of psychology via prominent historical figures and systems from the early Greek philosophers through the 20th century. Current developments from these systems will be critically evaluated.

PSY 542 SYSTEMS OF PSYCHOTHERAPY

2 hours. An introduction to the major approaches to psychotherapy. Critically appraises theories, techniques and models of health and psychopathology. Prerequisites: PSY 512 Personality Theory, PSY 521 Abnormal Psychology.

PSY 553 CHRISTIAN VIEWS AND SYSTEMS

2 hours. Basic approaches to relating biblical and theological principles to the systems of psychology. Special attention will be given to the philosophical and practical issues involved in the process of relating psychology to Christian perspectives.

**SCIENTIFIC AND PROFESSIONAL
ETHICS AND STANDARDS**

**PSY 519 LEGAL, ETHICAL AND
PROFESSIONAL ISSUES**

2 hours. Examination of the American Psychological Association's "Ethical Principles of Psychologists and Code of Conduct," state laws regarding the practice of psychology, the related ethical and practical considerations involved in qualifying for licensure, and establishing and conducting a professional practice.

PSY 570 PROFESSIONAL ISSUES

2 hours. Roles of the various professional groups involved in providing comprehensive health care are examined; guidelines and procedures for referral and interprofessional collaboration are reviewed; and legal, ethical and professional issues involved in working in a multidisciplinary managed care context are discussed. Establishing a professional practice and the professional and personal life of the therapist also will be addressed. Students will be expected to bring examples of consultations, reports and management problems—and issues from their current practice settings—to explore their personal implications. Prerequisite: Fourth-year standing or completion of Preinternship.

CLINICAL THEORY**PSY 521 ABNORMAL PSYCHOLOGY**

4 hours. Focuses on understanding the basic processes and distinguishing features among the major categories of mental disorders, and becoming familiar with standard diagnostic categories and systems. Assessment and case reports using DSM criteria are emphasized.

PSY 545 PRINCIPLES OF GROUP DYNAMIC AND GROUP COUNSELING/LAB

3 hours. Theory and application of small group processes in guidance and counseling; laboratory practice in selection of participants, leadership, and interaction methods; and problem solving and evaluation.

PSY 547 SEXUAL DYSFUNCTION

2 hours. Provides an overview of physiological, sociological and psychological aspects of sexuality and sexual dysfunctions. Approaches to evaluation and treatment of dysfunctions and consideration of the influences of beliefs upon the causes and remediations of problems are included. Prerequisites: PSY 530-531 Prepracticum, PSY 532-533 Practicum.

PSY 551 COMMUNITY MENTAL HEALTH

2 hours. Concepts and methods of community mental health are introduced, with special reference to the church as a major community structure that can have a significant impact in the prevention and amelioration of mental health problems.

PSY 567 THE PSYCHOSES

2 hours. Assessment, intervention, case management and prognostic issues involved in dealing with psychotic disorders. Prerequisites: PSY 512 Personality Theory, PSY 521 Abnormal Psychology, PSY 525 Personality Assessment. Recommended: PSY 542 Systems of Psychotherapy (or concurrent registration).

CLINICAL PRACTICE**PSY 530-531 PREPRACTICUM**

2+2 hours. This two-semester sequence prepares the student for the beginning practicum. It involves a laboratory experience in which students learn interpersonal communication and empathy skills using role-play techniques and audio and video feedback. Students are expected to participate in team meetings, oversight groups, and didactics to introduce them to the legal and ethical issues of practice, the administrative structure and functioning of clinical settings, and the practical issues of assessment, psychotherapy, case management and record keeping.

PSY 532-535 PRACTICUM

2+2+1 hours. This is a sequence of at least three semesters which builds on PSY 530-531 Prepracticum and emphasizes practical training in assessment, diagnosis, psychotherapy and case management through supervised practice in a variety of clinical settings.

Students also participate in team meetings, didactics, and oversight training groups. Prerequisites: PSY 519 Legal, Ethical and Professional Issues; PSY 530-531 Prepracticum.

PSY 536-539 PREINTERNSHIP

2+2+1 hours. This is sequence of at least three semesters that builds on PSY 532-534 Practicum and emphasizes development of more advanced skills in assessment, diagnosis, psychotherapy and case management through supervised practice in a variety of field settings. This sequence seeks to develop skills in supervising others and to prepare students for internship. Students continue to participate in team meetings, oversight training groups and didactics in a seminar format. Prerequisite: PSY 532-534 Practicum.

PSY 543 PSYCHODYNAMIC PSYCHOTHERAPY

2 hours. Building on the foundation established in PSY 542 Systems of Psychotherapy, this class explores the theory and practice of psychodynamic psychotherapy, including analytic, object relations and self psychologies. Major theorists and assessment techniques are critically appraised, and process and outcome research related to these approaches is examined. Case studies will be required of current clients, whom the student treats in his or her practice setting, examining them from a psychodynamic perspective. Prerequisite: PSY 542 Systems of Psychotherapy.

PSY 544 COGNITIVE-BEHAVIORAL PSYCHOTHERAPY

2 hours. Building on the foundation established in PSY 542 Systems of Psychotherapy, this class explores the application of cognitive-behavioral psychotherapeutic techniques in short-term and long-term psychotherapy, and examines process and outcome research findings related to the use of these approaches. Case studies will be required of current clients whom the student treats in his or her practice setting, examining them from a cognitive-behavioral perspective. Prerequisite: PSY 542 Systems of Psychotherapy.

PSY 546 FAMILY THERAPY

2 hours. Building on the foundation established in PSY 542 Systems of Psychotherapy, this class explores the theory and practice of family therapy. Major theorists, assessment techniques and family therapy strategies are critically appraised, and process and outcome research related to these approaches is examined. Case studies will be required of current clients, whom the student treats in his or her practice setting, examining them from a family therapy perspective. Prerequisite: PSY 513 Child Development; PSY 514 Adolescence, Adulthood and Aging; PSY 542 Systems of Psychotherapy.

PSY 548 EXPERIENTIAL PSYCHOTHERAPY

2 hours. Building on the foundation established in PSY 542 Systems of Psychotherapy, this class explores the application of experiential psychotherapeutic techniques in short-term and long-term psychotherapy, and examines process and outcome research findings related to the use of these approaches. Case studies will be required of current clients whom the student treats in his or her practice setting, examining them from an experiential perspective. Prerequisite: PSY 542 Systems of Psychotherapy.

PSY 549 CROSS-CULTURAL PSYCHOTHERAPY

2 hours. Introduction to the literature and issues involved in clinical work with persons of various cultural, racial and ethnic backgrounds. The role of culture and ethnicity in conceptualizations of mental health and pathology, help seeking, and response to treatment will be emphasized.

PSY 550 WOMEN'S ISSUES IN PSYCHOTHERAPY

2 hours. The literature and issues related to gender in psychotherapy will be examined, with special emphasis on the problems of diagnosis, interpersonal issues and paradigms for understanding female clients. Case studies will be used for illustration and application.

PSY 568 OBJECT RELATIONS

2 hours. An introduction to object-relational theory and psychotherapeutic techniques that grow out of that perspective. Though not a practicum course, ideally the student should be involved in working in a counseling setting in which applications of this psychodynamic approach may be tested in practice. Prerequisites: PSY 521 Abnormal Psychology, PSY 542 Systems of Psychotherapy.

PSY 569 SUBSTANCE ABUSE

2 hours. A survey of the literature on substance abuse and chemical dependency. Emphasis is placed on psychological assessment and intervention for persons with substance abuse disorders.

Required for licensure in California.

PSY 572 RELIGIOUS ISSUES IN PSYCHOTHERAPY

2 hours. An advanced clinical seminar, this course addresses the role of religiously based values and interventions, and develops skill in addressing religious issues in psychotherapy. Special ethical issues related to religiously based approaches to psychotherapy also are addressed.

PSY 574 BEHAVIORAL MEDICINE

2 hours. A survey of the application and integration of biobehavioral knowledge and techniques relevant to physical health and illness, including such issues as psychophysiological disorders, biofeedback, hypnosis, stress management, and preventive medicine. Prerequisite: PSY 571 Psychopharmacology/Psychoneurology.

PSY 581 PROGRAM EVALUATION

2 hours. Introduction to the principles and techniques for evaluating mental health care and mental health service delivery systems. Emphasis will be given to models, methods and strategies for evaluating program inputs, processes and outcomes, and to effectively communicating results to the various communities interested in the effectiveness of treatment.

PSY 585/685 SELECTED TOPICS

1-3 hours. A seminar dealing with topics of special interest to students and faculty.

ASSESSMENT

PSY 525 PERSONALITY ASSESSMENT

3 hours. Introduces the basic statistical concepts of measurement, and objective and projective personality assessment. Administration, scoring and interpretation of objective personality measures; preparing written reports of test results.

PSY 526 INTELLECTUAL AND COGNITIVE ASSESSMENT

2 hours. An introduction to individualized assessment of intellectual and cognitive aptitudes and abilities, and preliminary screening for neurological dysfunction. Prerequisite: PSY 525 Personality Assessment.

PSY 558 FORENSIC PSYCHOLOGY

2 hours. Introduces legal, psychological, ethical and practical issues involved in the practice of forensic psychology. Assessment strategies and legal issues involved in child custody and abuse, law enforcement evaluation of fitness for duty, competency to stand trial, criminal responsibility (sanity), and presentencing evaluations, personal injury and worker's compensation are addressed. Prerequisites: PSY 525 Personality Assessment, PSY 526 Intellectual and Cognitive Assessment, and PSY 532-535 Practicum.

PSY 561 ASSESSMENT AND TREATMENT OF LEARNING AND BEHAVIOR DISORDERS OF CHILDREN

3 hours. Examines strategies for assessing and designing prescriptive interventions for children with learning and behavioral handicaps. Prerequisites: PSY 525 Personality Assessment, and PSY 526 Intellectual and Cognitive Assessment. Recommended: PSY 571 Psychopharmacology/Psychoneurology.

PSY 562 PROJECTIVE ASSESSMENT

3 hours. This class introduces the basic concepts of projective assessment and the administration, interpretation and report writing for a variety of projective techniques, such as the House-Tree-Person, Draw-A-Person, Thematic Apperception Test, Roberts Apperception Test, Senior's Apperception Test, Holtzman Inkblot Test, Bender Gestalt Test, and Word Association Test. The Rorschach Inkblot Test and the Comprehensive System of John E. Exner (revised) will be emphasized. Prerequisite: PSY 526 Intellectual and Cognitive Assessment.

PSY 573 NEUROPSYCHOLOGICAL ASSESSMENT

3 hours. Development of a deeper understanding of the brain-behavior relationships begun in neuropsychology and on the assessment of neuropsychological functioning through use of such instruments as the Luria-Nebraska Neuropsychological Battery. Prerequisites: PSY 525 Personality Assessment, PSY 526 Intellectual and Cognitive Assessment, PSY 571 Psychopharmacology/ Psychoneurology.

DISSERTATION**PSY 600-609 DISSERTATION RESEARCH**

12 hours minimum. The student will do guided research under an appointed research committee. Prerequisites: PSY 540 Research Design, PSY 556 Research Seminar, formation of doctoral committee.

INTERNSHIP**PSY 610-619 CLINICAL INTERNSHIP**

A full-time internship comprising 50 weeks and 2,000 hours is required as part of the Psy.D. program. The internship may be scheduled as a half-time placement for two calendar years or a full-time placement for a single year. Prerequisite: Completion of M.A. degree and practicum requirements. Special fee assessed.

EDUCATION

(M.Ed. Degree)

Also see "Teaching *(M.A.T. Degree)*."

■ PROGRAM DESCRIPTION

The Master of Education (M.Ed.) program is designed to meet the Oregon requirements for the Standard Teaching License. The Master of Education degree will require 36 semester hours of credit. Students may receive institutional recommendation for the Standard License.

Students in the M.Ed. program may include:

- Teachers holding Basic Licenses who wish to obtain Standard Licenses,
- Teachers who hold expired or out-of-state licenses,
- Licensed teachers who desire additional course work at the graduate level.

Program Requirements and Options:

Requirements for the Standard License include the following 30 semester hours:

- 10 hours of core courses
- 10 hours of content area courses
- 10 hours of elective courses

The Master of Education degree requires six additional hours in applied research and methods courses.

Students may transfer a maximum of 10 semester hours from accredited institutions.

The structure of the program will be characterized by:

- **Theory-into-Practice Links.** Experiences at the teacher's school site will be a major component of the program and will provide the practical application for the course work.
- **Action Research.** Personal research will be an integral part of the program.
- **Thematic Strands.** Major strands, such as multicultural awareness, values, leadership, action research, decision making, trends in education and professional development will be incorporated throughout the professional courses.

• **Reflection.** The ability to reflect on learning about teaching and on the practice of teaching will be developed in small- and large-group discussion, in journal entries, in papers, and in conferences with college supervisors.

■ ADMISSIONS

1. Passing scores on appropriate section of the NTE if changing endorsements or changing license from basic to standard.

Elementary: Core Battery including Professional Knowledge.

Secondary: NTE specialty test in endorsement area(s) and the Professional Knowledge test of the Core Battery.

2. A minimum 3.0 cumulative grade point average on the last 60 semester hours (90 terms hours) or a written explanation of GPA below 3.0.

3. A Basic Teaching License.

4. Three letters of recommendation: two professional and one character.

5. A cover letter stating the applicant's goals and reason for pursuing the license or degree.

6. Evidence that the applicant has complied with and satisfied the TSPC background check requirements.

7. Other items consistent with admission requirements at GFC.

■ DEGREE REQUIREMENTS

The Master of Education requires the student to earn a minimum of 36 semester hours, depending on the student's professional agenda. A cumulative grade point average of 3.0, with no grade lower than a "C" is to be maintained for successful completion of the program.

1. No later than completion of 8 semester hours, a degree-seeking student must complete the M.Ed. degree application process.

2. Each degree-seeking student will be assigned a graduate faculty advisor who will assist the student in planning his or her proposed course of study. The proposed course of study will be reviewed by the Graduate Program Committee.

■ COURSE OFFERINGS

CORE COURSES

EDM 521 PRINCIPLES AND PRACTICES IN EDUCATIONAL RESEARCH

2 credit hours. Learn to read and interpret published research, both qualitative and quantitative. The focus of readings will be on current issues related to professionalism, including cultural diversity, values and school reform.

EDM 540 LEADERSHIP IN EDUCATION

3 credit hours. Students participate in discussions and/or activities dealing with site-based management, decision making, mentoring, management of human resources, and issues dealing with professional leadership in education.

EDM 542 TRENDS AND ISSUES IN EDUCATION

3 credit hours. A variety of trends and issues affecting educators based on psychological and sociological research are addressed. Topics to be covered include school reform, assessment, classroom management, curriculum innovations, technology in education, and topics selected by the students.

EDM 544 ETHICAL FOUNDATIONS OF EDUCATION

2 credit hours. Students learn a perspective on human relations in education, which includes issues such as problem solving, consensus building, conflict resolution, ethics, and building relevant community connections.

ELECTIVE COURSES

EDM 510 ADVANCED DEVELOPMENTAL PSYCHOLOGY

2 credit hours. Principles of human development—infancy through adolescence—will be discussed in relation to classroom application, with a focus on practice that is appropriate for the developmental level of the student.

EDM 512 THE EXCEPTIONAL LEARNER

3 credit hours. Investigate the issues involved in educating the exceptional learner in the classroom. These learners include ESL, TAG, various handicapping conditions, and other at-risk children. Background information on student needs, legislation and instructional strategies will be explored.

EDM 513 CLASSROOM GUIDANCE

3 credit hours. Explore the guidance methods used by the classroom teachers. The coordination of the work of agencies outside the school with those of the support programs in the school will be covered. Interactions with parents and parent groups will be emphasized. Classroom teachers will also explore the roles of all student services programs within the school setting, including those programs that deal with exceptionality. Ethics and confidentiality of the teacher-student relationships will be covered.

EDM 514 SUPERVISION AND MENTORING LEADERSHIP IN THE SCHOOL

3 credit hours. Emphasis is placed on application of methods covered in the following areas: supervision techniques, leadership in site-based management, action research management, and methods for mentoring new teachers, student teachers and peers. Prerequisite: EDM 540 Leadership in Education.

EDM 515 MENTORING SEMINAR

1 credit hour. Mentoring provides group support and faculty assistance to teachers focusing on mentoring student teachers, new teachers or other peers. May be repeated.

EDM 516 CLASSROOM MANAGEMENT

3 credit hours. Classroom teachers learn innovations in classroom organization and management and are encouraged to apply classroom management methods in the classroom setting.

EDM 522 ACTION RESEARCH SEMINAR

1 credit hour. The seminar will provide group support and faculty assistance to teachers conducting an action research project in their classroom/school. May be repeated.

EDM 523 ADVANCED METHODS: RESEARCH IN EFFECTIVE TEACHING

3 credit hours. Analysis and investigation of current research in effective teaching methods as related to specific subject areas. Specific methods relating to subject matter, learning styles and current school reforms will be studied and applied. May be repeated (i.e. EDU 550 Research in Effective Teaching; Advanced Methods in Language Arts/Reading; EDU 550 Research in Effective Teaching; Advanced Methods in Math; EDU 550 Research in Effective Teaching; Advanced Methods in Children and Adolescent Literature).

EDM 525 APPLIED RESEARCH I

2 credit hours (6 hours maximum in program). These credits must be taken concurrently with the action research seminar. Students will apply action research techniques to an approved project in their work setting. Coordination with site-based management teams will be encouraged.

EDM 526 CLASSROOM ASSESSMENT

2 credit hours. Classroom teachers become acquainted with a wide variety of methods for assessing student progress at the classroom and individual level. Students will develop assessment instruments and procedures that relate to their own disciplines. Current methods of assessment – including portfolios, rubrics and other forms of authentic assessment – will be covered.

EDM 527 TESTING AND MEASUREMENT

2 credit hours. A foundation course in which students review the principles of educational testing. Standardized testing instruments including individual and group tests will be explored. Students will also learn and apply basic statistical procedures and software used in educational testing. Required for students who have chosen the thesis option.

EDM 554 TECHNOLOGY IN THE CLASSROOM I

2 credit hours. Introduces students to the use of basic computer hardware and software that may be encountered in the classroom. The classroom teacher will learn to use appropriate integrated software programs. In addition, the teacher will be able to use software for record keeping and basic desktop publishing.

EDM 555 TECHNOLOGY IN THE CLASSROOM II

1 credit hour. Focus on learning and applying advanced educational technology in the classroom, including Hyper Card, CD rom and/or laser disk interactive programs, and video productions. May be repeated.

EDM 560 THESIS SEMINAR

1 credit hour. Thesis seminar provides group support and faculty assistance to teachers conducting thesis projects. May be repeated.

EDM 565 THESIS

1 to 6 credit hours. The student will do guided research under an appointed research committee. Prerequisites: EDU 523 Principles and Practices in Educational Research, and EDU 526 Testing and Measurement.

EDM 580 CURRICULUM DEVELOPMENT/ADVANCED PLANNING/IMPLEMENTATION: SUBJECT AREA(S)

2-3 credit hours. Teachers learn to apply curriculum development and planning procedures as they create curriculum for their own classroom/school settings and subject areas. May be repeated.

EDM 585 SELECTED TOPICS IN CONTENT-SPECIFIC AREAS

2-3 credit hours. These courses are developed to provide the teacher with in-depth knowledge in the content of subject matter taught. Content-specific courses will be offered as needed in, but not limited to, the following areas: advanced mathematics, basic mathematics, biology, chemistry, drama, elementary education, health, family and consumer sciences, language arts, music, health and human performance, social studies, and speech.

EDM 585B CURRICULUM ISSUES AND METHODS AND THE CHRISTIAN TEACHER

2 credit hours. Focus on the curriculum needs and issues of teachers in Christian school settings. An emphasis on the integration of faith and learning will be made. This course will also deal with issues related to Christian teachers in the public school setting.

MANAGEMENT

(M.B.A. Degree)

■ PROGRAM DESCRIPTION

A two-year program offered one night a week plus some Saturdays, the George Fox College Master of Business Administration degree is intended for students who want to improve their management and leadership ability through intellectual, moral and creative growth. The program is situated squarely within the College's mission, for the College believes that its Christian values, concern for integration, and commitment to quality speak to managers who desire training that is both theoretically sound and humanly meaningful. Managers have become increasingly aware of the importance of values,

ethics, service and other spiritually significant elements that are part and parcel of George Fox College programs.

The management M.B.A. is intended to prepare practitioners in a variety of fields in both the profit and not-for-profit sectors. Some of the areas it is designed to cover include the following:

- Integration of knowledge and decision making within the larger framework of the organization and social and cultural contexts
- Creativity, innovation and change
- Leadership and interpersonal skills
- Capacity to communicate in the functional areas of business
- Practice of the human virtues such as integrity, humility, compassion and perseverance in organizational settings
- Capacity for conceptualization, strategic thinking and problem solving
- The propensity to act on one's values and ethics as foundational to good management
- Management in a chaotic world of demographic, cultural, global and technological change

The program is structured on a cohort model in which a group of students follows an integrated sequence of courses from beginning to end. Cohorts begin each fall. Courses are taught evenings and weekends, typically one night a week with an occasional Saturday seminar.

■ ADMISSIONS

Admission to the M.B.A. program requires a baccalaureate degree from a regionally accredited college or university; a grade point average (GPA) of 3.0 or better in the last two years of study; two years of relevant job experience; three letters of recommendation; a writing sample; and an interview with faculty members. Students are not required to submit scores from any standardized tests prior to admission, but will be required to do so prior to the end of the first year of class. Students whose grade point averages from the last two years of course work do not reflect their aptitude for graduate work may want to submit standardized test scores for consideration in the admission process. The department may consider applicants who show significant promise but do not meet all of these criteria. The application procedure is detailed in the M.B.A. Application Packet, which may be requested from the Office of Graduate Admissions.

■ DEGREE REQUIREMENTS

Students will be admitted without regard to their undergraduate major, but those with little or no background in the areas of accounting, finance, economics or marketing will be expected to address their weaknesses.

Students are expected to maintain continuous enrollment in the program, thus remaining with their cohort throughout, so personal and work commitments should be planned accordingly. A student who drops out must be readmitted. The degree requires the completion of all 39 graduate credit hours at George Fox College.

■ COURSE OFFERINGS

BUS 500 FOUNDATIONS: PEOPLE AT WORK

3 hours. A foundational look at the meaning of human nature for work relationships. Emphasizes self-understanding and understanding others with the objective of improving effectiveness and harmony in work relationships.

BUS 504 FUNCTIONAL COMPETENCIES I: SPEAKING THE LANGUAGE

3 hours. An introduction to the concepts and language of economics, marketing, accounting and finance. The contribution of each of these areas to management decision making will be analyzed in an integrative fashion. Students will be given the opportunity to work on the areas in which they most need improvement.

BUS 521 EFFECTIVE COMMUNICATION

3 hours. Investigation and practice of ways to present one's self and ideas to individuals and groups. The course may include practice in the uses of rhetoric, persuasion, argumentation, non-verbal communication, writing, and listening skills.

BUS 525 GLOBAL AWARENESS AND OPPORTUNITIES

3 hours. Designed to increase awareness of the world around us and to gain sensitivity to the meaning of other cultures, worldviews and changing demographics. Includes investigation of global economic, production, marketing, financial and managerial networks.

BUS 530 CREATIVITY, INNOVATION AND ENTREPRENEURSHIP

3 hours. An exploration of the ways in which we can all learn to think and act more creatively. The course seeks to expand the ways in which we perceive opportunities and challenges, cope with and advance change, take initiative, and spur innovation.

BUS 534 ETHICAL, LEGAL, SOCIAL AND ENVIRONMENTAL ISSUES

3 hours. This course investigates how individuals and organizations are affected by and in turn affect these natural and cultural contexts. Emphasis is placed on responsible moral and legal decision making.

BUS 540 FUNCTIONAL COMPETENCIES II: CORE CAPACITIES

3 hours. The second of two competencies courses seeks deeper insight into economics, marketing, accounting and finance, with greater emphasis on their utilization in decisions made by individuals, organizations and society.

BUS 544 MANAGING AND ORGANIZING

3 hours. Changing internal and external environments have changed the nature of management and organization. Processes, structures and relationships will be explored in a problem-solving context. Models of managing and organizing and their application will be emphasized.

BUS 551 DECISION MAKING AND MANAGEMENT OF INFORMATION

3 hours. This course combines theory and practice of various modes of decision making with practical approaches to the definition and retrieval of the information that these decisions require.

BUS 555 LEADERSHIP AND THE HUMAN SIDE OF ENTERPRISE

3 hours. Changes in worldviews, values, organizational structures, management systems and working relationships will be examined in the light of implications for leadership. Leadership, followership, motivation and team building will be explored in light of insights into human nature that have been built up across the curriculum.

BUS 560 STRATEGIC THINKING

3 hours. This course increases sensitivity to and ability for perception, conceptualization, analysis and implementation of ways in which individual and organizational values and missions can be realized within practical constraints.

BUS 599 SHAPING A BETTER WORLD

3 hours. The final course in the curriculum is forward looking—a visionary search, individually and collectively, for practical paths to making a difference in the world. The application of Christian values presents a path to narrowing the gap between the ideal and the real.

BUS 590 DIRECTED STUDY/PROJECT

3 hours. The student, in consultation with a faculty member, elects and develops an approach to a topic that represents his or her own greatest reward in terms of personal and professional development. The course topic is to be selected during the first year of the program and must be completed prior to the final summer semester.

■ PROGRAM DESCRIPTION

The Master of Arts in Teaching (M.A.T.) is a fifth-year program to be completed in 11 months by individuals who have completed an undergraduate B.A. or B.S. degree in a field other than education. The fifth-year program allows students, upon completion of the program and passing scores on the appropriate standardized measures (National Teacher Exams and the California Basic Educational Skills Test), to receive an Oregon Basic Teaching License. After three years of successful teaching but no required additional course work, they will qualify to receive the Standard Teaching License. The Basic and Standard teaching licenses will bear endorsements in the following areas: advanced mathematics, biology, chemistry, elementary education, health education, home economics, language arts, music, physical education and social studies. Additional endorsements, except elementary education, can be added by testing.

The 11-month proposed curriculum includes professional education courses and practica. Students build on their knowledge of subject matter as they develop pedagogical skills and research methodologies; gain knowledge about the psychological, sociological, historical and philosophical foundations of education; and apply these understandings in elementary and secondary classrooms.

The goal of the curriculum is to provide a future teacher with the content and methods necessary to be an effective teacher.

Thematic strands such as decision making, values, curriculum, classroom management, multicultural awareness, research and technology are integrated throughout the curriculum. The themes add qualities to the program that are not reflected in single courses but are interwoven throughout the curriculum.

The teacher education program at George Fox College has been structured to provide academic and practical experiences that will prepare effective teachers who can successfully meet the challenges of classroom teaching. The form of the teacher education program includes a purposeful use of current research findings on the education of teachers as translated into practical experiences and methodologies. The structure will be characterized by:

- **Cohort Model.** Initially, students will work in two cohorts of 20 to 25 students each. One cohort will be secondary and one elementary, with middle school experiences available to both. Although they are separate cohorts, they will be blended together for certain experiences.
- **Theory-into-Practice Links.** Practicum experiences will be a large component of the program, beginning in the summer with an enrichment program planned and implemented by the students. The involvement in a variety of practicum experiences will provide preservice teachers with opportunities to apply learning from course work. College faculty, cooperating teachers, and administrators from local districts will be involved in collaborative efforts to plan links between course work and application in classrooms.
- **Action Research.** A research strand will be woven throughout the program. Students and cooperative teachers will design an action research project that will be shared at an action research symposium at the completion of the program.
- **Thematic Strands.** Major strands, such as multicultural awareness, values, action research and decision making, will be incorporated throughout the professional courses. Other topics such as classroom management and technology will also be integrated in several of the professional courses.
- **Study of the Subject Matter Knowledge and Structure.** Students will research and discuss the nature and structure of the subject areas while concentrating on their major subject. They will engage in interdisciplinary discussions that will allow them to discern relationships between the subject areas.
- **Reflection.** The ability to reflect on learning about teaching and on the practice of teaching will be developed in small- and large-group discussions, in journal entries, in papers, and in conferences with supervisors and cooperating teachers.

■ ADMISSIONS

1. Completion of a four-year degree program from an accredited college or university with a minimum GPA of 3.0.

2. Two official transcripts from every college/university attended.
3. Passing scores on TSPC-adopted test(s).
4. Completion of the character reference statement required by TSPC.
5. Recommendations by two supervisory personnel who are acquainted with the candidate's ability and potential for working with students.
6. An interview at the GFC campus. Emphasis of interview will be on problem solving and decision making.
7. Completion of the Application for Admission to the Master of Arts in Teaching program.

■ DEGREE REQUIREMENTS

The Master of Arts in Teaching requires the student to earn a minimum of 36 semester hours, including 15 semester hours of practicum. A cumulative grade point average of 3.0 is to be maintained for successful completion of the program. Students will be encouraged to take the NTE Test of Professional Knowledge prior to graduation from the program. Students may graduate from the program prior to passing the NTE but can not be recommended for licensure until the NTE Test of Professional Knowledge is passed.

■ PROGRAM OVERVIEW

SUMMER SEMESTER: JUNE 13 - AUGUST 11, 1994

EDU 501	The Professional Educator (1)
EDU 502	Special Topics for the Professional Educator (2)
EDU 510	Human Development (2)
EDU 520	Research Methods I: Readings and Methods (1)
EDU 560	Language and Literacy (2)
EDU 575	Practicum I: Enrichment Program (2)
Total:	10 hours

Total Semester Hours: 36

■ COURSE OFFERINGS

EDU 501 THE PROFESSIONAL EDUCATOR

1 hour. Summer. An introduction to the characteristics and role of the professional educator in today's society.

EDU 502 SPECIAL TOPICS FOR THE PROFESSIONAL EDUCATOR I

2 hours. Summer. Special topics include guidance and counseling, instructional strategies, the parent/school partnership, special education, school law, and student diversity. In addition, topics will include those requested by students or recommended by school teachers and/or administrators.

EDU 503 SPECIAL TOPICS FOR THE PROFESSIONAL EDUCATOR II

2 hours. Fall. Special topics include innovations in methods and materials in all subject areas. Classroom teachers, school administrators and college faculty will describe and demonstrate methods, materials and programs. There will also be a continuation of topics from EDU 502, such as working with school specialists.

EDU 510 HUMAN DEVELOPMENT

2 hours. Summer. The theoretical and practical aspects of human development—birth through adolescence.

EDU 520 RESEARCH METHODS I: READINGS AND METHODS

1 hour. Summer. Readings and interpretation of published research, both qualitative and quantitative. Focus on issues related to classroom organization, diversity, values, school law, and other educational issues.

EDU 521 RESEARCH METHODS II: ASSESSMENT AND MEASUREMENT

1 hour. Fall. Methods of assessment and evaluation designed to provide the preservice teacher with a variety of techniques to assess the abilities and needs of diverse learners. Strategies for evaluation will provide means for assessing student learning and the effectiveness of classroom practices. Qualitative and quantitative methods will be explored.

EDU 522 RESEARCH METHODS III: EVALUATION OF TEACHING

1 hour. Spring. Proposal of an action research project related to the classroom. Students will present their project in an action research symposium.

EDU 530 LEARNING THEORY/INSTRUCTIONAL DESIGN

2 hours. Fall. Theories of learning and associated teaching applications. Methods for unit and lesson planning will be demonstrated.

EDU 550 CURRICULUM AND INSTRUCTION

5 hours. Fall. A study of instructional strategies and the design, implementation and evaluation of curriculum. Also included will be the development of Worksample I. The pattern for course topics presented is the following: nature of knowledge, general methods, subject-specific methods, integrated methods.

EDU 560 LANGUAGE AND LITERACY

2 hours. Summer. Discussion of language/reading, writing, communication and computer literacy, and how they are applied across the disciplines.

EDU 575 PRACTICUM I: ENRICHMENT PROGRAM

2 hours. Summer. Planning, teaching and evaluating a week-long enrichment program for students in third through eighth grades.

EDU 576 PRACTICUM II: CLASSROOM ORGANIZATION IN PRACTICE

3 hours. Fall. Observation and teaching in an elementary or secondary classroom. An opportunity to plan, implement and evaluate the first Worksample.

EDU 577 PRACTICUM III: CLASSROOM TEACHING

10 hours. Spring. Full-time supervised student teaching. Preservice teachers teach and evaluate lessons, assess student achievement, and evaluate themselves. The second Worksample will be implemented and evaluated.

EDU 590 GRADUATE SEMINAR

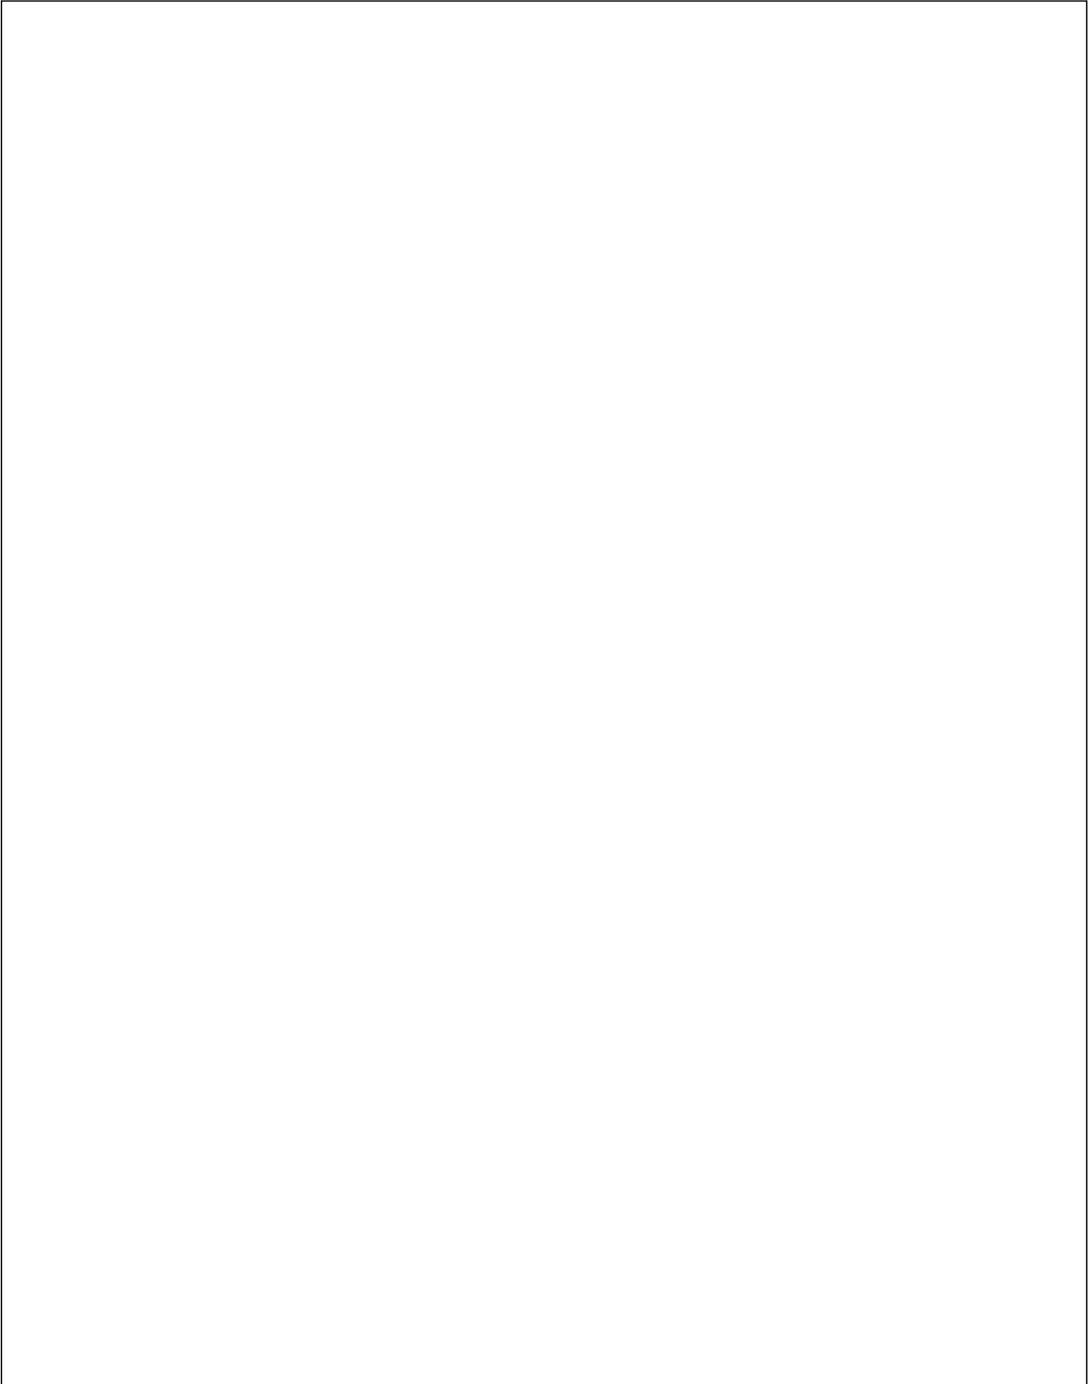

2 hours. Spring. A seminar focusing on issues related to current trends and questions in education, classroom organization and management, and ethics/values in teaching. Classroom observations in minority, cross-cultural, and alternative-school settings. Professional transition topics will include résumé writing, job search strategies, placement services, and interviewing skills.

EDU 595 SPECIAL STUDY

1-3 hours. Directed independent study open to graduate students. Prerequisite: Consent of instructor.

**GENERAL
ADMISSIONS,
FINANCIAL
& ACADEMIC
INFORMATION**

ACADEMIC REGULATIONS

The following information applies to both graduate and undergraduate students unless otherwise noted. If a policy is specific to a graduate student, it will be noted as graduate, and if specific to an undergraduate student, it will be noted as undergraduate. Each graduate program of George Fox College has its own policies related to enrollment and academic requirements. Graduate students should consult their own program directors with regard to specific policies.

■ ACADEMIC SESSIONS AND CREDITS

The college year at George Fox College is divided into two semesters of 15 weeks, including a four-day examination period, plus orientation and registration. In addition, George Fox sponsors a May Term, a limited summer program for undergraduates, summer graduate courses in teacher education, business administration and psychology, occasional short courses, and overseas study experiences.

The unit of credit is the semester hour, which normally is granted for the satisfactory completion of a course meeting one period (50 minutes) per week for one semester. Credit for all courses is indicated in semester hours. All student requirements, advancements and classifications are based on these units.

■ GUARANTEES AND RESERVATIONS

George Fox College guarantees that the student may graduate under the general education requirements stated in the catalog at the time of matriculation, provided attendance is continuous and full time. Likewise, a student may graduate under the major requirements in force at the time of admission to a major field, provided attendance is continuous and full time.

Two exceptions may be noted: (1) In the event of a change in requirements in general education or in a major field, the student may elect to fulfill the requirements of a revised program, provided attendance has been continuous and full time; (2) The College may face a situation beyond control and foresight that may necessitate a revision in available courses. In such situations, the interests of the student will be protected.

The College reserves the right to withdraw courses with insufficient enrollment, add courses for which there is demand, upgrade programs, revise teaching and time assignments, regulate class size, adjust administrative procedures, and determine levels of competence of students and prerequisites for admission to classes and programs.

■ UNDERGRADUATE ATTENDANCE

The responsibility rests with the student to maintain good standards involving satisfactory scholarship. Regular class attendance is expected of each student in all courses. Class work missed because of absence may be made up only in the case of prolonged or confining illness, death of relatives or similar emergencies. Such excuses are obtained from the Student Life Office, the Wellness Resource Center, or the graduate program director. Permission for absences from class for participation in cocurricular college activities must be granted by the Academic Affairs Office. Other absence arrangements are between the student and the instructor.

The college calendar provides the contractual instructional dates for teachers and students. Students are expected to attend classes through the last day of each semester, unless illness or an emergency situation exists. Advance permission for early departure must be requested by the end of the 10th week of classes. Forms may be obtained from the Registrar, and the final decision will be made by the Academic Affairs Office.

■ CLASSIFICATION OF STUDENTS

GRADUATE STUDENTS

Graduate students are defined by requirements set forth by the various graduate programs. Normally a graduate student is one with a B.A. or B.S. degree from a regionally accredited college or university who has successfully met the entrance requirements for graduate study.

UNDERGRADUATE STUDENTS

Classification is based upon the student's academic standing in terms of hours and grade points at the beginning of the semester. New students will be classified as regular or provisional students when entrance requirements have been met and official transcripts have been received and evaluated.

FULL-TIME STUDENTS

Full-time students are enrolled for a minimum of 12 hours in a standard semester for the undergraduate program and eight hours for the graduate program. Only full-time students may represent the College in an official capacity, may hold a major office in an organization, or may live in college housing.

REGULAR STUDENTS

Students who have satisfied entrance requirements and are following a program leading to a degree are called regular students. They are classified as follows:

- Freshmen: Students who have completed fewer than 31 semester hours
- Sophomores: Students who have completed 31 semester hours
- Juniors: Students who have completed 62 semester hours
- Seniors: Students who have completed 93 semester hours

SPECIAL STUDENTS

This classification includes degree and nondegree students generally enrolled for less than 12 semester hours. Any special student wishing to enter a degree program must fulfill regular admissions requirements.

PROBATION AND PROVISIONAL STUDENTS

A student whose cumulative grade point average falls below the level established for academic progress (See "Academic Progress and Eligibility," page 113) will be classified as a probation student. A student placed on probation status may continue to receive financial aid. An applicant who does not meet the total expectations for admission may be admitted as a provisional student. All provisional students are required to participate in the George Fox College Academic Success Program (see page 21).

Students admitted provisionally may not enroll for more than 14 or 15 hours in the first semester and must include at least one semester of WRI 095 English Skills. At the completion of a term, the Academic Standing Review Committee considers each provisional student's achievement to determine that sufficient progress has been made for continuance.

■ **AUDITORS**

Subject to instructor approval, any regular or special student may audit courses from which he or she wishes to derive benefit without fulfilling credit requirements. This must be established with the Registrar at time of registration. Class attendance standards are to be met.

■ **REGISTRATION**

All students are expected to register on the days designated on the college calendar and to begin classes on the first day. The Registrar annually publishes a class schedule booklet with specifics for registration. In addition, each student should be aware of the regulations that appear under the title "Course Numbering System" on page 28.

■ **GRADUATE ADVISING AND LOAD**

A typical graduate student load is 12 hours in a given semester. Eight hours is required for full-time status. Normally the student's load is determined by graduate program requirements and in consultation with the student's advisor. Advisors are assigned early in the student's program.

■ **UNDERGRADUATE ACADEMIC ADVISING**

New freshmen may have received initial academic advisement by an admissions counselor. However, all new freshmen are assigned a freshman advisor as part of the Freshman Experience Program. This advisor will serve as the academic advisor for the freshman year and also will teach a section of the Freshman Experience Seminar course. Freshmen will select or be assigned a faculty advisor in their area of interest prior to preregistration for the following year.

Each returning, transfer and readmit full-time student is assigned a faculty advisor to provide guidance in planning an academic program. This advisor may be changed by request as a student develops an interest area and forms natural lines of helpfulness and acquaintance. Other teachers and administrators may serve as resource persons in guidance and counseling.

It is the responsibility of the student to become familiar with policies and procedures outlined in the catalog. For example, many upper-level courses are offered in alternate years, but this should be no problem if there is advance planning and if courses are taken in the proper sequences. Advisors will aid as requested, but students must be responsible for their own programs.

■ **UNDERGRADUATE ACADEMIC LOAD**

The student's load will be determined in conference with the student's advisor. Sixteen hours per semester is a normal college load. Students who carry fewer hours are adding considerably to the cost of education by extending the time involved to earn their degree. Ordinarily, the first-semester freshman will register for no more than 16 hours. Provisional students will be limited to 14 or 15 hours. No student may enroll for more than 20 hours, except by special permission of the faculty advisor and the Registrar.

The following is suggested as a satisfactory relationship between the student's academic load and his or her on- or off-campus work:

<i>Work</i>	<i>Academic Load</i>
Not more than 18 hours	15-17 semester hours
Not more than 24 hours	12-14 semester hours
Not more than 30 hours	10-12 semester hours

FRESHMEN: All freshmen are expected to register for WRI 110 Freshman Composition, in the first year. In addition, all freshmen are expected to register for GED 101, 102 Literature of the Bible, physical education, and a general education sequence in the first year.

A common “rule of thumb” is to anticipate two hours of study for each hour of class. Classes that meet more frequently per week than the credit given will demand less outside study.

■ COURSE ADDITIONS

- After classes begin, a later admission to class must have the approval of the Registrar and consent of the instructor involved on a form available in the Registrar’s Office.
- The last day to add courses or to exercise a pass/no pass option is established in the calendar in this catalog.

■ COURSE WITHDRAWALS

- A student wanting to drop or withdraw from a class or from the College must secure the proper form from the Registrar’s Office. Without the form, an “F” is recorded for all courses involved. There is a fee of \$10 for a course withdrawal, though not for complete withdrawal from the College.
- Withdrawal from a course (with a “W”) must be completed within the first nine weeks of the semester. Beyond this date, a petition to the Vice President for Academic Affairs is required, and cause (emergency conditions) must be established. See calendar in this catalog.

■ THE GRADING SYSTEM

Semester grades are determined by the instructor’s evaluation of the student’s daily participation in class, performance on periodic tests, work on research papers and class projects, and achievement on final examinations. Grade points are assigned for each hour of credit earned according to the following system:

<i>Letter Grade</i>	<i>Meaning</i>	<i>Points Per Semester Hour</i>
A	Superior	4
B	Good	3
C	Average	2
D	Passing but inferior	1
F	Failing	0
I	Incomplete	0
W	Official withdrawal	0
X	No grade reported by instructor	0
P	Pass (average or above)	0
NP	Not passing	0
L	Long-term	0

Plus (+) and minus (–) grades may be designated by a professor and will be entered on the transcript. However, points per semester hour will be calculated in whole numbers.

The grade “I” is allowed if a student incurs illness or unpreventable and unforeseeable circumstances that make it impossible to meet course requirements on time. Request for an “I” grade is initiated with—and approved by—the Registrar. A contract showing the work to be completed and the completion date is prepared in consultation with the instructor and filed with the Registrar. An “I” not completed in one year becomes permanent, and the course must be repeated if credit is desired.

An “L” grade (longterm grade) designates satisfactory progress in a course whose objectives continue for more than one semester. The “L” will be replaced by either a “P” grade or a point-receiving grade. This is not an incomplete or “I” grade.

An “X” grade indicates the instructor did not report a grade to the Registrar’s Office.

A student may repeat a course in which the grade of “D,” “F,” “W” or “I” is received, but the first grade also remains on the record. The cumulative grade point average is computed on the last grade achieved.

THE DEAN’S LIST

Those who achieve and maintain a 3.5 grade point average or above on 12 or more hours of graded work completed by the end of the semester are eligible for the Dean’s List.

PASS/NO PASS POLICY (Undergraduates Only)

A student who has a cumulative GPA of 2.00 or better and who has completed 62 semester hours may choose to take one course per semester on a pass/no pass basis from elective courses outside his or her major and the College’s general education requirements. An application form must be filed with the Registrar no later than the published deadline for exercising the pass/no pass option.

The teacher submits a regular grade to the Registrar, who converts the regular grade of “C” or above into “pass.” A grade below “C” becomes a “no pass” and the course must be repeated on a satisfactory level to receive credit.

Courses offered only on a pass/no pass basis are field experience (e.g., 275/475); WRI 095 English Skills; THE 165/365 George Fox College Players; EDU 375/475 Student Teaching I, II; and Juniors Abroad.

Field experience and Honors Colloquium (GED 271, 272, 371, 372) may be pass/no pass at department option, or in absence of department policy, at the student’s option. All other courses in the College receive grades.

■ ACADEMIC PROGRESS AND ELIGIBILITY

GRADUATE STUDENTS

Graduate students are expected to be aware of the policies related to satisfactory academic progress within their own graduate program. Students are expected to maintain satisfactory academic progress as defined by their degree program.

The student's semester grades with a semester GPA and a new cumulative GPA are posted on the grade report given to the student within two weeks following the close of each semester. The GPA is based on George Fox College credits only.

A student not achieving satisfactory academic progress (as defined by the graduate program in each school) may be academically suspended or dismissed. Students may appeal an academic suspension or dismissal through the Academic Standing Review Committee. All appeals must be made in writing and directed to the College Registrar. Students may be asked to appear before the committee.

UNDERGRADUATE STUDENTS

A student on regular, probation or provisional status is considered to be making reasonable academic progress. The student's semester grades with a semester GPA and a new cumulative GPA are posted on the grade report given to the student within two weeks following the close of each semester. The GPA is based on George Fox College credits only.

To be eligible for student government positions, a student must maintain a GPA of 2.25 or better. To be eligible for intercollegiate athletics, the standards of the National Association of Intercollegiate Athletics must be met.

Whenever the GPA for a given semester is below 2.00, a student receives a warning and is encouraged to contact the academic advisor, who will assist in the development of improved study plans and encourage better use of reading and library skills.

A student is on probation when his or her cumulative grade point average falls below the following standards: 1-15 hours, 1.7; 16-31 hours, 1.8; 32-47 hours, 1.9; 48-62 hours, 2.0. The student is given one semester of probation to achieve the above standard. Beginning freshmen not admitted provisionally are allowed two or three semesters of academic experience before suspension is administered.

In addition to satisfactory grades, for financial aid purposes the student must also show that a degree program will be completed in six years or less given full-time attendance. This means that in addition to enrolling for at least 12 credits each semester, the student must also successfully complete a minimum number of credits each semester.

A student not achieving reasonable progress, as determined by the Academic Standing Review Committee, may be given academic suspension. After one or more semesters have elapsed, the student may apply for readmission, and if admitted, reenter provisionally. The Academic Standing Review Committee also may recommend academic dismissal. Students who are dismissed may not apply for readmission at George Fox College.

The College may suspend or dismiss any student who fails to earn a GPA of at least 1.00 during a semester, regardless of classification or number of hours completed, or any students who become so indifferent that they no longer benefit themselves or the college community.

ACADEMIC APPEALS

Academic actions can be appealed to appropriate college authorities and an Academic Appeals Board. Appeals are taken to be good faith actions that request re-examination of academic decisions. All appeals must be made within limited time frames depending upon the action being appealed. Additional information is available in the Academic Affairs Office.

■ GRADUATION REQUIREMENTS

A student wishing to receive a Bachelor of Arts or a Bachelor of Science degree must meet the following requirements:

1. Accumulate at least 126 semester hours with a minimum grade point average of 2.00. The GPA is computed on work taken at George Fox College only;
2. Accumulate at least 42 upper-division semester hours (courses numbered 300 or above);
3. Complete the general education requirements;
4. Complete a major in a chosen area with no grade below a "C" in upper-division courses;
5. Complete at least 30 semester hours in residency (20 hours must be in senior year; 20 of the last 30 hours must be completed at GFC);
6. Complete at least 10 hours of one's major in residency;
7. File a Student Credit Evaluation form two semesters or 30 hours before anticipated graduation;
8. File an Application for Degree form not later than completion of 100 semester hours toward graduation (normally the semester before expected graduation); and
9. Pay in full all accounts at the Business Office.

In order to participate in commencement and baccalaureate ceremonies, a student must have completed all degree requirements. Exceptions include a student registered for a post-commencement May Term course that is part of the degree program, and a fourth-year engineering student eligible for the B.S. degree in applied science whose first year in a cooperating engineering school may not be completed at the time of the George Fox College commencement.

SECOND DEGREE

A student wishing to receive a second or concurrent degree must meet the following requirements:

1. Complete a minimum of 30 semester hours for the "second" degree above the minimum 126 hours required for the "first" degree;
2. Meet the major and general education requirements for each degree;

3. Be in attendance the last two semesters or 30 hours preceding the awarding of the "second" degree; and

4. Pay an additional \$20 graduation fee if participating in one ceremony; otherwise, pay an additional \$50 graduation fee for the "second" degree.

GRADUATION HONORS

Summa cum laude is awarded to students with a cumulative grade point average of 3.90, *magna cum laude* to those with a 3.70 GPA, and *cum laude* to those with a 3.50 GPA. Transfer students must have completed at least 60 hours at George Fox College to be eligible for honors at graduation.

Honors in the commencement program are computed on grades through the fall semester for spring graduation, and through the previous spring semester for fall graduation. Honors on the final record and transcript are based on all grades received at George Fox College. Rank in class is determined on all grades earned at George Fox College and on any accepted in transfer.

■ FINAL EXAMINATIONS

Students are required to take final examinations as specified in course syllabi. The final examination schedule covers the last four days of each semester. The schedule is printed in the class schedule each year. The entire last week of each semester will be kept free of institutionally sanctioned extracurricular activities, with the exception of prescheduled intercollegiate athletic events. Students wishing to apply for change of final time must apply by the end of the 10th week of classes.

■ ACADEMIC HONESTY

It is assumed that students at George Fox College will endeavor to be honest and of high integrity in all matters pertaining to their college life. A lack of respect and integrity is evidenced by cheating, fabricating, plagiarizing, misuse of keys and facilities, removing books and other property not one's own, defacing and altering, and the disruption of classes.

Cheating is defined as "intentionally using or attempting to use unauthorized materials, information or study aids in any academic exercise." It is assumed that whatever is submitted by a student is the work of that student and is new work for that course. Fabrication is "intentional and unauthorized falsification or invention of any information or citation in an academic exercise or form." Plagiarism is "intentionally or knowingly representing the words or ideas of another as one's own in any academic exercise." One who facilitates any of the above is equally responsible with the primary violator.

Penalties may include restitution, an "F" on an individual paper or exam, loss of campus position or employment, an "F" on a course, disciplinary probation, removal from extracurricular or athletic activities, and suspension.

ADMISSIONS

■ BASIS OF UNDERGRADUATE ADMISSION

The College admits applicants who evidence academic interests and ability, moral character and social concern, and who would most likely profit from the curriculum and Christian philosophy of George Fox College. These qualities are evaluated by consideration of each applicant's academic record, test scores, recommendations, interview reports, and participation in extracurricular activities.

Admission is possible for the opening of any semester.

George Fox College reserves the right of admission or readmission of any student at its discretion.

The College does not discriminate on the basis of age, sex, race, color, national origin or handicap in its educational programs or activities.

■ ADMISSION PROCEDURES FOR FRESHMEN

In order to provide a solid foundation for college-level work, it is recommended that the applicant present the equivalent of 16 academic units from an approved high school. The following units are suggested: English, 4; social studies, 2; science, 2; mathematics, 2; foreign language, 2; and health and physical education, 1.

Approximately 85 percent of the freshman class come with an "A" or "B" high school grade average. The Admissions Committee may offer provisional admission to students with low high school grades and low entrance examination scores.

PROCEDURES

1. Write to the Director of Admissions, George Fox College, 414 N. Meridian, Newberg, Oregon 97132, for information and admissions forms.
2. Complete the Application for Admission and return it to the Admissions Office. Include a nonrefundable application fee of \$30.
3. Request a transcript of academic credit from the secondary school last attended.
4. Have two recommendation forms completed and sent to the Admissions Office: one by a high school principal or counselor and one by a pastor.
5. Submit entrance examination scores. The Scholastic Aptitude Test (SAT) or American College Test (ACT) will be accepted. Tests should be taken in your junior year or early in your senior year. Contact your high school principal or counselor for information concerning these tests.

As soon as an admissions file is completed, the applicant is notified of the Admissions Committee's decision.

6. By June 15, 1995, a tuition deposit of \$150 must be submitted by each new full-time student. This deposit reserves housing and a place in the registration sequence. Until May 1, \$130 is refundable by written request. The spring semester tuition deposit deadline is December 15. Partial refund will be granted until December 1.

7. A health history form is sent to each student who has paid a tuition deposit. This must be completed personally and sent to the address on the form. Registration will not be considered complete without the questionnaire. Immunizations must be documented as indicated on the Certificate of Immunization Status form.

8. If applying for financial aid, it is recommended that a Free Application for Federal Student Aid (FAFSA) be submitted to the appropriate financial aid service as soon after January 1 as possible. Forms may be obtained from high school counseling offices or by writing to the Financial Aid Office at George Fox College. After students have been accepted for admission, they are considered for financial assistance. To permit maximum consideration for financial aid, it is recommended that the application process be completed by March 1.

■ ADMISSION PROCEDURES AND POLICIES FOR TRANSFER STUDENTS

PROCEDURES

1. Write to the Director of Admissions, George Fox College, 414 N. Meridian, Newberg, Oregon 97132, for information and admissions forms.
2. Complete the Application for Admission and return it to the Admissions Office. Include a nonrefundable application fee of \$30.
3. Request an official transcript from each college where previously registered. An applicant may also be asked to furnish a high school transcript.
4. Have two recommendation forms completed and sent to the Admissions Office: one by a college instructor or counselor and one by a pastor.

As soon as an admissions file is completed, the applicant is notified of the Admissions Committee's decision.

5. Transfer students applying for admission during the first year out of high school should submit entrance examination scores. The Scholastic Aptitude Test (SAT) or American College Test (ACT) will be accepted.
6. By June 15, 1995, a tuition deposit of \$150 must be submitted by each new full-time student. This deposit reserves housing and a place in the registration sequence. Until May 1, \$130 is refundable by written request. The spring semester tuition deposit deadline is December 15. Until December 1, \$130 is refundable.
7. A health history form is sent to each student who has paid a tuition deposit. This must be completed personally and sent to the address on the form. Registration will not be considered complete without the questionnaire. Immunizations must be documented as indicated on the Certificate of Immunization Status form.
8. Have the financial aid office at each college previously attended complete a Financial Aid Transcript and return it to the Financial Aid Office at George Fox. The Financial Aid Transcript must be completed whether or not aid was received at these institutions.

9. If applying for financial aid, it is recommended that a Free Application for Federal Student Aid (FAFSA) be submitted to the appropriate financial aid service as soon after January 1 as possible. Forms may be obtained from your college financial aid office or by writing to the Financial Aid Office at George Fox College. After students have been accepted for admission, they are considered for financial assistance. To permit maximum consideration for financial aid, it is recommended that the application process be completed by March 1.

A student must be free from academic or behavioral probation or suspension at all colleges attended previously to be eligible for admission to George Fox College.

POLICIES

Students who have completed work at other educational institutions may be entitled to advanced standing by presenting official transcripts. George Fox College applies the accepted credits toward the general education requirements, electives, and the student's chosen major.

Certain criteria are involved in the evaluation:

1. Only course work with a "C" or better grade will be accepted. (The grade point average does not transfer. A student's GPA is computed on work at George Fox College only.)
2. A maximum of 64 semester hours may be transferred from community colleges. Each course from community college programs, except for courses completed for the Oregon Transfer Associate of Arts (OTAA) degree, is evaluated by the Registrar for application to George Fox College requirements.
3. The Oregon Transfer Associate of Arts degree will satisfy all general education requirements except Bible and religion provided students complete 93 quarter hours (62 semester hours) of transferable credit graded "C" or better. The OTAA degree may not necessarily meet school, department or major requirements with regard to courses or GPA.
4. A maximum of 40 semester hours of Bible and Christian ministries may be applied on a degree in a major other than Bible and Christian ministries.
5. A maximum of 15 semester hours of approved correspondence work may be applied toward a degree program.

Any evaluation of transfer credit is to be considered tentative until the student has completed one semester of no less than 12 hours.

Each student must complete a minimum of 30 semester hours in residence for the bachelor's degree. Twenty hours must be in the senior year.

■ GRADUATE ADMISSIONS

George Fox College offers five graduate programs: a doctoral program in clinical psychology (Psy.D.) and four master's level programs in business administration (M.B.A.), education

(M.Ed.), teaching (M.A.T.), and Christian studies (M.A.C.S.). To be considered for admission, applicants are normally required to have a bachelor's degree from a regionally accredited college or university with a minimum 3.0 grade point average in their last two years of academic work.

Individual graduate programs have unique admission requirements and procedures established by the College. Application information for graduate study is available upon request. Write to the Graduate Admissions Office, George Fox College, 414 N. Meridian St. #6039, Newberg, OR 97132-2697; or request an application by calling (800) 631-0921.

Meeting minimum entrance requirements of a given program does not guarantee admission. Admission may be granted to applicants who do not meet all admission requirements at the minimal level if other indicators suggest probable success in the program.

Standardized admissions examination requirements vary according to program. The Graduate Record Examination (GRE), National Teacher Examination (NTE), and/or the California Basic Educational Skills Test (CBEST) may be required. Information about required tests and testing dates and sites may be obtained from the Graduate Admissions Office at George Fox College.

■ ADMISSION PROCEDURES FOR GRADUATE STUDENTS

Application deadlines for graduate programs vary. Please consult the application packet and program brochure for complete information.

Applicants to graduate programs at George Fox College must submit the following materials to the Graduate Admissions Office:

1. Application for admission to the appropriate program for which admission is sought. (A second application to George Fox College is not required.)
2. \$25 application fee.
3. If applicable, a passing score on the program-required entrance examination (GRE, CBEST and/or NTE). Scores normally must be less than five years old to be acceptable.
4. Official transcripts from post-secondary institutions attended (two official copies are required for the Master of Arts in Teaching program).
5. Three or four recommendations, depending on the program for which admission is sought (forms are included in the application packet).
6. Admission Statement or Writing Sample, as required by the program.

7. An interview is part of the admission process for all graduate programs. Applicants will be contacted by the College if selected for advancement to the interview stage.

8. If applying for financial aid, complete a Free Application for Federal Student Aid and submit it to the processing agency as soon after January 1 as possible. Forms may be obtained by writing to the Financial Aid Office or Graduate Admissions Office at George Fox College. Students are considered for financial assistance after they have been accepted for admission. To permit maximum consideration for financial aid, it is recommended that the application process be completed by May 1.

Refer to application packets or catalog descriptions of individual degree programs for the specific admission requirements.

George Fox College reserves the right to select students on the basis of academic performance and personal qualifications. George Fox College does not discriminate on the basis of age, race, sex, handicap or national or ethnic origin in its educational programs or activities.

■ SERVICES TO PHYSICALLY CHALLENGED STUDENTS

A caring campus community—students, staff and faculty—reaches out helpfully and appreciatively to the disadvantaged. Physically challenged students are welcomed, respected and assisted to grow.

Residence hall rooms on the first floor of Pennington Residence Hall have been designated and equipped for physically challenged student housing as needed. There is access for wheelchairs and accommodation for a guide dog.

Instructional assistance for visually challenged students is available through the learning laboratory and assistance from readers. Where necessary, course requirements are adjusted to extend but not exceed the capability of the student.

Physically challenged students needing accommodations should contact the Registrar's and Student Life offices well in advance of attendance so that specific attention can be made to assist in providing living arrangements and learning materials.

■ INTERNATIONAL STUDENTS

George Fox College is authorized under federal law to enroll nonimmigrant alien students. Prospective students who are not United States citizens are encouraged to apply early. To be considered for admission, an international student must complete all general admissions procedures required of American students and submit a Declaration of Finances form or demonstrate adequate funds by a certified bank statement. Immunizations must be up-to-date and documented.

International students (F-1 visa students or J-1 visa students) must show proficiency in the English language by posting a score on the Test of English as a Foreign Language (TOEFL) of at least 500 and a score on the Test of Written English of at least 4. Students with a score between 500 and 550 will be provided a one-hour tutorial during their first semester at George Fox College to improve their ability to write in English and to develop more effective study strategies. Students not showing proficiency at the above-described levels may apply for admission to the George Fox College English Language Institute (see page 35).

■ **READMISSION OF FORMER STUDENTS**

To apply for readmission after an absence of one or more semesters, a student should request an Application for Readmission from the Admissions Office. If two or more years have elapsed, he or she must meet any new or revised graduation requirements and may be asked to go through regular admission procedures.

By June 15, 1995, a \$150 tuition deposit must be submitted by each readmitted student. Until May 1, \$130 is refundable. The spring semester tuition deposit deadline is December 15. Until December 1, a partial refund will be granted.

Students who drop out to attend another program risk acceptance of that credit on return unless such has been approved by the Registrar prior to leaving.

■ **PART-TIME STUDENTS**

Individuals who would like to take less than a full-time load (1-11 hours) may apply as a part-time student. Application forms and counseling regarding courses are available in the Registrar's Office. Applicants are required to pay the non-refundable \$30 application fee, and tuition is based on the current per-credit-hour rate.

■ **HOME SCHOOL STUDENTS**

Students who attended home school during their high school years may be admitted to the College by following the admissions procedures for freshmen. At the discretion of the Director of Admissions, a General Education Development (GED) Test will be required if a transcript is not available or is in question. Home school students are considered for performance grants and scholarships.

■ **HIGH SCHOOL NONGRADUATES**

An adult whose high school preparation is incomplete may be admitted on the basis of the General Education Development Test, provided the average standard score is at least 53 with no one score below 48. A high school or two-year college counseling center can supply details.

■ **AUDITORS**

By permission of the Director of Admissions and the Registrar's Office, it is possible to audit classes. Auditors pay a reduced tuition fee. Students do not complete course requirements, and no college credit is earned.

■ **OLDER ADULTS**

Any person 62 years of age or older may enroll in traditional undergraduate courses for credit or audit without a tuition charge. A service fee of \$20 per semester is required, plus a fee for materials if such are essential to the course. A small charge may be necessary for continuing education courses in which

the primary enrollment is older adults. Unless limited by space, equipment or essential background, all courses are open. Application is through the Registrar's Office. Counseling in regard to courses is available in the Registrar's Office. This privilege does not apply to enrollment in the management of human resources program, nor in graduate courses.

■ EARLY ADMISSION OF HIGH SCHOOL STUDENTS

An early admissions program is available to qualified high school students. This permits study at George Fox College while a student completes a high school program.

ELIGIBILITY REQUIREMENTS

- An applicant must have completed the junior year of high school.
- An applicant who has completed the senior year of high school is not eligible.
- Early admission students must receive grades of "C" or better to remain in the program.

APPLICATION PROCEDURES FOR EARLY ADMISSION

1. Contact the Admissions Office for admissions forms.
2. Complete the Application for Admission and return it to the Admissions Office with the \$30 application fee and indicate your choice of courses.
3. Request a transcript of academic credit from the secondary school attending.
4. Have two recommendation forms completed and sent to the Admissions Office, one by a high school principal or counselor and one by a pastor.
5. Upon completion of the application, an applicant will be notified concerning admission and registration.
6. Only one course of no more than four hours may be taken during any regular semester, unless a lightened high school load is possible.
7. Early admission students in good standing are automatically admitted to the College upon graduation from high school. All additional credentials must be received before college enrollment.

COST AND CREDIT

- Early admission students may take a maximum of 12 semester hours work with a tuition charge of \$35 per credit hour.
- Credit during early admission may be applied to degree programs at George Fox College without additional charge.

- Credit earned during early admission may be transferred to other colleges or universities upon payment of regular tuition and fees in effect at the time the course was taken.

- After the completion of 60 semester hours (two years) at George Fox College, a student may transfer the hours taken during early admission without an additional payment.

■ ADVANCED PLACEMENT – HONORS PROGRAM

Past learning and present ability may recommend that course work begin at an advanced level. This may involve granting of credit or waiving certain prerequisites or college requirements. See "Exemptions and Waivers," page 26; "Course Challenge Programs," page 15; and "Intensified Studies Program," page 22.

■ CAMPUS VISITATION

Students interested in enrolling at George Fox College are encouraged to visit the campus, preferably when classes are in session. A visit provides an opportunity to observe classes, see the campus facilities and talk with students and professors. It also will give college personnel an opportunity to get to know the student better. When possible, visits should be arranged five days in advance through the Admissions Office, which is open on weekdays, 8:00 a.m. to 5:00 p.m.

Prospective graduate students may arrange campus visits by contacting the Graduate Admissions Office at (800) 631-0921.

■ SPOUSE ENROLLMENT PROGRAM

Spouses of full-time undergraduate and graduate George Fox College students may take courses, without credit, at a reduced rate. After completing a part-time application form and paying a \$30 fee, the spouse may take up to two courses per semester for \$15 a course.

If the spouse would like credit for the class at a later date, the prevailing tuition charge for the courses at the time they were taken would need to be paid.

FINANCES

George Fox College maintains high educational standards at the lowest possible cost. The individual student pays about 74 percent of the actual cost of education. The remainder of the cost is underwritten by gifts from alumni, friends, churches, businesses and institutions. An extensive financial aid program assists students in meeting college costs.

The Board of Trustees reserves the right to adjust charges at any time, after giving due notice. No changes will be made during a semester, nor, unless special circumstances make such action necessary, will changes be made during a given academic year.

* *Telephone charge included*

■ SCHEDULE OF REQUIRED DEPOSITS

New full-time students are required to pay a \$150 tuition deposit by June 15. This deposit will be applied against the first-semester tuition.

All new full-time students are required to pay a continuing deposit of \$100 at registration. This deposit is designed to cover student-caused damage, fines, etc., and will be permanently maintained at that balance so long as the student is enrolled. Upon withdrawal, any remaining balance will be refunded to the student as explained under "Refund Policy" on page 124.

■ HOUSING DEPOSIT FOR RETURNING STUDENTS

1. All students, except graduating seniors, who will live in College-owned housing during the upcoming year will be required to pay a \$100 housing deposit to secure their housing assignment.
2. This deposit will be payable to the Student Accounts Office midway through spring semester. (Date will be published from the Student Life Office.)

3. The deposit will not be refundable. In the case that a student returns to GFC in the fall and occupies College-owned housing, the deposit will be credited toward his or her account for the fall semester. In the case that a student does not return to GFC and/or does not occupy College-owned housing, the deposit will be forfeited.

At the time the housing deposit is paid, students must be current on their existing accounts to be eligible to participate in housing sign-ups for the following year. Please see the Student Accounts Office if you have questions about your account.

■ FINANCIAL ARRANGEMENTS

All charges made by the College are due prior to the beginning of each semester or may be made on an installment basis by either annual or semester plans. Students receiving scholarships, grants or loans must complete all necessary arrangements well in advance of registration. Students who are securing a loan from financial institutions or agencies (e.g., a federally insured bank loan) that may still be pending at the time of registration must have a letter of commitment from the lender acceptable to the College. Service charges will be made on unpaid accounts even though a loan is pending, so the loan application process should be started early.

Earnings from work-study jobs are given directly to the student. These jobs are not guaranteed, therefore the earnings cannot be credited to a student account in advance. Interest will be charged on accounts being paid from work-study earnings.

Payment for May Term and summer tuition is due in full when billed.

Students may be asked to leave at any time during a semester if appropriate arrangements have not been made at the beginning of the semester or if the student becomes delinquent on installment payments.

RESTRICTIONS

The College will withhold transcript of records and diploma until all college bills have been paid. Students will not be permitted to register for a new semester, including May Term, Juniors Abroad and summer field experience, until all bills are paid for the previous session.

REFUND PROCEDURE

Students entitled to refunds for withdrawal from a class or withdrawal from the College must complete the appropriate form, available from the Registrar's Office.

Upon *completion* of the form, it should be taken to the Student Accounts Office, where the refund, if any, will be determined according to the following refund policy.

REFUND POLICY

Refunds on applicable charges will be made at withdrawal within a semester from a course or the College, based on the following refund schedule. *The date on which the student completes the official withdrawal process will determine the amount of the refund.* In the case of complete withdrawal from the College during a semester, a minimum of \$100 will be retained by the College to cover the costs of registration and processing.

In the case of cancellation of preregistration for fall semester, a minimum of \$100 will be charged by the College to cover the costs of registration and processing if the Registrar's Office is not notified by July 15; for spring semester, notification must be made before the first day of the semester to avoid the minimum charge. In order to receive a refund of the \$100 continuing deposit, notification must be made by July 15 for fall semester or, for spring semester, before the first day of classes. The deposit may be held up to 30 days past the end of the semester in which the student graduates or withdraws, pending receipt by the Student Accounts Office of any fines, penalties or other charges. If there is an outstanding balance on the student's account, the refund will be applied to that balance.

If the minimum \$100 withdrawal charge applies, that part of the \$100 continuing deposit not used for housing fines or other outstanding charges may be applied against the \$100 withdrawal charge.

Refunds for tuition and board charges after the start of a semester will be made according to the following schedule:

First week of classes.....	100%
(Less \$100 minimum charge)	
Second week	90%

- No refund of room charges will be made after the first week of classes.
- No refund of tuition and room will be made to students who have been dismissed. Board refund will follow the schedule above.
- Refunds for student body membership fees will be made by the Student Government.
- Refunds for departmental fees will be made according to the amount of the fee still unused. If none of the fee has been used, all of it will be refunded.
- Refunds for tuition deposits will not be given after May 1 for fall semester or after December 1 for spring semester.

- Refunds for school insurance fees will be made only if the withdrawal takes place prior to the sending in of the insurance premium. Thereafter, no refund will be given.
- Financial aid awarded will be adjusted according to federal guidelines for students who withdraw or reduce their course load to less than full time.
- For first-time students, if Title IV government financial aid is involved, a separate schedule will be followed. This information is available through the Student Accounts or Financial Aid offices.

■ FINANCIAL AID

BASIS OF STUDENT AID

Each family should expect to make every reasonable financial adjustment to provide as much support as possible for college expenses. Financial aid to supplement the family's efforts will be offered under three basic conditions: (1) in consideration of the student's/family's financial need as demonstrated by a uniform method of analysis; (2) in consideration of a student's academic potential, personal interests and abilities, and promise for future leadership; and (3) availability of college funds.

With few exceptions, students must be enrolled full time (at least 12 credits per semester—graduate students, eight credits per semester) to receive financial aid. They must also meet eligibility requirements of the programs from which they receive assistance. Such requirements include maintaining satisfactory academic progress toward a degree, maintaining a minimum grade point average, having financial need and other specific conditions of federal, state or college regulations.

AWARDS BASED UPON FINANCIAL NEED

Financial need is determined by a uniform method of analysis of information the family provides on the Free Application for Federal Student Aid. The need analysis helps the College determine the contribution the family is expected to make. The difference between this family expectation and the cost of attendance at the College is the "need" that financial aid attempts to fill.

Financial assistance awarded by George Fox College takes the form of grants, loans and employment. "Need-based" financial assistance comes from the state or federal government and from the College. Students awarded federal and state aid are subject to the laws regulating those programs. For instance, all federal and state assistance requires signed statements from the recipient attesting that the funds will be used only for educational purposes, that the student is not in default on any government loan nor owing a refund on any government grant, and that the student has registered with the Selective Service or that he or she is not required to do so.

The total financial aid package—including all grants, scholarships and loans—may not exceed the amount of need when federal program funds are included.

Virtually every student in the College who can demonstrate need is awarded funds (grants, loans and/or employment) to assist in meeting the cost of attendance.

AWARDS BASED ON ACADEMIC POTENTIAL, PERSONAL INTERESTS AND QUALITIES, AND PROMISE OF FUTURE LEADERSHIP

Many awards for potential academic and other performance abilities, and for personal qualities and affiliations, may be given without considering the financial need of recipients. Many scholarships and grants are available to students who have proven ability in college. Others, such as the honors scholarships, are awarded to both new and returning students.

SCHOLARSHIPS, GRANTS, LOANS AND STUDENT EMPLOYMENT

FEDERAL AND STATE GRANT PROGRAMS

The Federal Pell Grant and the Oregon State Need Grant programs award funds to students on the basis of eligibility standards set by federal and state regulations. The Federal Supplemental Educational Opportunity Grant is funded by the federal government and awarded to students according to eligibility standards set by both the government and the College. Funds from these programs are available only to students who can demonstrate relatively high need.

COLLEGE GRANTS

The College awards funds to needy students to supplement funds provided by the federal and state programs. If eligible on the basis of financial need, a student with insufficient state or federal funds may receive a GFC grant.

HONORS PROGRAM

Honors scholarships are granted each academic year to a limited number of qualified students. Financial need is *not* a criterion for any of the honors scholarships.

The **Presidential Scholarship** is a \$7,250 renewable scholarship awarded to National Merit semifinalists. Continuation of the award requires the student to meet criteria for the Benson Scholarship, as well as an annual review by the Scholarship Committee.

The **Benson Scholarship** is a \$3,400 renewable scholarship first provided in 1973 through a trust from Mr. and Mrs. Thomas Benson. New recipients must have a predicted college GPA of 3.75 based upon high school GPA and Scholastic Aptitude Test (SAT) or American College Testing (ACT) Program test scores. They must also meet high standards of personal, social and extracurricular achievement. Candidates are recommended by the Director of Admissions. Continuation in the program requires a cumulative GPA of 3.65.

The **George Fox College Science Scholarship** is a \$3,000 renewable scholarship for science majors who have a predicted GPA of 3.5 out of high school. Candidates are recommended by the Admissions Office and approved by the science department. Students apply by March 15. The application process includes SAT scores, seven-semester transcript, and a letter of recommendation from a high school science teacher. Continuation requires a 3.5 GPA.

The **Duke Scholarship** is awarded to academically talented students who also have outstanding leadership capabilities. The stipend of \$2,100 is given to students with a predicted GPA of at least 3.70 based upon high school GPA and SAT or ACT scores.

The **Elizabeth Carey Minas Scholarship** is awarded to academically talented students who have a predicted college GPA of 3.65 based upon high school GPA and SAT or ACT scores. The scholarship carries an annual stipend of \$1,900, and continuation requires a cumulative GPA of 3.65.

Honors on Entrance Scholarships, which carry a stipend of \$1,400, are awarded to students who have a predicted college GPA of 3.5 based upon high school GPA and SAT or ACT scores. Continuation requires a cumulative GPA of 3.5.

The **Academic Achievement Award** is granted to students who have demonstrated outstanding academic achievement as their high school valedictorian or salutatorian. It is also awarded to a limited number of students whose predicted GPA falls just below the criteria for an Honors on Entrance Scholarship. This award, ranging from \$650 to \$1,300, is not renewable, but students who achieve a cumulative GPA of 3.5 automatically become eligible for one of the other honors scholarships.

Students already enrolled may become eligible for the **College Honors** or **Elizabeth Carey Minas** or **Duke Scholarships** if they meet the minimum criteria and are recommended by the faculty and if funds are available. Students are eligible for only one honors scholarship at a time. However, a small number of the highest-ranking students are selected to enter the Intensified Studies Program, which carries a small stipend to help highly qualified students pursue independent study.

ATHLETIC, DRAMA AND MUSIC SCHOLARSHIPS

A limited number of awards are made each year to talented students who show promise of achievement in athletics, drama and music. To be eligible, applicants must have satisfactory academic records and unusual proficiency in one or more of the above fields. Auditions or personal interviews usually are required of applicants.

MINORITY GRANTS

African-American Student Awards and **Hispanic-American Student Awards** of \$2,500 are offered to students who meet academic qualifications. Applicants of other selected minority groups (as well as African-Americans and Hispanic-Americans who do not receive the above awards) may receive the \$1,000 **Minority Student Award**.

SPECIAL GRANTS

A limited number of grants are offered to encourage and enable special groups of students to attend George Fox College. Grants of \$1,500 each are awarded to dependents of active ministers and missionaries. Any entering freshman student from California with a high school GPA of at least 3.0 may receive a grant of \$1,250. Any student from a Friends or Evangelical Church of North America church with a high school GPA of 3.0 or a combined SAT score above 1000 may receive a grant of \$1,250. These grants are not based upon financial need. Stipends may be reduced somewhat for students who are eligible for more than one of these grants. Continuation of the **California Student Grant** or the **Friends/ECNA Student Grant** requires a cumulative college GPA of at least 3.0.

CHURCH/COLLEGE FELLOWSHIP AWARDS

The College has established **Church/College Fellowship Awards** to assist churches in encouraging their young people

to attend George Fox College. The church may make a gift of any amount to the College for credit to a specific student's account. The College will then match up to \$500 of the gift for any such students, and up to \$600 for juniors and seniors who are preparing for Christian service. Gifts may be made for any number of students from a church. The gifts must be an official act of the church rather than from individual church members. The deadline is October 1. Applications will be supplied upon request.

TRAVEL GRANTS AND FAMILY DISCOUNTS

Any student whose home is over 500 miles from the campus may be eligible for a travel grant. The amount of the grant is \$200 and is credited to a student's spring semester account.

Tuition discounts equal to approximately five percent of tuition will be granted to second and additional family members when more than one member of the same family is enrolled at the College at the same time.

OTHER SCHOLARSHIPS AND GRANTS

A portion of the College's endowment fund is designated for the scholarship program. The scholarships and grants listed below are funded by endowments provided by friends of the College. Except as noted, these scholarships are awarded to returning students only. Amounts may vary from year to year.

The **Wilhite Music Scholarship** of \$500 is to assist a student majoring in music.

It is the hope of the College that recipients of these funds will someday desire to add to the scholarship endowment fund and designate gifts for this purpose.

LOANS

The Federal Perkins Loan (previously the National Direct Student Loan) is awarded to students who demonstrate high need. Application is made directly to the College.

The College participates in the Federal Direct Student Loan program for the Federal Stafford Loan, the Federal Unsubsidized Stafford and the Federal Parents Loan for Undergraduate Students (PLUS). Eligibility for the Stafford and the Unsubsidized Stafford is determined by filling out the Free Application for Federal Student Aid, as well as by student status. Parents wishing to borrow through the PLUS program may request an application through the Financial Aid Office.

When other funds are not available, loans place the responsibility for financing higher education on the student or parent. Families are encouraged to be cautious when applying for loans but to consider the value of receiving financial assistance when needed and of paying some of the cost of education later when they are better able to do so. The College expects loans to be a significant part of the usual financial aid award, but the family must decide whether the loans are necessary based upon their financial situation.

EMPLOYMENT

On-campus employment constitutes a significant resource for students who have documented financial need. A need analysis form must be on file to determine eligibility for employment. Most student employment is subsidized through the Federal College Work-Study Program. A limited number of employment positions are given to students who do not qualify for the federal work funds.

GOVERNMENTAL FUNDS AND PROVISIONS

Prospective and enrolled students may request and receive information from the Director of Financial Aid and the financial aid staff concerning available financial assistance and student consumer information.

Financial resources are supplied by the federal government through Title IV of the Higher Education Act of 1965 as amended. This aid includes the Pell Grants, Supplementary Educational Opportunity Grants, the Perkins Loan/Direct Loan Program, the Guaranteed Student Loan Program, Parents Loan for Undergraduate Students, and the Federal Work-Study Program. Other grants are contributed by the state of Oregon for eligible residents and by the College through its general fund and private donors. Students may inquire about eligibility for aid, criteria for selection, award amounts, and rights and responsibilities.

COMPLIANCE WITH FEDERAL LAWS AND REGULATIONS

The College does not discriminate on the basis of age, sex, race, color, national origin or handicap in its educational programs or activities, including employment, and is required by federal law not to discriminate in such areas. The College also is in compliance with the Family Education and Privacy Act of 1974.

The following offices may be contacted for information regarding compliance with legislation:

Director of Admissions: student consumer information

Vice President for Finance: wage and hour regulations, The Civil Rights Act of 1964 (race, color or national origin), and age discrimination

Vice President for Student Life: Title IX (nondiscrimination on the basis of sex)

Director of Financial Aid: Title IV (Higher Education Act of 1965 as amended), student consumer information, the Pell Program, Supplementary Educational Opportunity Grants, the Perkins Loan/Direct Loan Program, the Stafford Loan Program, the Parents Loan for Undergraduate Students Program, and the Supplemental Loans for Students Program

Registrar: Rehabilitation Act of 1973, veterans' benefits, Immigration and Naturalization Act, and the Family Educational Rights and Privacy Act

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

George Fox College accords all the rights under the Family Educational Rights and Privacy Act (FERPA) to students who are enrolled. No one shall have access to, nor will the institution disclose any information from, students' education records without the written consent of students except to personnel within the institution with direct educational interest, to persons or organizations providing students' financial aid, to accrediting agencies carrying out their accreditation function, to persons in compliance with a judicial order, and to persons in an emergency in order to protect the health or safety of students or other persons. All these exceptions are permitted under the Act.

Within the George Fox College community, only those members, individually or collectively, acting in the students' direct educational interest are allowed access to student educational records. These members include personnel in the student services offices and academic personnel within the limitation of their "need to know" as determined by the Registrar.

At its discretion, George Fox College may provide "directory information" in accordance with the provisions of the Act. The College construes the following information to be "directory information": the student's name, campus and home address, telephone number, date and place of birth, participation in officially recognized activities and sports, dates of attendance, degrees and awards received, denominational or religious preference, the most recent previous school attended, and for members of athletic teams, height, weight and position played. The College also considers photographs to be Directory Information. As such, release of photographs also is provided.

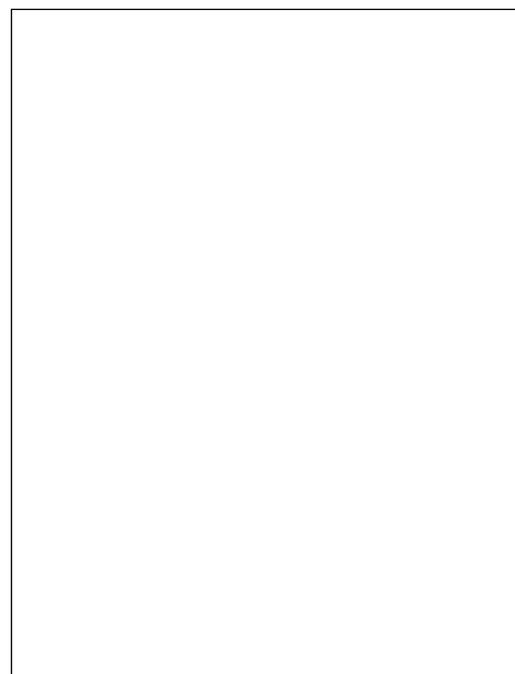

Students may restrict the release of their directory information to third parties by annually submitting a signed and dated statement to the Registrar's Office. Otherwise, all photographs and information listed above will be considered as "directory information" according to federal law. Non-directory information, notably grade records, are released to third parties only on written request of the student.

The law provides students the right to inspect and review information contained in their education records, to challenge the

contents of their education records, to have a hearing if the outcome of the challenge is unsatisfactory, and to submit explanatory statements for inclusion in their files if they feel the hearing panel's decisions are unacceptable. The Registrar's Office at George Fox College has been designated by the institution to coordinate the inspection and review of procedures for student education records, which include admissions, personal and academic files, and academic, cooperative education and placement records. Students wishing to review their education records must give a written request to the Registrar listing the item or items of interest. Only records covered in the Act will be made available within 45 days of the request.

Students may have copies made of their education records with certain exceptions. These copies will be made at the student's expense at prevailing rates. Education records do not include student health records, employment records, alumni records, or records of instructional, administrative and educational personnel that are the sole possession of the maker and are not accessible or revealed to any individual except a temporary substitute. Health records, however, may be reviewed by physicians of the student's choosing.

Students *may not* inspect and review the following as outlined by the Act: financial information submitted by their parents; confidential letters and recommendations associated with admissions, employment or job placement, or honors to which they have waived their rights of inspection and review; or education records containing information about more than one student, in which case the institution will permit access only to that part of the record which pertains to the inquiring student.

DRUG-FREE ENVIRONMENT

George Fox College is concerned about the intellectual, physical, psychological and spiritual well-being of all its students and employees. The community recognizes the danger to one's physical and psychological well-being presented by the use of certain products. Therefore, members of the community are prohibited from using tobacco in any form, alcoholic beverages, and illicit or non-prescribed drugs and substances (including marijuana or narcotics). Under no circumstances are the above to be used, possessed or distributed on or away from campus. Community members also are expected not to abuse the use of legal substances. For information concerning disciplinary actions, please refer to the student and employee handbooks.

DISABLED STUDENTS

The Registrar's Office coordinates services for disabled students. The Office also promotes campus awareness of issues and needs of disabled students. Supportive services can be provided, depending on the nature of the disability and availability of resources. Documentation of an existing disability may be required.

Specific courses on career exploration, study skills and writing development are available. Special adaptive physical education classes for students with disabilities are offered through the Health and Human Performances Department.

Interested students should contact the Registrar's Office and provide documentation of disability and information concerning desired accommodations. Students are encouraged to contact the Registrar as early as possible to make arrangements for necessary support services.

DISCLOSURE OF USES FOR SOCIAL SECURITY NUMBERS

Providing one's social security number is voluntary. If a student provides it, the College will use his or her social security number for keeping records, doing research and reporting. The College will not use the number to make any decision directly affecting the student or any other person. A student's social security number will not be given to the general public. Students who choose not to provide their social security numbers will not be denied any rights as a student. A statement in the class schedule describes how social security numbers will be used. Providing one's social security number means that the student consents to use of the number in the manner described.
