Program (COE-GSC) - Master of Arts in Clinical Mental Health Counseling

University Mission: George Fox University, a Christ-centered community, prepares students spiritually, academically, and professionally to think with clarity, act with integrity, and serve with passion.

Program Mission: The Graduate Department of Counseling, grounded in and shaped by our commitment to an integrated understanding of the Christian faith and mental health, exists to train graduate level clinicians. Through rigorous academic and clinical training we seek to promote the personal professional development of students, with the goals of promoting relational, psychological, physical and spiritual wholeness of individuals, couples, families, organizations, and communities. The conceptual framework of the program is based upon theory and research that supports a developmental systematic approach to facilitate the growth and well-being of clients.
